Katuchef 1 (9.4 x 5.9 inch)

Katuchef Titanium Cutting Board User Manual

Model: 1 (9.4 x 5.9 inch)

Brand: Katuchef

INTRODUCTION

Thank you for choosing the Katuchef Titanium Cutting Board. This manual provides essential information for the proper setup, operation, and maintenance of your new cutting board. Made from 100% pure titanium, this board offers superior hygiene, durability, and a knife-friendly surface for all your culinary needs.

PRODUCT FEATURES

- **100% Pure Titanium Material:** Constructed from food-grade pure titanium, ensuring strength, durability, and resistance to cracks, deformation, and water absorption. It is corrosion-resistant and rust-proof.
- **Non-Porous Surface:** The smooth, non-porous surface prevents food residues and odors from being absorbed, making cleaning effortless.
- **Non-Toxic and Plastic-Free:** Made from medical-grade titanium, it does not release harmful substances, BPA, or microplastic particles, ensuring food safety.
- **Knife-Friendly:** Titanium is softer than most kitchen knife steels, protecting your blades and extending their lifespan without dulling them like glass or stainless steel boards.
- **Double-Sided Use:** Designed for versatility, allowing for separate raw and cooked food preparation areas.
- **Lightweight and Portable:** Suitable for various scenarios including home kitchens, outdoor picnics, and camping.

LIFETIME DURABILITY

The titanium material ensures that Yamato Cutting Board lasts a lifetime. It resists all forms of wear and tear, providing a reliable cutting surface for years.

NO MICROPLASTIC OR WOODEN SHAVINGS

doesn't produce microplastic shavings like traditional plastic boards or wooden shavings like wooden boards. This ensures that no harmful particles end up in your food. The titanium surface remains intact, even with heavy use.

SETUP

1. **Unpacking:** Carefully remove the cutting board from its packaging. Inspect for any signs of damage.
2. **Initial Cleaning:** Before first use, wash the cutting board thoroughly with warm water and mild dish soap. Rinse completely and dry with a clean cloth or allow to air dry.

OPERATING INSTRUCTIONS

The Katuchef Titanium Cutting Board is designed for versatile use with various food types. Its double-sided design allows for hygienic separation of ingredients.

- **General Use:** Place the cutting board on a stable, flat surface. For added stability, a damp cloth can be placed underneath.
- **Double-Sided Functionality:** Utilize one side for raw ingredients such as meat and seafood, and the other

side for cooked foods, fruits, and vegetables to prevent cross-contamination.

- **Cutting:** Use your preferred kitchen knives. The titanium surface is designed to be gentle on blades, preserving their sharpness.
- **Dough Preparation:** The smooth surface is also suitable for kneading dough, preventing sticking and making cleanup easier.

MAINTENANCE AND CLEANING

Maintaining your Katuchef Titanium Cutting Board is simple due to its non-porous and durable nature.

- **Daily Cleaning:** After each use, wash the board with warm water and dish soap. Its smooth surface ensures that food residues and oils can be easily rinsed away.
- **Dishwasher Safe:** The cutting board is safe for cleaning in a dishwasher, offering convenience and thorough sanitization.

- **Odor Resistance:** The titanium material naturally resists odor absorption, preventing the transfer of strong smells from ingredients like garlic or fish.
- **Drying:** Dry the board completely after washing to prevent water spots, though titanium is rust-proof.

SAFETY INFORMATION

- **Material Safety:** The cutting board is made from pure, medical-grade titanium, which is non-toxic and free from BPA, microplastics, and other harmful chemicals.
- **No Sharp Edges:** The design incorporates smooth, rounded edges to prevent accidental cuts during handling and use.
- **Knife Protection:** While the board is knife-friendly, always exercise caution when using sharp knives.
- **Stability:** Ensure the board is placed on a stable surface to prevent slipping during use.

Cutting Boards May Seem Simple, But Their Material Can Endanger Your Food's Safety & Your Knives' Durability.

✗ Plastic/Epicurean

Contains BPA'S or other harmful chemicals that can leach into food during cutting, posing a risk to health. Plastics are also prone to scratches where bacteria can accumulate.

✗ Glass/Stone/Steel

Very hard & dull knives quickly. Frequent sharpening or replacement of your knives becomes necessary, adding to upkeep costs & effort.

TROUBLESHOOTING

- **Board Slipping:** If the board slides on your countertop, place a damp paper towel or a non-slip mat underneath it to provide better grip.
- **Stubborn Stains:** For any unusually stubborn stains, a gentle abrasive sponge (like a non-scratch scouring pad) with dish soap can be used. Titanium is highly resistant to staining.
- **Knife Marks:** While the board is designed to be knife-friendly, minor surface marks may appear over time with heavy use. These are cosmetic and do not affect the board's performance or hygiene.

SPECIFICATIONS

Feature	Detail
Brand	Katuchef (Generic)
Model Number	1
Material	100% Pure Titanium
Product Dimensions	9.8"L x 14.1"W x 0.04"Th (Approx. 24.9cm L x 35.8cm W x 0.1cm Th)
Color	Metallic Silver (1 * 9.4 * 5.9in variant)
Shape	Rectangular
Product Care Instructions	Dishwasher Safe
Special Feature	Long Lasting, Non-Toxic, Knife-Friendly, Odor Resistant
