2. IMPORTANT SAFETY INFORMATION

WARNING: Failure to follow these safety instructions may result in injury or property damage.

- Always assemble the cabinet on a stable, level surface.
- Do not exceed the weight limit of 150 pounds (68 kg) per shelf.
- Be cautious of pinch points when adjusting shelves.
- Always use appropriate safety gear when assembling or disassembling the cabinet.
- To prevent tipping, especially in households with children or pets, secure the cabinet to a wall using the provided anti-tipping hardware.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Cabinet Panels (Top, Bottom, Sides, Back)
- Doors (2)
- Adjustable Shelves (4)
- Adjustable Feet (4)
- Door Handles/Pulls (2)
- Magnetic Door Catches
- Assembly Hardware (screws, bolts, etc.)
- Anti-Tipping Hardware
- Instruction Manual

4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward. Follow these steps carefully. It is recommended to have two people for assembly.

Step 4.1: Prepare the Base

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Attach the adjustable feet to the bottom panel of the cabinet. Ensure they are securely tightened.

Step 4.2: Assemble the Frame

1. Connect the side panels to the bottom panel using the provided hardware.
2. Attach the back panel to the assembled sides and bottom.
3. Secure the top panel to complete the main frame structure.

Step 4.3: Install Shelves

1. Insert the shelf support pins into the desired holes on the side panels.
2. Place the adjustable shelves onto the support pins. The shelves can be repositioned later as needed.

METAL KITCHEN PANTRY cabinet storage storage cabinets with doors and shelves

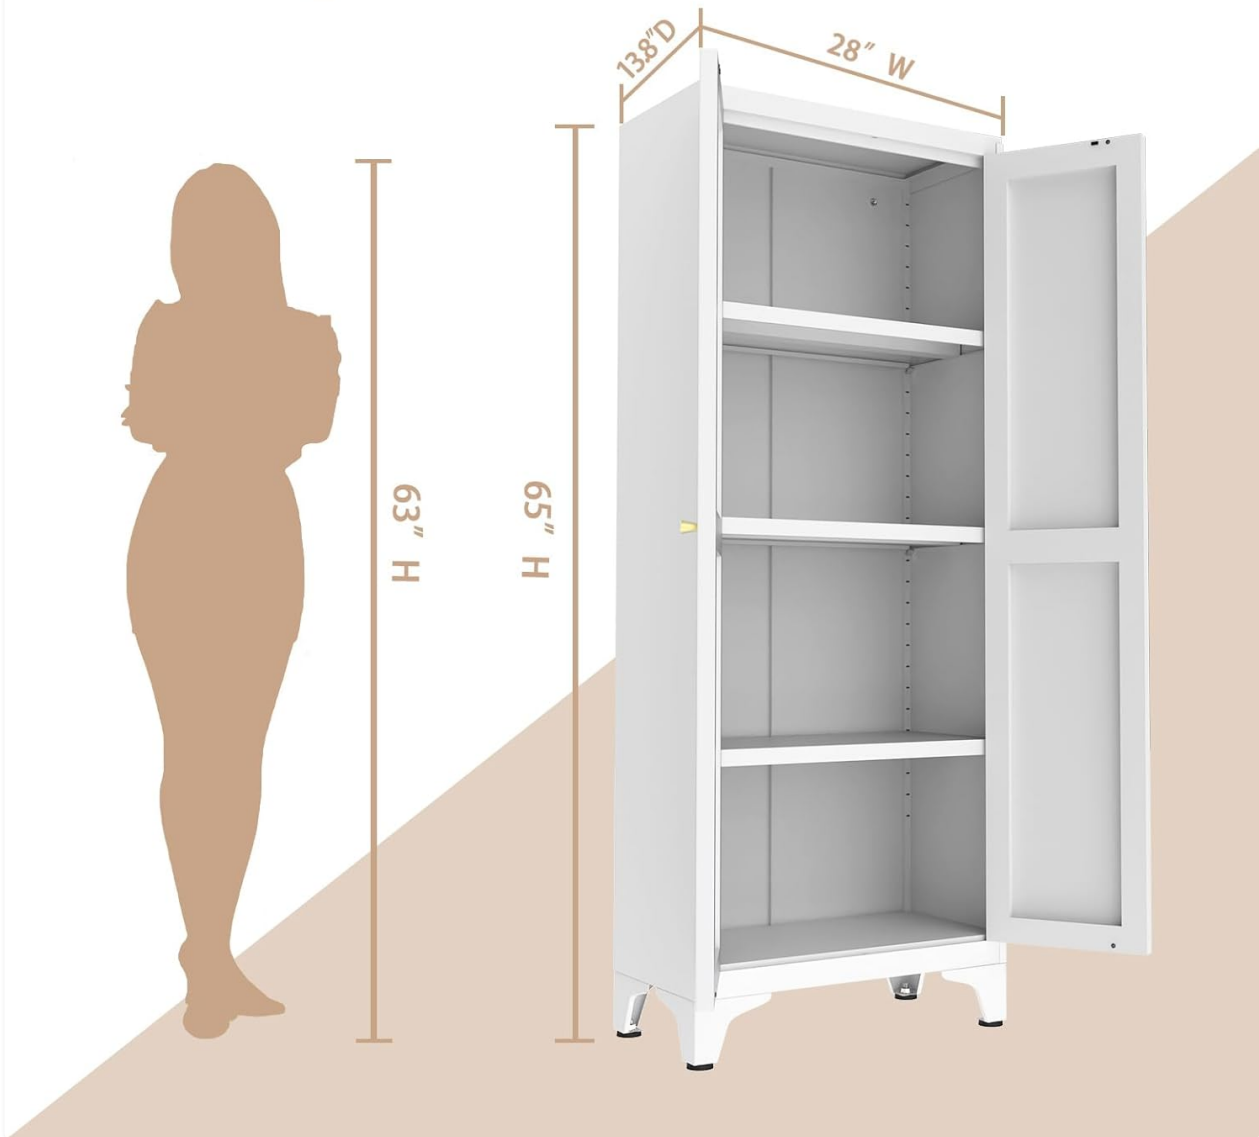

Image 4.1: An internal view of the cabinet with doors open, highlighting the four adjustable shelves and overall dimensions (65"H x 28"W x 13.8"D).

Step 4.4: Attach Doors and Hardware

1. Attach the doors to the cabinet frame using the hinges and screws. Ensure the doors are aligned properly.
2. Install the door handles/pulls onto the doors.
3. Mount the magnetic door catches to the cabinet frame and doors to ensure they close securely.

Image 4.2: Detailed view of the cabinet's features, including the metal round pull, magnetic door attraction for secure closure, and 360-degree adjustable feet for leveling.

Step 4.5: Secure to Wall (Anti-Tipping)

1. Position the assembled cabinet in its desired location.
2. Use the provided anti-tipping hardware to secure the cabinet to a wall. This is a critical safety step to prevent accidental tipping.

5. OPERATING INSTRUCTIONS

5.1: Adjusting Shelves

The cabinet features 4 adjustable shelves, allowing for customized storage configurations.

1. To adjust a shelf, carefully remove all items from the shelf.
2. Lift the shelf slightly and remove the support pins from the side panels.
3. Reinsert the support pins into the desired holes at the new height. Ensure all four pins are at the same

level.

4. Place the shelf back onto the support pins, ensuring it is stable before loading items.

ANTI-TIPPING DESIGN: Wall Screw

Warm Alerts

If you have kids or animals that like to climb things, we strongly recommend using the provided wall screw within the package. The wall screw is attached directly to the wall to prevent tipping and maximize safety and stability.

Image 5.1: A visual representation of the adjustable and removable shelves, demonstrating how to create custom storage compartments within the cabinet.

5.2: Leveling the Cabinet

The cabinet is equipped with adjustable feet to ensure stability on uneven surfaces.

1. Once the cabinet is in its final position, check for any wobbling.
2. Rotate the adjustable feet clockwise to raise a corner or counter-clockwise to lower it until the cabinet is level and stable.

5.3: General Use

Ensure items are distributed evenly on shelves and do not exceed the maximum weight capacity per shelf. Close doors gently to engage the magnetic catches.

Image 5.2: The cabinet with its doors open, revealing a well-organized interior filled with various food containers, dishes, and small appliances, demonstrating its large storage capacity.

6. MAINTENANCE

6.1: Cleaning

The cabinet's textured electrostatic environmentally friendly powder coating is designed for easy cleaning.

- Wipe surfaces with a soft, damp cloth.
- For stubborn marks, use a mild, non-abrasive cleaner.
- Avoid harsh chemicals or abrasive cleaning tools, as these can damage the finish.
- Dry thoroughly after cleaning to prevent water spots.

6.2: General Care

- Periodically check all screws and connections to ensure they remain tight.
- Ensure the anti-tipping hardware remains securely fastened to the wall.
- Avoid placing excessively hot or cold items directly on the metal surfaces without protection.

7. TROUBLESHOOTING

7.1: Cabinet is Wobbly

- **Solution:** Adjust the individual feet at the base of the cabinet until it is stable and level. Ensure the anti-tipping hardware is properly installed and secured to the wall.

7.2: Doors Do Not Close Properly or Are Misaligned

- **Solution:** Check the hinge screws to ensure they are tight. Minor adjustments to hinge positions may be necessary to align the doors. Verify that the magnetic catches are correctly positioned and functioning.

7.3: Missing Parts or Damaged Components

- **Solution:** If you discover any missing or damaged parts upon opening the package, please contact Vaernevy customer service immediately for assistance. Do not attempt to assemble the cabinet with incomplete or damaged components.
