Nespresso Favorites Assortment Coffee Bundle

Nespresso Professional Coffee Capsules Favorites Assortment Instruction Manual

300-Count Coffee Bundle

INTRODUCTION

This manual provides essential information for using your Nespresso Professional Coffee Capsules Favorites Assortment. This bundle includes 300 capsules across six distinct varieties: Ristretto Intenso, Intenso, Forte, Leggero, Caffè Vanilio, and Caffè Caramello. These capsules are designed for exclusive use with Nespresso Professional machines.

COMPATIBILITY

Nespresso Professional coffee capsules are engineered to work exclusively with Nespresso Professional machines. They are not compatible with Nespresso Original or Vertuo home coffee machines. Ensure you are using a compatible Nespresso Professional machine for optimal performance and to prevent damage.

Compatible Nespresso Professional machines include, but are not limited to: Zenius, Nespresso Momento 100, Nespresso Momento 200, Nespresso Momento Coffee & Milk, Aguila 220, and Aguila 440.

OPERATING INSTRUCTIONS

To prepare coffee using your Nespresso Professional machine and capsules:

1. **Ensure Machine Readiness:** Verify that your Nespresso Professional machine is powered on, the water tank is filled, and it has reached its optimal operating temperature.
2. **Insert Capsule:** Open the capsule lever or compartment on your machine. Insert one Nespresso Professional capsule into the designated slot. Close the lever firmly.
3. **Select Beverage Size:** Choose your desired beverage size (e.g., Ristretto, Espresso, Lungo, Americano) according to the capsule's recommendation or your preference.
4. **Start Brewing:** Press the corresponding button to begin the brewing process. The machine will extract the coffee.
5. **Enjoy:** Once brewing is complete, remove your cup and enjoy your coffee.
6. **Eject Capsule:** Open the capsule lever to automatically eject the used capsule into the internal container.

HOT OR ICED

Explore the wide variety of exceptional coffees your **Nespresso** machine can offer.

MAINTENANCE AND CARE

Proper maintenance of your Nespresso Professional machine ensures consistent coffee quality and extends its lifespan. Refer to your specific machine's instruction manual for detailed cleaning and descaling procedures.

- **Empty Used Capsule Container:** Regularly empty and clean the used capsule container to prevent mold growth and blockages.
- **Refill Water Tank:** Keep the water tank filled with fresh, clean drinking water. Clean the water tank periodically.
- **Clean Drip Tray:** Empty and clean the drip tray regularly.
- **Wipe Exterior:** Wipe the exterior of the machine with a damp cloth.
- **Descaling:** Follow your machine's descaling instructions to remove mineral buildup, typically every 3-6 months depending on water hardness and usage.

RECYCLING INFORMATION

Nespresso aluminum capsules are fully recyclable. Nespresso is committed to sustainability and offers various options for recycling your used aluminum coffee capsules. By recycling, you contribute to reducing waste and supporting a circular economy. Visit the official Nespresso website (www.nespresso.com) to find out more about their recycling program and locate convenient recycling points or collection services in your area.

TROUBLESHOOTING

If you encounter issues while using your Nespresso Professional capsules, consider the following common solutions:

- **No Coffee Flow:**
 - Check if the water tank is filled.
 - Ensure the capsule is correctly inserted and the lever is fully closed.
 - Perform a descaling cycle if the machine hasn't been descaled recently.
 - Clean the coffee outlet.
- **Coffee is Cold:**
 - Pre-heat your cup with hot water before brewing.
 - Ensure the machine has fully pre-heated before use.
- **Leaking Machine:**
 - Check that the water tank is properly seated.
 - Ensure the drip tray is correctly positioned.
 - If leaking persists, contact Nespresso Professional support.
- **Capsule Not Ejecting:**
 - Gently open and close the lever again. Do not force it.
 - Ensure the used capsule container is not full.

For more detailed troubleshooting, consult your Nespresso Professional machine's user manual or contact Nespresso Professional customer service.

SUPPORT AND WARRANTY

For assistance with your Nespresso Professional products, including capsules and machines, please visit the official Nespresso Professional website or contact their customer support directly.
