SOUQDWL Smart Self-Cleaning Cat Litter Box User Manual

Model: SOUQDWL

1. INTRODUCTION

Thank you for choosing the SOUQDWL Smart Self-Cleaning Cat Litter Box. This device is designed to provide a convenient and hygienic solution for cat owners, featuring automatic cleaning, odor isolation, and smart APP control. Please read this manual thoroughly before use to ensure proper operation and maintenance.

2. SAFETY INSTRUCTIONS

- This product is suitable for cats over 6 months old, weighing between 1kg and 8kg.
- Ensure the anti-bite power cord is properly connected and undamaged to prevent electrical hazards.
- The integrated safety protection mechanisms, including thermopile bio-radar and incident protection, are designed to prevent injury to your pet. Do not attempt to bypass or disable these features.
- Keep the device on a stable, level surface to prevent tipping.
- Do not immerse the main unit in water. Refer to cleaning instructions for washable components.
- Supervise kittens (less than 3 months) and lactating cats, and consider using manual mode for their safety.

3. PRODUCT OVERVIEW

3.1 Components Included

- 1x Smart Litter Box
- 1x Cat Mat
- 1x Power Adapter (with Anti-Bite Power Cord)
- 1x Garbage Bag
- 1x Instruction Manual

3.2 Key Features

- APP remote intelligent control (2.4GHz WiFi)

- Ionic deodorization system (eliminates up to 99.8% of odors)
- Multi-cat toilet data monitoring
- 4 sets of sensors for enhanced safety
- Tank-silo integrated structure with non-stick bottom bucket warehouse
- Compatible with various clumping cat litter types (Tofu, Bentonite, Ore)
- Multiple job modes and one-key sand replacement function
- Self-rotating container (9L waste capacity)
- Large internal space (65L) with a 5.9-inch low entry design
- Washable trash can for easy cleaning

4. SETUP

4.1 Unpacking and Placement

1. Carefully remove all components from the packaging.
2. Place the litter box on a firm, level surface in a suitable location. Ensure there is enough space around the unit for proper operation and maintenance.
3. The product does not require assembly.

4.2 Power Connection

1. Connect the power adapter to the litter box.
2. Plug the power adapter into a standard electrical outlet. The device will power on and initiate a self-check.

4.3 Adding Cat Litter

1. Open the litter box entrance.
2. Pour clumping cat litter into the inner barrel. The recommended amount of cat litter is 3.1kg. Do not overfill.
3. Ensure the litter is evenly distributed.

5. OPERATING INSTRUCTIONS

5.1 Control Panel Functions

The control panel on the front of the unit allows for manual operation and mode selection.

More Convenient Litter Change Mode

All the old litter can be recovered through the touch panel of the device or App operation to replace into the new litter.

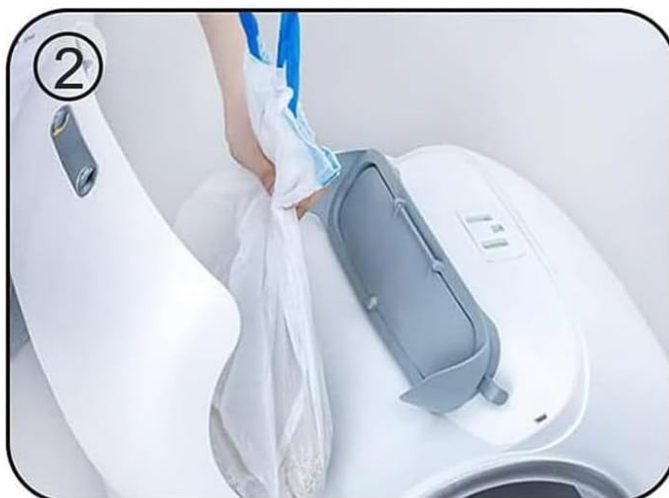

Figure 3: Litter change mode operation.

- **Clean Button:** Initiates a manual cleaning cycle.
- **Auto Button:** Activates automatic cleaning mode. The device will detect cat presence and clean after a set delay.
- **Replace Button:** Activates the one-key sand replacement function, emptying the old litter into the waste bin.
- **Remove Odor Button:** Activates the ionic deodorization system.
- **Full Indicator:** Lights up when the waste collector is full and needs emptying.

5.2 Automatic Cleaning

In automatic mode, the litter box uses its sensors to detect when your cat has used the litter box. After a preset delay (configurable via APP), it will automatically initiate a cleaning cycle, sifting waste into the internal 9L collector.

6. APP CONTROL

The SOUQDWL Smart Self-Cleaning Cat Litter Box can be remotely controlled and monitored via a dedicated mobile application.

6.1 Connecting to the APP

1. Download the SOUQDWL APP from your smartphone's app store.
2. Ensure your smartphone is connected to a 2.4GHz WiFi network. The litter box only supports 2.4GHz WiFi.
3. Follow the in-app instructions to pair your device.

6.2 APP Functions

Take Less Place More Inner Space

4.5 ft³

Take Less Space

65L

Large Inner Space
Fit Cat Up to 17.5 lb

9L

Up to 14 Days
For 1 Cat

Figure 4: APP control and health monitoring interface.

- **Remote Control:** Initiate cleaning cycles, activate deodorization, or perform litter replacement from anywhere.
- **Multi-Cat Data Monitoring:** Track the frequency of use for multiple cats, monitor cat weight, and view usage statistics.
- **Health Monitoring:** Gain insights into your cat's toilet habits, which can be an indicator of their health.
- **Settings:** Adjust cleaning intervals, sensor sensitivity, and other device parameters.
- **Notifications:** Receive alerts for waste bin full, device status, or potential issues.

7. MAINTENANCE AND CLEANING

Regular maintenance ensures optimal performance and hygiene of your SOUQDWL Smart Self-Cleaning Cat Litter Box.

7.1 Emptying the Waste Collector

1. When the 'Full' indicator lights up on the control panel or in the APP, it's time to empty the waste collector.

2. Press the 'Replace' button on the control panel or in the APP to initiate the litter emptying process.
3. Carefully pull out the waste drawer.
4. Remove the used garbage bag, seal it, and dispose of it.
5. Insert a new garbage bag into the waste drawer and slide it back into the unit until it clicks into place.

7.2 Cleaning the Inner Barrel

The inner barrel features a non-stick bottom for easier cleaning.

1. Ensure the device is powered off and unplugged before cleaning.
2. The inner barrel can be removed for thorough cleaning. Separate the cat litter tank from the base.
3. Wash the inner barrel with mild soap and water. Rinse thoroughly and ensure it is completely dry before reassembling.
4. The waste drawer is also washable.

7.3 Ionic Deodorization System

Ion odor purification system

Eliminates Up To 99.8% of Smells

Self-Closing
Waste Drawer
Door

Negative pressure
inhalation
locks in odours

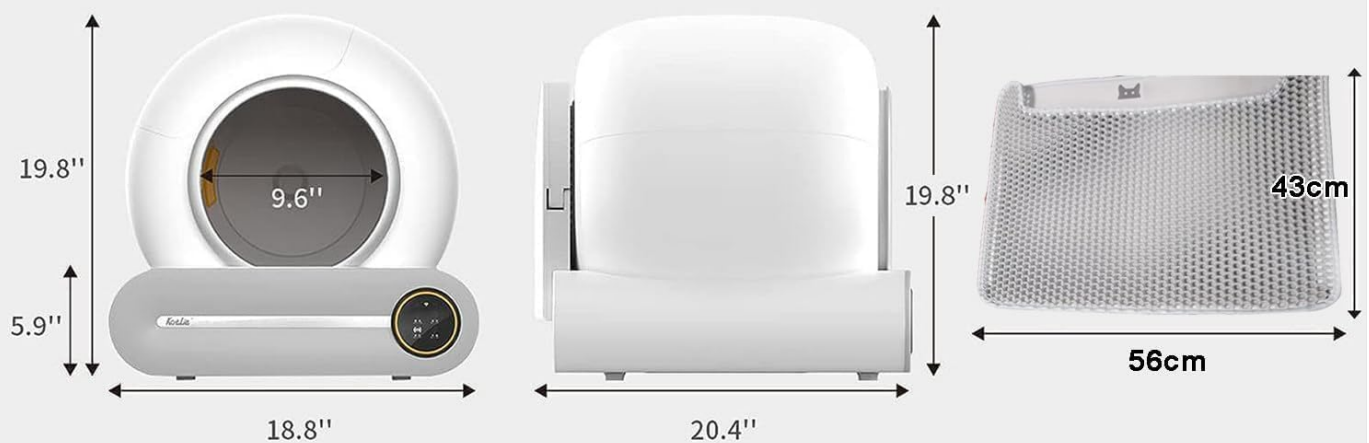

Figure 5: Ion odor purification system.

The ionic deodorization system scientifically controls odors without the need for consumables. Activate it manually via the control panel or APP, or set it to operate automatically.

8. TROUBLESHOOTING

- **Device not powering on:** Check if the power adapter is securely plugged into both the device and the wall outlet. Ensure the outlet is functional.
- **Cleaning cycle not starting:** Verify that the device is in automatic mode or manually initiate a cycle. Check for obstructions or if the waste bin is full. Ensure your cat meets the weight requirements (1-8kg).
- **APP connection issues:** Confirm your smartphone is connected to a 2.4GHz WiFi network. Restart your router and the litter box, then try pairing again.
- **Odor persists:** Ensure the ionic deodorization system is active. Check if the waste bin needs emptying and if the inner barrel requires cleaning.
- **Cat not using the litter box:** Ensure the litter type is compatible and familiar to your cat. Allow time for your cat to adjust to the new device.
