6. MAINTENANCE

Proper care will extend the life and appearance of your sofa.

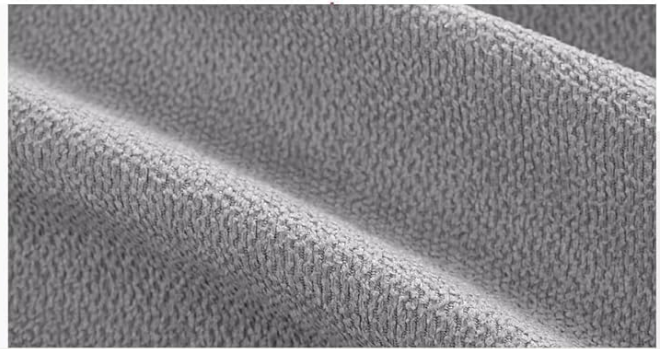

- **Regular Cleaning:** Vacuum the sofa regularly using a soft brush attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, use a mild fabric cleaner and test on an inconspicuous area first. Follow the cleaner's instructions.
- **Cushion Care:** Fluff and rotate cushions periodically to maintain their shape and ensure even wear. The cushion covers are removable for cleaning.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fabric fading. Position your sofa away from direct sun or use window coverings.
- **Frame and Legs:** Periodically check the tightness of all screws and connections. Tighten if necessary.
