2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling or using this product. Failure to follow these instructions may result in injury or damage to the product.

- Ensure all components are securely fastened before use. Periodically check and tighten all bolts and screws.
- Do not exceed the maximum weight capacity of 500 lbs (227 kg).
- Keep small parts away from children during assembly to prevent choking hazards.
- Avoid standing or jumping on the sofa bed.
- Use caution when converting the sofa bed to prevent pinching fingers or other body parts.
- Place the sofa bed on a level, stable surface.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

4. SETUP AND ASSEMBLY

Assembly of the Luxizawmllinium Convertible Sofa Bed is designed to be straightforward. It typically requires two adults and can be completed within 20 minutes.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Attach Legs:** Securely attach the four sofa legs to the bottom of the main sofa frame using the provided hardware. Ensure they are tightened firmly.
3. **Install Armrests:** Attach the removable armrests to both sides of the main sofa frame. Align the connection points and fasten them with the designated hardware.
4. **Final Check:** Once all components are assembled, gently lift and place the sofa bed in its desired location. Verify that all connections are stable and secure before use.

5. OPERATING INSTRUCTIONS

The Luxizawmlinium 3-in-1 Convertible Sofa Bed offers three primary configurations: sofa, recliner, and bed.

5.1 Adjusting the Backrest

The backrest can be adjusted to three different angles (105°, 135°, 180°) to suit your comfort needs.

1. To adjust, push the backrest forward slightly until you hear a click, then gently recline it to your desired angle.
2. To return to an upright position, push the backrest all the way forward until it clicks into the 105° position, then release.

5.2 Converting to Recliner or Bed Mode

The sofa features a pull-out mechanism to transform it into a recliner or a full-size bed.

1. **To Recline:** Partially pull out the hidden bed section from underneath the main sofa. The front section will extend, creating a chaise lounge or recliner configuration.
2. **To Convert to Bed:** Fully pull out the hidden bed section using the two auxiliary hand straps located at the end of the pull-out unit. The movable pulleys at the bottom facilitate smooth extension. Once fully extended, the sofa transforms into a sleeping surface.
3. **To Revert to Sofa:** Push the extended section back underneath the main sofa until it is fully retracted and securely in place.

6. MAINTENANCE

Proper care and maintenance will extend the life and appearance of your sofa bed.

- **Cleaning Velvet Fabric:** For general cleaning, gently vacuum the velvet fabric using an upholstery attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, use a mild fabric cleaner specifically designed for velvet, testing on an inconspicuous area first. Follow the cleaner's instructions carefully.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading of the fabric. Position your sofa bed away from direct sunlight or use curtains/blinds.
- **Regular Inspection:** Periodically check all bolts and screws and tighten them if necessary to maintain stability.

7. TROUBLESHOOTING

If you encounter any issues with your sofa bed, refer to the following common problems and solutions:

- Difficulty Converting:**
Issue: The pull-out mechanism feels stiff or gets stuck.
Solution: Ensure there are no obstructions (e.g., rugs, debris) underneath the sofa bed. Check that the pulleys are clean and move freely. Apply a silicone-based lubricant to the moving parts if necessary.
- Sofa Feels Unstable:**
Issue: The sofa wobbles or feels loose.
Solution: Re-check all assembly bolts and screws, especially those connecting the legs and armrests, and tighten them securely. Ensure the sofa is placed on a flat, even surface.
- Backrest Not Adjusting:**
Issue: The backrest does not click into different angles.
Solution: Ensure you are pushing the backrest slightly forward before attempting to recline or raise it. Check for any obstructions in the adjustment mechanism.

If these solutions do not resolve the issue, please contact Luxizawmlinium customer support.
