## 4. INITIAL SETUP

### 4.1. SIM Card and TF Card Installation

The device supports dual SIM cards and expandable storage via a TF card (up to 2TB, sold separately). Locate the SIM card tray on the side of the phone. Use the provided SIM card removal needle to eject the tray. Insert your Nano-SIM cards and/or TF card into the designated slots, ensuring correct orientation. Gently push the tray back into the phone until it clicks into place.

### 4.2. Charging the Device

Before first use, fully charge your DOOGEE Fire 3 Ultra. Connect the provided Type-C USB cable to the phone's charging port and the 18W charger to a power outlet. The 8350mAh battery provides extended usage times, including up to 1,415 hours of standby and 31 hours of music playback. The device also supports OTG reverse charging, allowing it to function as a power bank for other devices.

### 5.5. Connectivity and Security

The device offers comprehensive connectivity options including 4G LTE, Wi-Fi, Bluetooth 5.0, and NFC for quick payments via Google Pay. Navigation is supported by GPS, Glonass, Galileo, and Beidou for accurate positioning. For security, the phone features both side fingerprint and face unlock capabilities for fast and reliable access. A 3.5mm headphone jack is also included.

### 5.6. Built-in Gemini AI

The DOOGEE Fire 3 Ultra integrates Gemini AI, enhancing various functionalities such as content creation, image analysis, code development, language learning, and smart assistant features, aiming to streamline user experience.

Connectivity	4G LTE, Wi-Fi, Bluetooth 5.0, NFC, USB Type-C
Navigation	GPS, Glonass, Galileo, Beidou
Security	Side Fingerprint, Face Unlock
Audio Jack	3.5 mm
Weight	1.21 pounds
Dimensions	7.64 x 4.09 x 2.24 inches

## 8. TROUBLESHOOTING

This section addresses common issues you might encounter with your DOOGEE Fire 3 Ultra.

- **Network Compatibility:** If you experience network issues, ensure your carrier's frequency bands are supported by the device. The phone supports 4G TDD-LTE: B34/38/39/40/41; FDD-LTE: B1/2/3/4/5/7/8/18/19/20/25/26/28A/28B/66; 3G WCDMA: B1/2/4/5/8; 2G GSM: B2/3/5/8. Confirm compatibility with your carrier before purchasing.
- **Battery Draining Quickly:** While the 8350mAh battery offers long life, heavy usage of GPS, streaming, or demanding apps can increase consumption. Reduce screen brightness, close background apps, and limit data usage when not needed. Ensure the phone is fully charged using the provided 18W charger.
- **Slow Performance:** If the phone feels sluggish, clear recent apps, restart the device, or check for system updates. Ensure sufficient storage space is available, as low storage can impact performance.
- **Fingerprint/Face Unlock Issues:** Ensure your fingers are clean and dry for fingerprint recognition. For face unlock, ensure adequate lighting and that your face is clearly visible to the front camera. Re-register your fingerprint or face

data if issues persist.

- Water/Dust Exposure:** Although the phone is IP68/IP69K and MIL-STD-810H certified, always ensure all port covers are securely closed before exposing the device to water or dust. If the phone gets wet, dry it thoroughly before charging.

## 9. WARRANTY AND SUPPORT

Your DOOGEE Fire 3 Ultra comes with a warranty. Please refer to the included Warranty Card in your package for detailed terms and conditions, including coverage period and service procedures. For technical support or further assistance, please contact DOOGEE customer service through their official channels, which can typically be found on the manufacturer's website or the contact information provided in the warranty documentation.
