Safety Information

- Always assemble the product on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.

- Do not exceed the maximum weight capacity of 529 lbs (240 kg) for the overall static load, and 11 lbs (5 kg) per drawer.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Avoid placing hot items directly on the surface without protection.
- Use the locking casters to secure the island in place when not in motion.

Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x Kitchen Island (all structural panels and components)
- 1 x Accessory Kit (includes all necessary screws, dowels, and small hardware)
- 1 x Instructions Manual

Assembly Instructions

Assembly is required for this product. Follow the included step-by-step pictorial instructions carefully. It is recommended to have a Phillips head screwdriver and hex wrenches (often included in the accessory kit) for assembly. Some steps may require two people.

1. Unpack all components and lay them out on a clean, soft surface. Verify against the parts list in the included manual.
2. Attach the casters to the base of the island. Ensure two casters with brakes are positioned at the front for stability.
3. Assemble the main frame of the island, securing panels with the provided hardware. Pay close attention to the orientation of each piece as shown in the diagrams.
4. Install the drawer slides and assemble the drawers. Ensure smooth operation before proceeding.
5. Attach the adjustable shelves within the cabinet sections.
6. Mount the cabinet doors and adjust hinges for proper alignment.
7. Install the drop-leaf mechanism and the drop-leaf panel.
8. Attach the spice rack and paper towel holder to the sides of the island.
9. Perform a final check to ensure all connections are tight and the island is stable.

Features and Functions

1. Flexible Drop-Leaf Countertop

The island features an extendable drop-leaf countertop. This allows you to expand your workspace for food preparation or dining, and fold it down to save space when not in use.

Operating Instructions

Extending/Folding the Drop-Leaf Countertop:

- To extend: Gently lift the drop-leaf panel until it is level with the main countertop. The support brackets will automatically lock into place.
- To fold: Locate the release levers on the underside of the support brackets. Press the levers to disengage the lock, then carefully lower the drop-leaf panel.

Moving and Locking the Island:

- To move: Ensure the brakes on the two lockable casters are disengaged. Push the island to your desired location.
- To lock: Once the island is in position, press down on the levers of the two lockable casters until they click into place. This will prevent the island from rolling.

Adjusting Shelves:

- Empty the shelf before adjusting.
- Carefully remove the shelf from its current position.
- Re-insert the shelf into the desired set of pre-drilled holes, ensuring it is level and secure.

Maintenance and Care

- **Cleaning:** Wipe the surfaces with a dry cloth. For stubborn marks, a slightly damp cloth followed by a dry cloth can be used.

Avoid harsh chemicals or abrasive cleaners.

- **Protection:** Use coasters or placemats to protect the countertop from spills and heat.
- **Fasteners:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Casters:** Keep casters free of debris to ensure smooth movement.

Troubleshooting

Problem	Possible Cause	Solution
Island is wobbly or unstable.	Loose fasteners; uneven floor.	Check and tighten all screws and bolts. Ensure the island is on a level surface.
Drawers do not slide smoothly or scrape.	Misaligned drawer slides; bent track; debris in track.	Verify drawer slides are correctly installed and aligned. Check tracks for any obstructions or damage.
Drop-leaf panel does not extend or fold properly.	Mechanism obstructed or damaged; incorrect installation.	Inspect the support brackets and hinges for obstructions. Ensure the mechanism was installed according to instructions.
Casters do not roll or lock.	Debris in casters; brake engaged; damaged caster.	Clean casters of any hair or debris. Ensure brakes are disengaged for movement. If damaged, contact support.
Missing parts during assembly.	Packaging oversight.	Carefully re-check all packaging materials. If still missing, contact customer support with your purchase details.
