PRODUCT FEATURES

Premium HiFi Sound with 40mm Drivers

The iKF T1 Max headphones feature 40mm HiFi speakers, engineered to deliver deep bass, rich mids, and crisp highs. This ensures a studio-quality audio performance for music, movies, and podcasts.

Up to 100 Hours Playtime

Enjoy extended listening sessions with a long-lasting battery. The headphones offer up to 100 hours of wireless

playtime with Active Noise Cancellation (ANC) off, and 75 hours with ANC on. This makes them suitable for long commutes, travel, or remote work without frequent recharging.

SETUP

1. Charging the Headphones

Before first use, fully charge your iKF T1 Max headphones. Connect the provided charging cable to the USB-C port on the headphones and to a USB power source (e.g., computer, wall adapter). The charging time is approximately 2 hours for a full charge.

Seamlessly Switch

Whether you're diving into a gaming session or immersing yourself in a movie, our headphones seamlessly adapt to your needs, ensuring a seamless transition between different audio experiences.

2. Powering On/Off

- **To Power On:** Press and hold the Power button for approximately 3 seconds until the indicator light illuminates.
- **To Power Off:** Press and hold the Power button for approximately 5 seconds until the indicator light turns off.

3. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the Power button for about 5-7 seconds until the indicator light flashes blue and red, indicating pairing mode.
3. On your device (smartphone, laptop, etc.), enable Bluetooth and search for available devices.
4. Select "iKF T1 Max" from the list of found devices.
5. Once connected, the indicator light will turn solid blue or flash blue slowly.

4. Wired Connection (AUX Mode)

To use the headphones in wired mode, connect one end of the 3.5mm audio cable to the AUX port on the

headphones and the other end to your audio source. The headphones will automatically switch to wired mode, and Bluetooth will be disabled.

OPERATING INSTRUCTIONS

Stay Connected, Stay Effortless

Connect to two devices simultaneously, effortlessly switching between your phone and laptop for ultimate convenience.

Image: Overview of headphone control buttons.

Music Playback

- **Play/Pause:** Press the Multi-function button (usually the power button or a dedicated play/pause button) once.
- **Next Track:** Press and hold the Volume Up button or a dedicated "Next" button. (Refer to specific button layout in the included manual for exact controls).
- **Previous Track:** Press and hold the Volume Down button or a dedicated "Previous" button. (Refer to specific button layout in the included manual for exact controls).
- **Volume Up:** Short press the Volume Up button.
- **Volume Down:** Short press the Volume Down button.

Call Management

- **Answer/End Call:** Press the Multi-function button once.

- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Voice Assistant:** Double-press the Multi-function button to activate your device's voice assistant (Siri, Google Assistant).

Active Noise Cancellation (ANC) Control

- **Toggle ANC Modes:** Press the ANC button once to cycle through ANC On, Ambient Sound Mode, and ANC Off.
- **Customize ANC:** Use the iKF app to fine-tune ANC levels and ambient sound settings.

Dual Device Connection

When connected to two devices, the headphones will intelligently switch audio sources. For example, if you are listening to music on your laptop and receive a call on your phone, the headphones will automatically switch to the phone call. After the call, they will return to the laptop audio.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use abrasive cleaners or solvents.
- **Storage:** Store the headphones in a cool, dry place, away from direct sunlight and extreme temperatures. When not in use for extended periods, ensure they are fully charged.
- **Water Exposure:** These headphones are not waterproof. Avoid exposure to water or excessive moisture.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in constant use.

TROUBLESHOOTING

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are charged. Connect them to a power source using the charging cable.
Cannot pair via Bluetooth.	- Ensure headphones are in pairing mode (flashing blue/red light). - Turn off and on Bluetooth on your device. - Move headphones closer to your device. - Clear previous Bluetooth connections on your device and try again.
No sound or low volume.	- Check volume levels on both headphones and your connected device. - Ensure headphones are properly connected (Bluetooth or wired). - If wired, ensure the 3.5mm cable is fully inserted.
ANC is not effective.	- Ensure ANC is activated (press the ANC button). - Adjust ANC levels via the iKF app for optimal performance. - Ensure earcups form a good seal around your ears.

Problem	Possible Solution
Sound quality is poor.	- Ensure the audio source is of good quality. - Try adjusting EQ settings in the iKF app. - If using Bluetooth, ensure there are no obstructions between the headphones and the device.
