5. SETUP

Before first use, fully charge your Kuulaa 10000mAh Magsafe Power Bank.

1. Connect the provided USB-A to USB-C charging cable to the USB-C port on the power bank.
2. Plug the USB-A end of the cable into a compatible USB wall adapter (not included) or a computer's USB port.
3. The indicator lights on the power bank will illuminate to show charging status. All lights will be solid when fully charged.

6. OPERATING INSTRUCTIONS

6.1 Charging the Power Bank

Follow the steps in the Setup section to charge the power bank. Ensure the power bank is fully charged for optimal performance.

6.2 Wireless Charging (MagSafe Compatible)

For iPhone 16/15/14/13/12 series:

1. Ensure your iPhone is MagSafe compatible or has a MagSafe-compatible case.
2. Align the power bank with the back of your iPhone. The strong magnets will snap it into place.
3. Wireless charging will begin automatically. The wireless charging indicator light on the power bank will illuminate.

4X Magnetic Attachment

Enjoy effortless charging on the go with a simple snap

6.3 Wired Charging (USB-C Output)

For devices requiring wired charging:

1. Connect one end of a USB-C to USB-C cable (or your device's charging cable) to the USB-C port on the power bank.
2. Connect the other end of the cable to your device's charging port.
3. Charging will begin automatically. The power bank supports PD20W fast charging via the USB-C port.

6.4 Indicator Lights

The power bank features indicator lights to show its battery level and charging status:

- **Battery Indicator Lights:** Typically four LED lights indicate the remaining battery capacity.
- **Wireless Charging Indicator:** A dedicated light (often blue) indicates active wireless charging.

7. MAINTENANCE

- Clean the power bank with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- If not used for extended periods, charge the power bank at least once every three months to maintain battery health.

8. TROUBLESHOOTING

8.1 Power Bank Not Charging

- Ensure the charging cable is securely connected to both the power bank and the power source.

- Try a different USB wall adapter or USB port.
- Test with a different USB-C charging cable.

8.2 Device Not Charging Wirelessly

- Ensure your device is MagSafe compatible or has a MagSafe-compatible case.
- Verify the power bank is sufficiently charged.
- Ensure proper alignment of the power bank with your device's charging coil.
- Remove any thick cases or metallic objects between the power bank and your device.

8.3 Device Not Charging Via USB-C

- Ensure the USB-C cable is securely connected to both the power bank and your device.
- Verify the power bank is sufficiently charged.
- Try a different USB-C cable.
- Ensure your device's charging port is clean and free of debris.
