Setup

1. Assembling the Stand

1. Carefully place the TV screen face-down on a soft, clean surface to prevent scratches.
2. Identify the left and right base stand components.
3. Align each stand component with the corresponding screw holes on the bottom of the TV.
4. Secure the stand components using the provided screws. Ensure they are tightened firmly but do not overtighten.

Maintenance

Cleaning the TV

- Always unplug the TV before cleaning.
- Use a soft, dry, lint-free cloth to wipe the screen and cabinet.
- For stubborn marks, lightly dampen the cloth with water or a mild, non-abrasive screen cleaner. Do not spray cleaner directly onto the screen.
- Avoid using abrasive cleaners, waxes, or solvents as they can damage the finish.

General Care

- Do not block ventilation openings.
- Keep the TV away from direct sunlight, heat sources, and excessive dust.
- Avoid placing heavy objects on top of the TV.
- If the TV will not be used for an extended period, unplug it from the power outlet.

Troubleshooting

This section addresses common issues you might encounter. If the problem persists, please contact customer support.

Problem	Possible Cause	Solution
