4. OPERATING INSTRUCTIONS

Reclining Function

The two outer seats of the sofa feature a manual reclining mechanism. The center seat is fixed but includes a storage drawer.

- **To Recline:** Locate the manual lever on the side of the armrest (typically on the outer side). Pull the lever to release the footrest. Lean back gently to recline the backrest to your desired position.
- **To Return Upright:** Push down on the footrest with your legs until it locks into the closed position. The backrest will return to its upright position simultaneously.

The center seat is equipped with a pull-out storage drawer.

- **To Open:** Gently pull the handle located at the bottom front of the center seat cushion.
- **To Close:** Push the drawer back in until it is fully recessed and flush with the sofa front.

Cup Holders and Side Pockets

Each outer armrest includes a built-in cup holder and a side pocket for convenience.

- Use cup holders for beverages to prevent spills.
- Side pockets are suitable for storing small items like remote controls, magazines, or mobile devices.

5. MAINTENANCE

Cleaning the Chenille Fabric

- **Regular Cleaning:** Vacuum the sofa regularly using an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, use a mild fabric cleaner specifically designed for chenille, testing on an inconspicuous area first. Follow the cleaner's instructions carefully.
- **Avoid:** Do not use harsh chemicals, abrasive cleaners, or excessive water, as these can damage the fabric.

Frame and Mechanism Care

- Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary.
- Avoid placing the sofa in direct sunlight or near heat sources to prevent fabric fading or material degradation.

- Do not stand on the footrest or apply excessive weight to the reclining mechanism.
