› User Manual: BvenuBigLite 72-Inch 8-Blade Outdoor Ceiling Fan with Light

## BvenuBigLite 72-Inch 8-Blade Outdoor Ceiling Fan (B0F4753MXS)

# User Manual: Large 72-Inch 8-Blade Outdoor Ceiling Fan with Light

**Brand:** BvenuBigLite | **Model:** 72-Inch 8-Blade Outdoor Ceiling Fan

## 1. PRODUCT OVERVIEW

This manual provides detailed instructions for the installation, operation, and maintenance of your BvenuBigLite 72-inch 8-blade outdoor ceiling fan with integrated lighting. This large ceiling fan is designed for rooms larger than 18 ft. × 18 ft., making it suitable for various indoor and covered outdoor spaces such as living rooms, great rooms, covered patios, and porches. It features a reversible DC motor, dimmable LED light, and multiple control options.

Figure 1.1: The BvenuBigLite 72-inch ceiling fan with light, showcasing its large size and modern design, suitable for spacious outdoor covered areas. Remote control and smartphone app interface are also visible.

## 2. SAFETY INFORMATION

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or personal injury.

- Ensure the power is turned off at the circuit breaker before beginning installation or performing any maintenance.
- All wiring must be in accordance with national and local electrical codes. If you are unsure, consult a qualified electrician.
- The mounting structure must be capable of supporting the weight of the fan (refer to specifications for weight).
- Do not operate the fan if the blades are not properly installed. The DC motor has a built-in protection mechanism that will stop operation if no load (blades) is detected, preventing overheating or damage.

- Do not insert objects into the path of the fan blades while the fan is operating.
- This fan is suitable for damp locations (covered patios, porches) but should not be exposed directly to rain.

### **3. PACKAGE CONTENTS**

Verify that all components are present and undamaged before proceeding with installation.

- Ceiling Fan Motor Housing
- Fan Blades (8 total, dual-finish)
- Downrods (5-inch, 10-inch, and 24-inch options)
- Mounting Bracket
- Remote Control with Wall Mount
- LED Light Kit
- Hardware Pack (screws, washers, wire nuts, etc.)
- Instruction Manual

## 4. SETUP AND INSTALLATION

Follow these steps for proper installation. It is recommended to have two people for installation due to the fan's size.

1. **Prepare the Mounting Location:** Ensure the electrical box is securely mounted to the building structure and can support the fan's weight. Turn off power at the circuit breaker.
2. **Install the Mounting Bracket:** Attach the mounting bracket to the electrical box using the provided screws.
3. **Assemble Downrod and Canopy:** Select the appropriate downrod (5", 10", or 24") for your ceiling height. This fan supports ceiling heights from 12 to 32 inches and vaulted ceilings up to 15°. Thread the wires through the downrod and attach it to the fan motor assembly. Slide the canopy over the downrod.
4. **Hang the Fan:** Carefully lift the fan assembly and hang it from the mounting bracket.
5. **Make Electrical Connections:** Connect the fan's electrical wires to the household wiring according to the

wiring diagram in the separate installation guide (not provided in this general manual). Ensure all connections are secure with wire nuts.

6. **Secure the Canopy:** Slide the canopy up and secure it to the mounting bracket with the provided screws.
7. **Attach Fan Blades:** Attach each of the 8 fan blades to the motor housing. The blades are dual-finish, allowing you to choose between a classic brown or warm wood grain tone. Ensure all screws are tightened securely.
8. **Install Light Kit:** Connect the light kit wiring and attach the light kit to the bottom of the fan motor housing.

## Double-Sided Fan Blade

## 5. OPERATING INSTRUCTIONS

Your BvenuBigLite ceiling fan can be controlled via the included remote control, a smartphone application, or a wall switch.

## 5.1 Fan Operation

- **Power On/Off:** Use the power button on the remote or app to turn the fan on or off.
- **Speed Control:** The fan features 6-speed settings. Adjust the speed using the dedicated buttons on the remote or the slider in the app.
- **Reversible Function:** The DC motor allows for reversible blade rotation.
  - **Summer Mode (Cooling):** Blades rotate counter-clockwise to create a downward airflow, providing a cooling effect.
  - **Winter Mode (Air Circulation):** Blades rotate clockwise to create an upward airflow, circulating warm air trapped near the ceiling.

Activate the reversible function via the remote or app.

- **Timer Setting:** Set a timer for the fan to automatically turn off after 2 hours using the remote or app.

Figure 5.1: Illustration of the fan's reversible function, demonstrating airflow for cooling in summer mode and air circulation in winter mode.

## 5.2 Light Operation

- **Light On/Off:** Toggle the light using the dedicated button on the remote or app.
- **Dimmable Function:** Adjust the brightness from 10% to 100% using the remote or app.
- **Color Temperature Adjustment:** Change the light color temperature from 3000K (warm white) to 6000K (cool white) via the remote or app.
- **Memory Function:** The fan's smart memory function saves your last light brightness and color temperature settings, so they are recalled when the light is turned on again.

Figure 5.2: Demonstration of the stepless dimming and color temperature adjustment, ranging from cool white to warm white light.

### 5.3 APP Control

Download the official BvenuBigLite app from your smartphone's app store. Follow the in-app instructions to pair your fan. The app provides comprehensive control over all fan and light functions, including speed, direction, dimming, color temperature, and timer settings.

Figure 5.3: The fan can be controlled via a smartphone application, offering a user-friendly interface for all functions, in addition to the traditional remote control.

## 6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** To clean the fan, wipe the blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure power is off before cleaning.
- **Blade Balance:** If the fan wobbles, check that all blade screws are tight and that the blades are not warped. A balancing kit (not included) may be used if necessary.
- **Light Source:** The integrated LED light source is designed for long life and is not user-replaceable. If the light fails, contact customer support.

## 7. TROUBLESHOOTING

Refer to this section for common issues and their solutions.

Problem	Possible Cause	Solution
Fan does not start.	No power; Loose wire connections; Blades not installed (DC motor protection).	Check circuit breaker; Verify all wire connections are secure; Ensure all fan blades are properly installed and tightened.
Fan wobbles.	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws; Use a balancing kit if necessary; Ensure mounting bracket is securely fastened.
Light does not work.	Loose wire connection to light kit; Faulty light kit.	Check light kit wiring connections; Contact customer support if light kit is faulty.
Remote control not working.	Dead batteries; Remote not paired with fan.	Replace remote batteries; Refer to the remote pairing instructions in the full manual.
Fan is noisy (e.g., humming).	Loose screws; Interference with ceiling or other objects.	Check all screws for tightness; Ensure fan blades are not hitting anything. This fan operates at <b>less than 30dB</b> , so significant noise indicates an issue.

# Ultra Quiet Ceiling Fan

## 8. SPECIFICATIONS

Feature	Detail
Brand	BvenuBigLite
Model	72-Inch 8-Blade Outdoor Ceiling Fan
Color	Brown (Dual-finish blades: Dark Wood Brown / Walnut)
Electric Fan Design	Ceiling Fan
Power Source	DC Motor
Product Dimensions	72"D x 72"W x 18"H

Feature	Detail
Room Type Compatibility	Dining Room, Garage, Living Room, Patio, Porch (Covered Outdoor)
Special Features	LED Light, Memory function, Reversible 6 Speed, Timer, Ultra Quiet DC Motor
Recommended Uses	Air Circulation, Cooling, Lighting
Noise Level	30 dB
Downrod Lengths Included	5", 10", 24"
Max Ceiling Angle	15° (for vaulted ceilings)

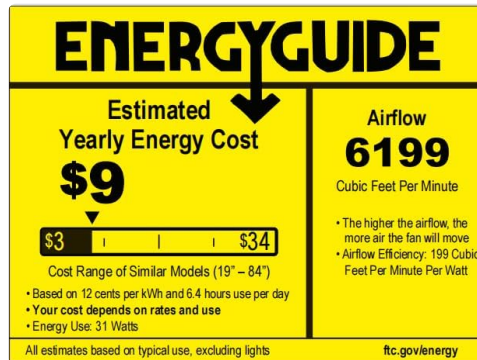

Figure 8.1: Energy Guide information, indicating an estimated yearly energy cost of \$9 and airflow of 6199 Cubic Feet Per Minute.

## 9. WARRANTY AND SUPPORT

BvenuBigLite stands behind the quality of its products.

- **Motor Warranty:** Up to 5-years warranty on the DC motor.
- **Other Components Warranty:** 2 years warranty on all other parts of the ceiling fan.
- **Customer Support:** We offer 24-hour customer support. If you have any questions during installation or use, please do not hesitate to contact us.

For support, please refer to the contact information provided with your purchase or visit the official BvenuBigLite website.
