Feandrea PCT009G02

Feandrea Multi-Level Cat Tree Instruction Manual

Model: PCT009G02 | Brand: Feandrea

1. INTRODUCTION AND OVERVIEW

Thank you for choosing the Feandrea Multi-Level Cat Tree, Model PCT009G02. This cat tree is designed to provide a comfortable and engaging environment for your feline companions, featuring multiple levels, scratching surfaces, and resting areas. Please read this manual carefully before assembly and use to ensure proper setup and safe operation.

2. SAFETY INSTRUCTIONS

- Always ensure all screws and connections are tightened securely before allowing your cat to use the tree.
- Utilize the included anti-tipping device to secure the cat tree to a wall, especially if you have active or multiple cats. This significantly enhances stability and prevents accidental tipping.
- Place the cat tree on a flat, stable surface. Avoid uneven floors or carpets that could compromise stability.
- Regularly inspect the cat tree for any loose parts, damage, or wear and tear. Replace worn components immediately to maintain safety.

- Keep children away from the cat tree during assembly to prevent injury.
- This product is designed for indoor use only.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all the following components are present in your package:

- Cat Tree Components (platforms, posts, condo, hammock)
- Accessory Kit (screws, tools, connectors)
- Anti-Tipping Kit (wall anchor, strap)

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the Feandrea Cat Tree is designed to be straightforward with numbered parts and clear instructions. Follow these general steps:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the parts list provided in the separate assembly diagram (not included in this document but typically found in the product box).
2. **Follow Numbered Steps:** Refer to the detailed, step-by-step assembly diagrams. Each part is typically numbered for easy identification.
3. **Secure Connections:** Ensure all screws are tightened firmly. Do not overtighten, but make sure there is no wobble in the structure.
4. **Install Anti-Tipping Device:** For maximum safety, attach the anti-tipping strap to the designated point on the cat tree and secure it to a sturdy wall stud using the provided hardware.
5. **Final Check:** Once assembled, gently shake the cat tree to confirm its stability. Re-tighten any loose connections if necessary.

Du plaisir à chaque niveau

Répond aux différents besoins de vos chats

5. OPERATING INSTRUCTIONS (USAGE)

This multi-level cat tree offers various features to satisfy your cat's natural instincts:

- **Spacious Platforms:** Two platforms (48.5 x 30 cm) provide elevated spots for observation, allowing your cat to survey its surroundings or simply relax.
- **Cozy Cat Condo:** A large cat condo (48.5 x 48.5 cm) offers a private, enclosed space for napping and hiding.
- **Comfortable Hammock:** A 30 cm diameter hammock provides a soft, suspended resting area.
- **Sisal Scratching Posts:** Four sisal-covered posts encourage healthy scratching behavior, protecting

your furniture.

- **Interactive Toys:** Two hanging plush balls and a spring-loaded plush ball provide engaging play opportunities.

6. MAINTENANCE

Proper maintenance will extend the life of your Feandrea Cat Tree:

- **Cleaning:** The plush surfaces can be easily cleaned using a lint roller or a vacuum cleaner to remove fur, dirt, and crumbs. For spot cleaning, use a damp cloth with mild soap and allow to air dry completely.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-

tighten as needed.

- **Sisal Post Care:** While sisal is durable, it will wear over time. Monitor the scratching posts for excessive fraying and consider replacing them if they become too worn to be effective.
- **Avoid Moisture:** Do not expose the cat tree to excessive moisture or direct sunlight, as this can damage the materials.

7. TROUBLESHOOTING

If you encounter any issues with your Feandrea Cat Tree, refer to the following common solutions:

- **Instability/Wobbling:**
 - Ensure all screws are fully tightened.
 - Verify the cat tree is placed on a level surface.
 - Confirm the anti-tipping device is correctly installed and secured to a wall stud.
- **Missing Parts:** If any components are missing upon unboxing, please contact customer support with your purchase details.
- **Cats Not Using the Tree:**
 - Try placing catnip on the scratching posts or inside the condo to attract your cat.
 - Place the tree in a location your cat frequently visits or near a window.
