BRANDMAN GRILLS SINCE 1987 Rustler3-5Burner

Brand-Man Rustler3-5Burner Propane Gas Grill Island Instruction Manual

Model: Rustler3-5Burner (BMRUS3-5B)

PRODUCT OVERVIEW

The Brand-Man Rustler3-5Burner Propane Gas Grill Island is a comprehensive outdoor cooking solution designed for versatility and convenience. This robust unit features a powerful 52,000 BTU output across its stainless steel burners, including a dedicated side burner, providing ample heat for diverse culinary tasks. Its expansive cooking surface, combined with integrated storage and a foldable prep station, makes it an ideal centerpiece for any patio or outdoor kitchen.

SETUP AND ASSEMBLY

Careful assembly and proper placement are crucial for the safe and efficient operation of your Brand-Man grill. Please follow these guidelines during setup.

Unpacking

The Brand-Man Rustler3-5Burner grill is shipped in two separate boxes. Ensure both packages have arrived before beginning assembly. Carefully unpack all components and verify against the parts list provided in your physical manual to ensure nothing is missing or damaged during transit.

***Note:**

The item comes in 2 separate boxes, so delivery times may vary, if you receive the first package, please be patient or contact us for the logistics information on the 2nd box.

Assembly

Assembly is required for this product. While detailed steps are provided in the included physical manual, general assembly involves attaching the main grill unit to the cabinet structure, installing burners, grates, and the side burner, and securing all panels and accessories. It is recommended to have assistance during assembly due to the size and weight of the components.

Placement and Stability

Position the grill on a flat, stable, non-combustible surface in an outdoor, well-ventilated area. Maintain adequate clearance from combustible materials. The grill features secure locking swivel casters for stability and easy mobility when needed. Ensure all casters are locked during operation.

Stable & Mobile

Offers a perfect balance

Fuel Connection

This grill operates on propane gas. It is also natural gas convertible with an optional kit sold separately. Connect the propane tank securely within the designated cabinet area. Always check for leaks using a soapy water solution before initial use and after each tank change.

Extra Large Storage Cabinet

Offers a practical place to store utensils and supplies

Image: The Brand-Man grill with its storage cabinets open, revealing a propane tank securely placed inside and ample space for grilling utensils and supplies.

Initial Burn-Off

Before cooking food for the first time, perform an initial burn-off to remove any manufacturing residues. Turn all main burners to high for 15-20 minutes with the lid closed. Allow the grill to cool completely afterward.

OPERATING INSTRUCTIONS

Familiarize yourself with the grill's features to optimize your cooking experience.

Ignition and Temperature Control

To ignite a main burner, ensure the propane tank valve is open. Push and turn the desired control knob to the HIGH position. The integrated ignition system will light the burner. If the burner does not light within 5 seconds, turn the knob to OFF, wait 5 minutes, and repeat the process. Adjust the knobs to achieve desired heat levels, monitoring the built-in thermometer for precise temperature management.

Cooking Areas

The grill offers a total cooking area of 669 sq. in., including 480 sq. in. of primary cooking grates and a 189 sq. in. warming rack. The versatile design includes rust-resistant matte cast iron grates and an extra cast iron griddle plate, allowing for diverse cooking methods from searing to slow-cooking.

Side Burner Operation

The integrated side burner provides additional cooking versatility, perfect for preparing sauces, side dishes, or keeping food warm. To operate, open the side burner lid, then push and turn its control knob to the HIGH position for ignition. Adjust heat as needed.

Powerful Output

12,000 BTU Side Burner

Foldable Prep Station

Utilize the foldable prep station for convenient meal preparation and serving. This spacious surface extends to provide extra counter space and folds away neatly for compact storage when not in use.

ULTRA-LARGE Worktop

Convenience meets efficiency

MAINTENANCE AND CARE

Regular maintenance ensures the longevity and optimal performance of your grill.

Cleaning the Grease Tray

The full-size slide-out grease tray and cup are designed for effortless cleaning. Regularly remove and empty the grease cup and tray to prevent flare-ups and maintain hygiene. Wash with warm, soapy water.

Easy to Clean Full size slide-out grease tray

Image: A close-up view of the grill's full-size slide-out grease tray, showing accumulated grease and the removable grease cup for easy cleaning.

Grates and Burners

Clean the cast iron grates after each use with a grill brush. For deeper cleaning, remove the grates and wash with warm, soapy water. Periodically inspect the stainless steel burners and enameled flame tamers for blockages or damage. Ensure all components are dry before reassembly.

Heavy Duty Cast Iron Grates & Griddle [EXTRA]

Image: A detailed view of the heavy-duty porcelain-enameled cast iron grates and the extra cast iron griddle plate, highlighting their heat retention, corrosion resistance, and ease of cleaning.

Storage

When not in use, store the grill in a dry, protected area. The integrated storage cabinets provide ample space for grilling essentials, utensils, and supplies, keeping them organized and within easy reach.

TROUBLESHOOTING

This section addresses common issues you might encounter with your grill.

Problem	Possible Cause	Solution
Burner not lighting	No gas flow; clogged burner ports; faulty igniter.	Check propane tank level and valve. Clean burner ports. Inspect igniter for proper spark.

Problem	Possible Cause	Solution
Uneven heating	Clogged burner ports; improper flame tamers placement.	Clean burner ports. Ensure flame tamers are correctly positioned over burners.
Excessive flare-ups	Grease buildup; high heat setting.	Clean grease tray and cooking grates regularly. Reduce heat setting.

For issues not listed or if problems persist, please contact Brand-Man customer support.
