## OPERATING INSTRUCTIONS

---

### Height Adjustment

To adjust the chair's height, locate the lever on the right side beneath the seat. Pull the lever upwards while applying or releasing weight from the seat to move it up or down. Release the lever to lock the height.

### Backrest Recline

The backrest can be reclined from 90° to 165°. Pull the recline lever, typically located on the left side of the seat, and lean back to your desired angle. Release the lever to lock the backrest in position.

## Footrest Operation

To extend the footrest, pull it out from underneath the seat. To retract, push it back until it is fully stored beneath the seat.

## Massage Function

The lumbar pillow features a USB-powered massage function. Connect the USB cable from the pillow to a compatible USB power source (e.g., computer, power bank). The massage function will activate upon connection.

## MAINTENANCE

- **Cleaning:** The chair's PU leather surface can be cleaned by gently wiping with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Casters:** Keep casters free of debris (hair, dust) to ensure smooth movement.

## TROUBLESHOOTING

- **Squeaking Noises:** If the chair develops squeaking noises, check all bolted connections and ensure they are tightened. Applying a small amount of silicone lubricant to moving metal parts may also help.
- **Difficulty Adjusting Height:** Ensure the height adjustment lever is fully engaged or disengaged. Check for any obstructions around the gas lift cylinder.
- **Unstable Chair:** Verify that all components are correctly assembled and tightened according to the instructions. Ensure the chair is on a flat, even surface.
