cord, along with a close-up of an artificial ivy leaf.

4. SETUP & INSTALLATION

The JMEXSUSS Ivy Vine Lights are designed for easy installation with pre-attached vines. Follow these steps for a smooth setup:

1. **Prepare the Lights:** Gently remove the vine lights from the packaging. The lights are pre-attached to the vines.
2. **Test Functionality:** Before hanging, plug the USB connector into a compatible USB power source (adapter not included) to ensure all lights are working correctly.
3. **Untie the Main Wire:** Carefully untie the main horizontal wire that holds the individual vine strands.
4. **Position the Main Wire:** Decide on your desired location (e.g., along a wall, window, or curtain rod). Secure the main horizontal wire in place.
5. **Unfold Strands:** Gently unfold each individual vine strand one by one. Take care to prevent tangling. The strands are pre-spaced approximately 8.6 inches (22cm) apart.
6. **Connect Power:** Plug the USB connector into a USB power source (e.g., laptop, power bank, or USB wall adapter).

Tip: Unfold the lights gently to prevent the vine curtain lights from getting knotted. If there is a slight plastic smell upon opening, it will dissipate within 1-2 days. You can also place the product in a well-ventilated area to speed up the process.

Twinkling vine curtain lights

Ready to Drape No Hassle Installation!

5. OPERATING INSTRUCTIONS

Your JMEXSUSS Ivy Vine Lights come with a remote control for convenient operation. Ensure the remote control has a working battery and is pointed towards the USB plug for optimal response.

Remote Control Functions:

- **ON/OFF Buttons:** Green button to turn lights ON, Red button to turn lights OFF.
- **Mode Selection (1-8):** Press the numbered buttons (1-8) to cycle through the 8 different lighting modes.
- **Brightness Adjustment (DIM +/-):** Use the brightness buttons to increase or decrease the light intensity (4 adjustable levels: 100%, 75%, 50%, 25%).

- **Timer Function (4H/6H/8H/Timer Off):**

- Press **4H** for lights to stay on for 4 hours and then off for 20 hours, repeating daily.
- Press **6H** for lights to stay on for 6 hours and then off for 18 hours, repeating daily.
- Press **8H** for lights to stay on for 8 hours and then off for 16 hours, repeating daily.
- Press **Timer Off** to deactivate the timer function.

Lighting Modes:

The lights offer 8 distinct modes to suit various moods and occasions:

1. Waves
2. Combination
3. Fading
4. Fireflies
5. Chasing
6. Twinkle
7. Fading Slowly
8. Steady-On

6. MAINTENANCE

To ensure the longevity and optimal performance of your JMEXSUSS Ivy Vine Lights, follow these simple maintenance guidelines:

- **Cleaning:** Gently wipe the artificial leaves and light strands with a soft, dry cloth to remove dust. Do not use liquid cleaners or immerse the product in water.
- **Storage:** When not in use, carefully coil the lights and vines to prevent tangling. Store them in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Always handle the lights and vines gently to avoid damaging the delicate wires and leaves.

7. TROUBLESHOOTING

If you encounter any issues with your JMEXSUSS Ivy Vine Lights, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lights do not turn on.	No power, loose connection, remote battery dead, remote not pointed at USB plug.	Ensure the USB plug is securely connected to a working power source. Check the remote control battery and replace if necessary. Point the remote directly at the USB receiver.
Lights are tangled.	Improper handling during unpacking or installation.	Carefully and gently untangle the strands. Always unfold and store the lights with care to prevent tangling.
Remote control is unresponsive or inconsistent.	Remote battery low, obstruction between remote and USB plug, remote malfunction.	Replace the remote control battery. Ensure there is a clear line of sight between the remote and the USB receiver. If issues persist, contact customer support.
Plastic smell upon opening.	New product odor.	The smell will naturally dissipate within 1-2 days. Place the product in a well-ventilated area to air out faster.

8. SAFETY INFORMATION

Please observe the following safety precautions to prevent damage to the product or personal injury:

- **Indoor Use Only:** This product is designed for indoor use. Do not use it outdoors or expose it to rain, moisture, or other weather elements.
- **Avoid Water:** The lights are not water-resistant. Keep them away from water sources, sinks, bathtubs, and wet areas.
- **Power Source:** Use only with a compatible USB power source. Ensure the voltage matches the product requirements.
- **Overheating:** Do not cover the lights or power adapter with cloth or other materials that could cause overheating.
- **Damage:** Do not operate the lights if the cord, plug, or any part of the product is damaged. Contact customer support for assistance.
- **Children and Pets:** Keep the product out of reach of small children and pets to prevent choking hazards or electrical shock.
- **Installation:** Ensure the lights are securely installed to prevent them from falling.
- **UL Certified:** The product is UL certified for safety, indicating it meets specific safety standards.
