DAHONPA Rock Girl Bear Micro Building Blocks Set (Model gt029) Instruction Manual

Brand: DAHONPA | Model: gt029

1. INTRODUCTION

Thank you for choosing the DAHONPA Rock Girl Bear Micro Building Blocks Set. This manual provides detailed instructions for assembling your model, along with important safety information and care guidelines. This set contains 7220 micro building blocks designed to create a unique Rock Girl Bear figure.

Please read this manual carefully before beginning assembly to ensure a smooth and enjoyable building experience.

2. SAFETY INFORMATION

WARNING: SMALL PARTS. This product contains small parts which may pose a choking hazard for children under 3 years of age. Adult supervision is recommended during assembly, especially for younger builders.

- Recommended age for assembly: 8 years and up.
- Keep all packaging materials away from children.
- Do not ingest any parts.
- Handle parts with care to avoid breakage.

3. PARTS LIST

Your DAHONPA Rock Girl Bear Micro Building Blocks Set includes approximately 7220 individual micro building blocks. Before starting assembly, carefully open all bags and verify that all components are present. Refer to the included detailed parts diagram in the separate printed instruction booklet for a complete list and visual identification of each piece.

If any parts are missing or damaged, please refer to the "Customer Support" section for assistance.

4. ASSEMBLY INSTRUCTIONS

Assembly of the DAHONPA Rock Girl Bear model requires patience and attention to detail. Follow the step-by-step instructions provided in the separate printed instruction booklet included with your set. The general process involves:

1. **Preparation:** Clear a well-lit, flat workspace. Organize your micro blocks by color and size as indicated in the instruction booklet.
2. **Foundation:** Begin by constructing the base of the model, typically starting with the feet or lower body sections.
3. **Layer by Layer:** Micro blocks are assembled layer by layer. Carefully follow the diagrams, ensuring each block is securely connected to the previous one.
4. **Component Assembly:** Build individual components such as the head, arms, and accessories separately, then attach them to the main body as instructed.
5. **Verification:** After completing each major step, compare your progress with the diagrams in the instruction booklet to ensure accuracy.

The assembly process is designed to be engaging and can help develop hand-eye coordination.

5. DISPLAYING YOUR MODEL

Once assembled, your DAHONPA Rock Girl Bear model is suitable for display. Its stable structure allows for long-term exhibition. Choose a flat, stable surface away from direct sunlight and extreme temperatures to preserve the color and integrity of the blocks.

Multi-angle display

6. MAINTENANCE AND CARE

To maintain the appearance of your DAHONPA Rock Girl Bear model:

- **Cleaning:** Gently dust the model with a soft, dry cloth or a soft brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** If disassembling for storage, keep all blocks in a sealed container to prevent loss and protect them from dust.
- **Avoid Chemicals:** Do not use harsh chemicals or abrasive cleaners, as these can damage the plastic and fade the colors.

7. TROUBLESHOOTING

Missing or Damaged Parts:

If you discover any missing or damaged parts during assembly, please contact DAHONPA customer support immediately. Provide a clear description of the missing parts, ideally referencing the part numbers or images from the included instruction booklet. We will arrange for replacement parts to be sent to you.

Assembly Difficulties:

If you encounter difficulties during assembly, review the previous steps in the instruction booklet. Ensure all blocks are oriented correctly and fully pressed into place. Micro blocks require precise alignment. Do not force blocks together, as this may cause damage.

8. SPECIFICATIONS

Feature	Detail
Brand	DAHONPA
Model Number	gt029
Number of Pieces	Approximately 7220
Recommended Age	8 years and up
Assembled Dimensions (Approximate)	Height: 43cm (16.93in), Width: 24cm (9.45in), Depth: 13cm (5.12in)
