CIARRA CBPAC59-W

CIARRA Mobile Air Conditioner User Manual

Model: CBPAC59-W

1. INTRODUCTION

Thank you for choosing the CIARRA Mobile Air Conditioner. This appliance is designed to provide efficient cooling, dehumidification, and air circulation for your indoor spaces. Featuring R290 refrigerant technology, it is an environmentally conscious choice for maintaining a comfortable climate. Please read this manual thoroughly before operation to ensure proper use, maintenance, and safety.

2. SAFETY INFORMATION

To prevent injury to the user or other people and property damage, the following instructions must be followed. Incorrect operation due to ignoring instructions may cause harm or damage.

- **Power Supply:** Ensure the power outlet matches the appliance's voltage and frequency. Do not overload power outlets.
- **Placement:** Place the unit on a flat, stable surface. Do not block air inlets or outlets. Maintain adequate clearance around the unit for proper airflow.
- **Refrigerant:** This unit uses R290 refrigerant. Do not puncture the refrigerant circuit. Only qualified personnel should service the unit.
- **Water Tank:** Do not overfill the water tank. Regularly empty the water tank to prevent overflow and mold growth.
- **Children and Pets:** Keep children and pets away from the unit during operation. The child lock feature can prevent accidental changes to settings.
- **Cleaning:** Always unplug the unit before cleaning or performing any maintenance.
- **Transportation:** After unpacking, allow the unit to stand upright for 2 to 3 hours before plugging it in. This allows the refrigerant to stabilize after transport.

3. PACKAGE CONTENTS

Carefully unpack your CIARRA Mobile Air Conditioner and check that all items are present and in good condition. If any items are missing or damaged, please contact customer support.

- Mobile Air Conditioner Unit
- Remote Control
- 4 x Easy-Glide Wheels
- Pump Hose Filter
- External (Drain) Water Tray
- User Manual

4. PRODUCT FEATURES

The CIARRA Mobile Air Conditioner is designed with advanced features for optimal comfort and efficiency:

- **3-in-1 Multifunction:** Combines cooling, dehumidification, and fan modes, along with a sleep mode for year-round comfort.
- **Eco-Friendly & Energy Efficient:** Utilizes R290 refrigerant and operates with low power consumption (200W), achieving an energy efficiency class A rating.
- **Ultra-Quiet Operation:** Engineered for quiet performance, with noise levels between 38-43 dB, making it suitable for bedrooms and home offices.
- **No Installation Required:** A plug-and-go design means no drilling, external units, or complex wiring.
- **Highly Portable:** Equipped with 4 x 360° wheels for effortless movement between rooms, such as the kitchen,

bedroom, or office.

- **Large Water Tank:** Features a 3-liter water tank providing 10 to 16 hours of continuous cooling per fill, reducing the need for frequent refills.
- **Digital Display & Remote Control:** Easy control via an intuitive LED touchscreen and a convenient remote control.

5. SETUP

Setting up your CIARRA Mobile Air Conditioner is quick and easy:

1. **Unpack and Stabilize:** Remove the unit from its packaging. Place it upright on a flat, stable surface. Allow the unit to stand for 2 to 3 hours before plugging it into a power outlet. This ensures the refrigerant settles properly after transit.
2. **Attach Wheels:** If not pre-attached, securely fasten the four easy-glide wheels to the bottom of the unit.
3. **Add Water:** Open the water tank compartment and fill it with clean water. Ensure the water level does not exceed

the 'MAX' indicator.

4. **Positioning:** Place the unit in the desired room. Thanks to its compact size and wheels, it can be easily moved to different locations such as the kitchen, bedroom, or office. Ensure there is adequate space around the unit for proper air circulation.
5. **Power On:** Plug the power cord into a suitable electrical outlet. The unit is now ready for operation.

Operating Modes

- **Cooling Mode:** Provides powerful cooling for your space.
- **Dehumidifying Mode:** Reduces humidity levels, ideal for damp environments.
- **Fan Mode:** Circulates air without cooling, perfect for gentle ventilation.
- **Sleep Mode:** Operates at a lower fan speed and reduced noise level for undisturbed rest.

Functions

- **Power On/Off:** Press the power button to turn the unit on or off.
- **Mode Selection:** Use the 'Mode' button to cycle through Cooling, Dehumidifying, Fan, and Sleep modes.
- **Fan Speed:** Adjust the fan speed (Low, Medium, High) using the 'Speed' button.
- **Timer:** Set a timer for automatic shut-off or turn-on.
- **Swing Function:** Activate the automatic oscillation feature for wider air distribution.
- **Child Lock:** Engage the child lock to prevent accidental changes to settings, suitable for households with children.

or seniors.

7. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your air conditioner.

Cleaning the Air Filter

The air filter should be cleaned regularly (every two weeks or more often depending on usage) to maintain efficiency.

1. Unplug the unit from the power outlet.
2. Locate and remove the air filter from the back or side of the unit.
3. Clean the filter with a vacuum cleaner to remove dust, or wash it gently with warm water and mild detergent.
4. Rinse thoroughly and allow the filter to air dry completely before reinserting it into the unit.

Draining the Water Tank

The unit collects water during cooling and dehumidifying operations. The 3-liter tank provides extended operation, but it will need to be drained periodically.

1. Unplug the unit.
2. Position the external water tray or a suitable container under the drain outlet.
3. Remove the drain plug and allow the water to flow out completely.
4. Once drained, securely replace the drain plug.

3L Tank läuft 10–16 Stunden durchgehend

Figure 7.1: Accessing the 3L water tank and filter for maintenance.

Storage

If the unit will not be used for an extended period:

- Drain all water from the tank.
- Clean the air filter.
- Store the unit in a dry, cool place, away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

Before contacting customer support, please refer to the following troubleshooting guide for common issues:

Problem	Possible Cause	Solution
Unit does not turn on	No power supply; Power cord not plugged in; Power outlet faulty.	Check power connection; Try a different outlet; Ensure unit has been upright for 2-3 hours after transport.
No cooling or insufficient cooling	Water tank empty; Air filter clogged; Room too large; Doors/windows open.	Refill water tank; Clean air filter; Ensure unit is suitable for room size; Close doors/windows.
Unit is noisy	Unit not on a flat surface; Obstruction in fan.	Place on a flat, stable surface; Check for and remove any obstructions.
Water leakage	Drain plug not secure; Water tank overfilled.	Ensure drain plug is tightly closed; Do not overfill water tank.

9. SPECIFICATIONS

Detailed technical specifications for the CIARRA Mobile Air Conditioner Model CBPAC59-W:

Specification	Value
Model Number	CBPAC59-W
Dimensions (L x W x H)	34.29 x 21.49 x 59 cm
Weight	12.5 kg (27.56 lbs)
Rated Power	200 Watts
Cooling Capacity	1800 BTU
Refrigerant	R-290
Water Tank Capacity	3 Liters
Noise Level	38-43 dB
Energy Efficiency Class	A
Control Method	Remote Controlled

10. WARRANTY AND SUPPORT

For warranty information or technical support, please contact CIARRA customer service. Keep your purchase receipt as

proof of purchase for any warranty claims.
