1. INTRODUCTION

This manual provides instructions for the FOSA Travel Case Storage Organizer, designed specifically for the PLAUD NotePin AI Voice Recorder and its accessories. This case offers secure and organized storage, protecting your device during travel and daily use.

Figure 1: FOSA Travel Case Storage Organizer (closed).

2. SETUP

The FOSA Travel Case is ready for use directly out of its packaging. No assembly is required. Simply open the dust-proof zipper to access the interior compartments.

2.1 Initial Inspection

Before first use, inspect the case for any signs of damage from shipping. Ensure the zipper operates smoothly and the interior foam inserts are intact.

3. USAGE

This section details how to effectively use your FOSA Travel Case to store and transport your PLAUD NotePin AI Voice Recorder and its accessories.

3.1 Storing Your PLAUD NotePin and Accessories

1. **Open the Case:** Unzip the dust-proof zipper completely to open the case.
2. **Place the PLAUD NotePin:** Carefully insert your PLAUD NotePin AI Voice Recorder into its designated foam cutout. The foam is precisely cut to secure the device.
3. **Organize Accessories:**
   - Use the integrated mesh accessory pouch for USB-C charging cables, lanyards, and wrist straps.
   - Place smaller accessories like clips, magnetic pins, and charging docks into their respective foam cutouts.
4. **Close the Case:** Ensure all items are securely placed within their compartments. Zip the case closed using the convenient pull tab.

3.2 Portability

The case is designed for easy transport. Use the integrated lanyard to attach it to your wallet, backpack, or briefcase for convenient access on the go.

Figure 4: Demonstrating the portability of the FOSA Travel Case, easily held or attached to a bag.

4. MAINTENANCE

Proper care will extend the life and appearance of your FOSA Travel Case.

4.1 Cleaning Instructions

- **Exterior:** Wipe the exterior EVA material with a soft, damp cloth. For stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth. Allow to air dry completely.
- **Interior:** The foam interior can be gently wiped with a dry or slightly damp cloth. Avoid excessive moisture.
- **Zipper:** Keep the zipper free of debris. If it becomes stiff, a small amount of zipper lubricant can be applied.

4.2 Storage

When not in use, store the case in a cool, dry place away from direct sunlight to prevent material degradation.

5. TROUBLESHOOTING

This section addresses common concerns you might encounter with your travel case.

5.1 Zipper Issues

- **Stuck Zipper:** Check for any fabric or debris caught in the zipper teeth. Gently pull the fabric away and try to operate the zipper. If it's still stiff, apply a small amount of graphite from a pencil or a commercial zipper lubricant.
- **Zipper Not Closing:** Ensure the case is not overfilled, which can put strain on the zipper. Remove some items if necessary.

5.2 Odor from New Case

A new product may have a slight manufacturing odor. This is normal and will dissipate over time. Air out the case in a well-ventilated area for a few hours if desired.

6. SPECIFICATIONS

Feature	Detail
Model Number	fosawi38kgg0et
Material	Waterproof EVA, Soft Foam
Color	Grey
External Dimensions (L x W x H)	Approx. 7.48 x 3.93 x 1.57 inches (18.8 x 10.16 x 4.06 cm)
