SUNFLOW The Tall Sand Dune Premium Beach Chair Instruction Manual

Model: SF20250821B0F3XZDBNW

INTRODUCTION

This manual provides essential instructions for the safe and effective use, setup, operation, and maintenance of your SUNFLOW The Tall Sand Dune Premium Beach Chair. Please read this manual thoroughly before using the product and retain it for future reference.

SAFETY INFORMATION

Important Safety Warnings:

- Do not exceed the maximum weight limit of **225 pounds (102 kg)**. Exceeding this limit may result in injury or damage to the chair.
- Use caution when setting up the chair in windy conditions. Strong winds may cause the chair to tip over.
- Ensure all locking mechanisms are fully engaged before sitting in the chair.
- Keep hands and fingers clear of moving parts during folding and unfolding to prevent pinching.

SETUP INSTRUCTIONS

1. **Unfolding the Chair:** Place the folded chair on a flat, stable surface. Gently pull the armrests outwards to begin unfolding the frame. Continue to open the chair until the seat fabric is taut and the frame locks into place. Ensure all four legs are firmly on the ground.
2. **Attaching the Sunshade:** Locate the sunshade attachment points on the upper back of the chair frame. Slide the sunshade's arms into these slots until they click securely. Adjust the angle of the sunshade as desired.
3. **Attaching the Drink Holder:** The drink holder is designed to clip onto the side of the chair frame. Select a suitable location on one of the armrest supports and firmly press the drink holder onto the frame until it is securely attached.

OPERATING INSTRUCTIONS

Adjusting Recline Positions

The chair offers three reclining positions for varied comfort. To adjust, slightly lift the armrests and gently push or pull the backrest to your desired angle. Release the armrests to lock the backrest into position. Ensure the backrest is securely locked before leaning back.

Using the UPF 50+ Sunshade

The integrated sunshade provides protection from UV rays. It can be adjusted by pivoting it forward or backward to block direct sunlight. For optimal protection, position the sunshade to cast a shadow over your head and upper body.

Folding for Transport

To fold the chair, remove any attached accessories (sunshade, drink holder). Lift the armrests and push the backrest forward while simultaneously pulling the front and back legs together. The chair will collapse into a compact form. Secure the chair with any integrated straps if available.

MAINTENANCE

Cleaning

- The chair features water-resistant marine fabrics (70% PVC / 30% Poly) and a powder-coated aluminum frame.
- To clean, wipe surfaces with a damp cloth and mild soap. Rinse thoroughly with fresh water.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the fabric or frame finish.
- Allow the chair to air dry completely before folding and storing.

Storage

- Store the chair in a cool, dry place when not in use.
- Protect the chair from prolonged exposure to direct sunlight and extreme weather conditions to extend its lifespan.

TROUBLESHOOTING

- **Chair is difficult to close:** Ensure that the recline mechanism is fully disengaged and there are no obstructions in the folding joints. Apply gentle, even pressure when collapsing the frame.
- **Cup holder does not attach securely:** Verify that the cup holder is aligned correctly with the frame tube and pressed firmly until it clicks into place. Check for any debris preventing a secure fit.

- **Sunshade is unstable:** Ensure the sunshade arms are fully inserted into their respective slots on the chair frame. If the issue persists, check for any damage to the attachment points.

SPECIFICATIONS

Feature	Detail
Brand	SUNFLOW
Model Number	SF20250821B0F3XZDBNW
Color	Ocean Navy
Product Dimensions (Unfolded)	17"D x 20.5"W x 40"H
Folded Dimensions	25.5" x 35" x 6"
Seat Depth	17 inches
