# VECELO KHD-SS07-WHT-C Entryway Shoe Bench User Manual

Model: KHD-SS07-WHT-C

## 1. Product Overview

The VECELO KHD-SS07-WHT-C Entryway Shoe Bench is designed to provide both seating and shoe storage in various home environments such as entryways, hallways, living rooms, and bedrooms. It features flip-down drawers for shoe organization, a side cabinet for additional storage, and a comfortable upholstered seat cushion.

## 2. Safety Information

- Ensure all components are securely fastened before use.
- Do not exceed the maximum weight recommendation of 400 pounds for the bench.
- Keep small parts away from children during assembly to prevent choking hazards.
- Place the bench on a flat, stable surface to prevent tipping.

## 3. Package Contents

Before beginning assembly, verify that all parts listed in the instruction manual are present and undamaged. Refer to the included hardware kit for specific component identification.

## 4. Setup and Assembly

Assembly of the VECELO Entryway Shoe Bench requires careful attention to the provided instructions. While generally straightforward, some steps may require precision.

### 4.1 General Assembly Guidelines

- Read the entire instruction manual carefully before starting assembly.
- Lay out all components on a clean, soft surface to prevent scratches.
- Use the provided tools or appropriate household tools for assembly. Do not overtighten screws.
- It is recommended to have two people for assembly to ensure stability and ease of handling larger components.

### 4.2 Specific Assembly Tip: Lock Nuts

During the final steps, when connecting the top and bottom sections, pay close attention to the 'A package' lock nuts. These are double-ended posts with a screw on one end and a Phillips head on the other. Screw the threaded side into the top board first. The Phillips head side will then click into the corresponding locking nuts on the other component.

## 5. Operating Instructions

### 5.1 Shoe Storage

- The bench features two flip-down drawers designed to store approximately 8-12 pairs of shoes, depending on shoe size.
- Each compartment includes a removable and adjustable panel. This allows you to customize the storage space to accommodate different shoe heights, such as boots or high heels.
- To open the flip drawers, gently pull the metal handles. The drawers will pivot downwards.

### 5.2 Side Cabinet Storage

- The side cabinet provides additional enclosed storage. The door is equipped with a magnetic closure for secure keeping.
- This cabinet is suitable for storing smaller items, accessories, or additional shoe care products.

### 5.3 Seating Function

- The bench is topped with a thick, soft PU leather cushion, providing a comfortable seating surface for putting on or taking off shoes.
- The cushion is designed for comfort and convenience.

Image 5.2: Exploded view illustrating the layers of the seat cushion, including smooth PU, thick foam, sturdy plywood, and non-woven fabric.

## 6. Maintenance and Care

### 6.1 Cleaning the Seat Cushion

- The PU leather cushion is waterproof and easy to clean.
- For general cleaning, wipe with a damp cloth and mild soap. Avoid harsh chemicals.
- For deeper cleaning, the cushion can be hand washed. Ensure it is thoroughly dry before reattaching or using.

### 6.2 Cleaning the Bench Frame

- Wipe the wood and metal surfaces with a soft, dry or slightly damp cloth.
- Avoid abrasive cleaners or materials that could scratch the finish.

### 6.3 General Care

- Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- Avoid exposing the bench to direct sunlight or extreme humidity for prolonged periods to prevent material degradation.

## 7. Troubleshooting

### 7.1 Assembly Difficulties

- If you encounter difficulties during assembly, re-read the relevant section of the instruction manual.
- Ensure all parts are correctly oriented as depicted in the diagrams.
- Refer to the specific tip regarding lock nuts in Section 4.2 if you are having trouble connecting sections.

### 7.2 Shoe Fit Issues

- If certain shoes do not fit in the flip drawers, utilize the adjustable and removable panels to create more space.
- Note that the depth of the flip drawers may not accommodate all shoe sizes, particularly larger women's sizes (e.g., size 7 and above) or bulky footwear.

### 7.3 General Issues

For any other problems or concerns not addressed here, please contact VECELO customer support.

## 8. Specifications

| | |
|---|---|
| **Model Number** | KHD-SS07-WHT-C |
| **Brand** | VECELO |
