Lamshaw Magnetic Charger for BEARTAIN X6/A9

Lamshaw Magnetic Charger for BEARTAIN X6/A9 Bone Conduction Headphones User Manual

1. PRODUCT OVERVIEW

This magnetic replacement charger is specifically designed for BEARTAIN X6 and A9 Bone Conduction Headphones. It features a magnetic connection for secure and stable charging, ensuring your headphones are always ready for use. The charger is built with durability and portability in mind, making it suitable for various charging environments.

Key Features:

- **Magnetic Connection:** Ensures a rapid and stable connection for efficient charging.
- **Durable Design:** Features multi-layer shielding, a flexible PVC cable, and pure copper probes for enhanced longevity and stable conduction.
- **Built-in Protection:** Integrated smart IC chip provides over-charge, short-circuit, and temperature protection.
- **Portable:** Compact and easy to carry, ideal for use at home, office, during travel, or in your car.

SIMPLE AND PORTABLE

Image 1.2: The charger's simple and portable design allows for convenient use in various locations such as home, office, travel, and car.

2. SETUP INSTRUCTIONS

Follow these steps to set up your Lamshaw Magnetic Charger:

1. **Connect to Power:** Insert the USB-A end of the charging cable into a compatible USB power source (e.g., wall adapter, computer USB port, power bank).
2. **Attach to Headphones:** Align the magnetic charging pins of the charger with the corresponding charging contacts on your BEARTAIN X6 or A9 Bone Conduction Headphones. The magnetic connection will automatically secure the charger in place.
3. **Verify Connection:** Ensure the charger is firmly attached and that the headphones indicate they are charging (e.g., a charging icon or LED indicator on the headphones, if available).

Magnetic Charging

3. OPERATING THE CHARGER

Once connected, the charger will automatically begin charging your BEARTAIN Bone Conduction Headphones. The built-in smart IC chip manages the charging process to protect your device and prolong its battery life.

- **Charging Indication:** Refer to your headphone's user manual for specific charging indicators (e.g., LED light color changes, screen display).
- **Full Charge:** Disconnect the charger once your headphones are fully charged to conserve energy.

4. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your charger, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the charging pins and cable with a dry, soft cloth to remove dust or debris. Avoid using liquid cleaners.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures. The flexible PVC cable allows for easy coiling and storage.
- **Handling:** Avoid bending the cable sharply or applying excessive force to the connectors. The reinforced design is tested for durability, but proper handling extends its life.

5. TROUBLESHOOTING

If you encounter issues with your charger, consider the following:

- **Headphones Not Charging:**

- Ensure the USB-A end is securely plugged into a working power source.
- Check that the magnetic connector is properly aligned and firmly attached to the headphones.
- Inspect the charging pins and headphone contacts for any dirt or obstruction.
- Try a different USB power source.

- **Slow Charging:**

- Ensure your USB power source provides sufficient output (e.g., a standard 5V/1A USB adapter).
- Avoid charging in extremely hot or cold environments, as this can affect charging efficiency.

- **Overheating:** The charger has built-in temperature protection. If the charger or headphones become excessively hot, disconnect immediately and allow them to cool before attempting to charge again.

6. SPECIFICATIONS

Product Dimensions:	0.39 x 1.97 x 3.94 inches
Item Weight:	1.76 ounces
Brand:	Lamshaw
Compatible Models:	BEARTAIN A9 Bone Conduction Headphones, BEARTAIN X6 Bone Conduction Headphones
Color:	Black
Interface:	USB-A to Magnetic Connector
Cable Length:	3.93 feet / 100cm
Manufacturer:	Lamshaw
