DG Casa Lottie Queen Bed Frame Instruction Manual

INTRODUCTION

This manual provides comprehensive instructions for the assembly, safe use, maintenance, and troubleshooting of your DG Casa Lottie Queen Bed Frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- **Weight Capacity:** Do not exceed the maximum weight capacity of 900 lbs (408 kg) for this bed frame.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as necessary.
- Keep small parts and packaging materials away from children during assembly.
- Assemble the bed frame on a soft, clean surface to prevent damage to the product or your floor.
- Do not stand or jump on the bed frame.

PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

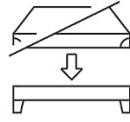

- Headboard

- Footboard
- Side Rails (2)
- Wooden Slats
- Center Support Bar(s) (if applicable)
- Support Legs (for slats/center bar)
- Hardware Pack (bolts, washers, nuts, Allen wrench)

ASSEMBLY INSTRUCTIONS

Assembly is required for this bed frame. It is recommended that two adults assemble this product. All necessary hardware and tools (Allen wrench) are included.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to identify them against the parts list.
2. **Attach Side Rails to Headboard:** Align the side rails with the pre-drilled holes on the headboard. Insert bolts and tighten them securely using the provided Allen wrench. Do not overtighten.
3. **Attach Side Rails to Footboard:** Repeat the process for attaching the side rails to the footboard, ensuring a snug fit.
4. **Install Center Support (if applicable):** If your model includes a center support bar, attach it according to the specific instructions provided in your hardware pack.
5. **Place Wooden Slats:** Position the wooden slats evenly across the bed frame. Many slats are connected by fabric straps for easy spacing. Secure the slats to the side rails using the pre-drilled holes and screws, if provided.
6. **Final Tightening:** Once all components are in place, go back and ensure all bolts and screws are fully tightened.

BOX SPRING NOT NEEDED

10" mattress recommended

Detail image showing the bed frame's corner bracket and wooden slats, illustrating that a box spring is not required.

View of the wooden slat system within the bed frame, designed to support a mattress directly.

USAGE AND CARE

Mattress Recommendation

- This bed frame is designed for use with a Queen size mattress.
- A mattress thickness of approximately 10 inches is recommended for optimal aesthetic and comfort.
- A box spring is not required due to the robust wooden slat support system.

QUEEN SIZE

dimensions

10" MATTRESS THICKNESS
RECOMMENDED

Diagram showing the dimensions of the Queen size bed frame: 87.0 inches length, 69.7 inches width, and 42.5 inches height, with a recommended 10-inch mattress thickness and 900 lbs weight capacity.

Product Care Instructions

- Avoid the use of abrasive cleaners, harsh chemicals, or strong detergents, as these can damage the fabric and finish.
- Wipe down the upholstered surfaces with a soft, damp cloth using mild soap and water. Blot spills immediately.
- For general cleaning, vacuum the fabric regularly using an upholstery attachment to remove dust and debris.
- Keep the bed frame away from direct sunlight and heat sources to prevent fading or material degradation.

TROUBLESHOOTING

Common Issues and Solutions

- **Squeaking Noises:**

Check all bolts and screws for tightness. Re-tighten any loose connections. Ensure slats are properly seated

and not rubbing against the frame. Verify that the mattress is correctly positioned.

• **Instability/Wobbling:**

Ensure the bed frame is assembled on a flat, level surface. Verify that all legs are making full contact with the floor. Re-check all hardware connections for tightness.

• **Slats Shifting:**

Confirm that the slats are correctly installed and, if applicable, secured with screws to the side rails. Ensure the mattress is evenly distributed over the slats.

SPECIFICATIONS

Model Number	70550-Q-MCH
