

G08

# Generic G08 Smart Watch User Manual

Your comprehensive guide to setup, operation, and maintenance.

## 1. INTRODUCTION

---

Thank you for choosing the Generic G08 Smart Watch. This manual provides essential information to help you set up, operate, and maintain your device, ensuring you get the most out of its features. Please read this manual thoroughly before using the watch.

## 2. PACKAGE CONTENTS

---

Before proceeding, please verify that all items are present in your package:

- Generic G08 Smart Watch
- Watch Band
- User Manual (this document)

## 3. PRODUCT OVERVIEW

---

The Generic G08 Smart Watch features a 1.43-inch HD color screen, offering clear visuals and rich colors. It is designed for daily use, incorporating health monitoring, communication features, and multiple sports modes.

**Figure 3.1:** Generic G08 Smart Watch displaying an ECG reading of 80 beats per minute (bpm) on its circular screen. The watch has a black casing and a black silicone strap with a silver buckle.

## 4. SETUP

---

### 4.1. Initial Charging

Before first use, fully charge your Generic G08 Smart Watch. The watch is equipped with a 390mAh battery. Connect the charging cable to the watch's charging port and a suitable USB power source. The watch display will indicate charging status.

### 4.2. App Installation and Pairing

1. Download the companion application from your smartphone's app store (search for the app name provided in the watch packaging or on the watch itself).
2. Ensure Bluetooth is enabled on your smartphone.
3. Open the app and follow the on-screen instructions to search for and pair with your G08 Smart Watch.
4. Grant necessary permissions to the app for full functionality, including message notifications and health data synchronization.

## 5. OPERATING INSTRUCTIONS

---

## 5.1. Basic Navigation

- **Touch Screen:** Swipe left, right, up, or down to navigate through menus and features. Tap to select an option.
- **Side Button(s):** Typically used for power on/off, returning to the home screen, or accessing specific functions. Refer to the watch's on-screen prompts for specific button actions.

## 5.2. Call and Message Notifications

Once paired with your smartphone, the G08 Smart Watch can display incoming call alerts and message notifications. You can typically accept or reject calls directly from the watch and view message content.

## 5.3. Health Monitoring

The watch offers various health monitoring features:

- **Heart Rate/ECG:** Monitor your heart rate and view ECG data directly on the watch screen.
- **Activity Tracking:** Records steps, distance, and calories burned.
- **Health Reminders:** Set up reminders for sedentary periods, drinking water, exercise, taking medicine, reading, travel, and washing hands through the companion app. You can customize the notification period and interval.

## 5.4. Multiple Sports Modes

The G08 Smart Watch supports various exercise modes. Select your activity from the watch's sports menu to record exercise time, calories burned, and other relevant data. This data can be synchronized with the companion app for detailed analysis.

## 5.5. Custom Dial

Personalize your watch face by choosing from the rich dial library available in the companion app. The app also supports custom photo dials, allowing you to use your own images as the watch background.

# 6. MAINTENANCE

---

## 6.1. Water Resistance (IP68)

The G08 Smart Watch is IP68 dustproof and waterproof. This rating means it can effectively prevent sweat or rain splashes and is suitable for daily activities such as hand washing and swimming in cold water.

**Important:** Do not expose the watch to hot water, steam, or high-pressure water. After any contact with water, ensure the watch is thoroughly dried to extend its service life.

## 6.2. Cleaning

Regularly clean your watch and watch band with a soft, dry cloth. If necessary, use a slightly damp cloth and then dry thoroughly. Avoid using harsh chemicals or abrasive materials.

# 7. TROUBLESHOOTING

---

If you encounter issues with your G08 Smart Watch, please refer to the following common solutions:

- **Watch not turning on:** Ensure the watch is fully charged.
- **Cannot pair with phone:** Check that Bluetooth is enabled on your phone and the watch, and that the watch is within range. Restart both devices and try pairing again.

- **Notifications not received:** Verify that the companion app has all necessary permissions enabled on your phone and that notifications are turned on within the app settings.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, but not too tight. Clean the sensor on the back of the watch.

For persistent issues, consult the companion app's help section or contact customer support.
