RL LIVE YOUR LIGHT R54891165

Reality Leuchten Munoz R54891165 LED Table Lamp Instruction Manual

Model: R54891165 | Brand: RL LIVE YOUR LIGHT

1. INTRODUCTION

This manual provides essential information for the safe and efficient use of your Reality Leuchten Munoz R54891165 LED Table Lamp. Please read these instructions carefully before first use and retain them for future reference.

Product Overview

The Munoz LED Table Lamp is a modern, portable lighting solution featuring a durable metal construction and a sophisticated design. It incorporates an energy-efficient LED light source and offers convenient touch control for adjustable brightness. Its battery-powered design allows for flexible placement without the need for a constant power outlet.

Package Contents

- Munoz LED Table Lamp (Model R54891165)
- USB Charging Cable
- Instruction Manual (this document)

2. SETUP

Follow these steps to prepare your lamp for first use.

Unpacking

Carefully remove all components from the packaging. Inspect the lamp and accessories for any signs of damage. If any damage is found, do not proceed with setup and contact customer support.

Initial Charging

Before initial use, fully charge the lamp's internal battery. Connect the provided USB charging cable to the lamp's charging port and to a suitable USB power source (e.g., computer USB port, USB wall adapter). The charging time is approximately 7 to 9 hours for a full charge.

Image: Informative graphic illustrating key features: 4-level touch control, battery operation, USB charging, typical charging duration (7-9 hours), and approximate operating time (8-10 hours).

3. OPERATING INSTRUCTIONS

The Munoz LED Table Lamp features intuitive touch control for power and brightness adjustment.

Power On/Off and Brightness Adjustment

The lamp is equipped with a 4-level touch function. To operate:

1. **To Turn On:** Lightly touch the sensor located on the top of the lamp shade. The lamp will illuminate at its lowest brightness setting.
2. **To Adjust Brightness:** Continue to lightly touch the sensor to cycle through the three available brightness levels.
3. **To Turn Off:** After cycling through all brightness levels, a subsequent touch will turn the lamp off.

4. CHARGING INSTRUCTIONS

To ensure optimal performance and battery longevity, follow these charging guidelines.

Recharging the Battery

- Connect the lamp to a USB power source using the provided USB cable.
- A full charge typically takes 7 to 9 hours.
- When fully charged, the lamp provides approximately 8 hours of illumination at maximum brightness.
- Avoid overcharging the battery for extended periods.

The lamp can be used while charging, but it is recommended to charge it fully before portable use.

5. MAINTENANCE

Proper care will help maintain the appearance and functionality of your lamp.

Cleaning

- Ensure the lamp is turned off and disconnected from any charging source before cleaning.

- Wipe the lamp with a soft, dry cloth.
- For stubborn marks, a slightly damp cloth can be used, followed by immediate drying.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.

Storage

If storing the lamp for an extended period, ensure the battery is partially charged (around 50%) to preserve battery health. Store in a cool, dry place away from direct sunlight and extreme temperatures.

6. TROUBLESHOOTING

If you encounter issues with your lamp, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Lamp does not turn on.	Battery is depleted.	Charge the lamp fully using the provided USB cable.
Lamp does not turn on.	Touch sensor not responding.	Ensure your finger makes full contact with the touch sensor. Try cleaning the sensor area.
Lamp does not charge.	USB cable or power source issue.	Check if the USB cable is securely connected. Try a different USB port or power adapter. Ensure the power source is active.
Short operating time after full charge.	Battery degradation or high brightness setting.	Battery life naturally decreases over time. Using lower brightness settings will extend operating time.

If the problem persists after attempting these solutions, please contact customer support.

7. SPECIFICATIONS

Detailed technical specifications for the Munoz LED Table Lamp.

Brand	RL LIVE YOUR LIGHT
Model Number	R54891165
Manufacturer	Reality Leuchten
Dimensions (L x W x H)	13 x 13 x 21 cm
Weight	385 g
Material	Metal
Power Consumption	1.3 Watts
Luminous Flux	120 lumens
Color Temperature	3000 Kelvin
Light Source Type	Integrated LED
Switch Type	Touch Control (4 levels)

Power Source	Battery Powered (USB rechargeable)
Charging Time	Approx. 7-9 hours
Operating Time (Max Brightness)	Approx. 8 hours
Energy Efficiency Class	E

Image: Energy efficiency label indicating the product's energy class as E.

8. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product.

- This product is designed for indoor use only. Do not expose to rain or moisture.
- Do not attempt to disassemble or modify the lamp. This may void the warranty and pose safety risks.
- Keep the lamp away from heat sources, direct sunlight, and flammable materials.
- Use only the provided USB cable for charging.
- Do not immerse the lamp in water or any other liquid.
- The integrated LED light source is not replaceable. If the LED fails, the entire luminaire must be replaced.
- This product contains a light source of energy efficiency class E.
- Keep out of reach of children and pets.

9. WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the retailer or manufacturer's official website where the product was purchased. Specific warranty terms may vary by region and retailer.

For technical assistance or inquiries not covered in this manual, please contact the manufacturer, Reality Leuchten, or your point of purchase.
