Introduction

This manual provides detailed instructions for assembling, operating, and maintaining your HiWEEGO Flower Purple Rose Building Set with Cover and LED Light. Please read this manual carefully before beginning assembly to ensure proper use and enjoyment of your product.

Important Safety Information: This set contains small parts and is recommended for ages 6 and up. Keep small parts away from young children to prevent choking hazards.

Setup and Assembly

Before you begin, ensure all components are present. Refer to the component diagram below.

Components Checklist:

- Building bricks for roses (purple, pink)
- Building bricks for leaves and stems (green)
- Building bricks for small white flowers
- Base plate with "Best Love" inscription
- Transparent display cover (dome)
- LED lighting string with battery compartment (batteries not included)
- Instruction Manual (this document)

Assembly Steps:

1. **Prepare the Base:** Place the main base plate on a flat, stable surface.
2. **Assemble the Flowers:**
    a. Carefully connect the petals to form the rose shapes. Ensure they are securely attached.
    b. Attach the assembled roses to the green stem pieces.
3. **Build the Floral Arrangement:**
    a. Begin attaching the green leaf and stem pieces to the base plate, following the visual guide.
    b. Integrate the small white flower bricks into the green foliage on the base.
    c. Attach the rose stems to the base, arranging them as desired.
4. **Install LED Lighting:**
    a. Carefully weave the LED lighting string around the roses and foliage. Ensure the battery compartment is accessible.
    b. Insert the required batteries (AA or AAA, not included) into the battery compartment.
5. **Place the Display Cover:** Once the floral arrangement and lighting are complete, carefully place the transparent cover over the entire assembly, ensuring it sits flush with the base.

Operating Instructions

LED Light Operation:

- To turn the LED lights ON, locate the switch on the battery compartment and slide it to the "ON" position.
- To turn the LED lights OFF, slide the switch to the "OFF" position.
- Ensure fresh batteries are installed for optimal brightness.

Adjusting Petals and Leaves:

- The petals of the roses are designed to be adjustable. Gently rotate or pivot individual petals to achieve your desired bloom appearance.
- The green leaves attached to the stems can also be adjusted. Carefully move them left or right to create a natural and balanced display.

Maintenance

Cleaning:

- To clean the building set, gently wipe with a soft, dry cloth.
- For stubborn dust, a slightly damp cloth can be used, followed by immediate drying.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic components and the transparent cover.

Battery Replacement:

- When the LED lights dim or stop working, it's time to replace the batteries.
- Open the battery compartment on the LED lighting string.
- Remove old batteries and insert new AA or AAA batteries (refer to the compartment for correct type and polarity).

- Close the battery compartment securely.

Troubleshooting

Problem	Possible Cause	Solution
Parts do not fit together or fall apart easily.	Incorrect alignment; insufficient pressure during assembly; damaged parts.	Ensure parts are correctly aligned before applying firm, even pressure. Refer to the assembly video and diagrams. If parts are damaged, contact customer support.
LED lights do not turn on.	Batteries are dead or incorrectly installed; switch is off; wiring issue.	Check if the switch is in the "ON" position. Replace batteries with new ones, ensuring correct polarity. Verify all connections of the lighting string.
Transparent cover does not fit properly.	Floral arrangement is too wide or tall; debris on the base rim.	Gently adjust the roses and leaves to ensure they are within the cover's dimensions. Clear any obstructions from the base rim.
