Lyromix Lyromix Combination Dog Crate XXL

Lyromix XXL 48-inch Dog Crate Furniture with 3 Doors

Model: Lyromix Combination Dog Crate XXL

IMPORTANT SAFETY INSTRUCTIONS

Please read and understand all instructions before assembling and using this product. Failure to follow these instructions may result in injury to your pet or damage to the product.

- Ensure all parts are securely fastened before allowing your pet to use the crate.
- Do not exceed the recommended weight capacity for the top surface.
- Regularly inspect the crate for any loose parts, damage, or signs of wear. Discontinue use if any damage is found.
- This crate is designed for indoor use only.
- Choose the correct size crate for your dog. Your dog should be able to stand up, turn around, and lie down comfortably inside. For the XXL size (47.24"W×29.13"D×37.6"H), measure your standing dog and add 4 inches to both final measurements to ensure proper fit.
- Keep children away from the crate during assembly and ensure they do not play inside or on top of the crate.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Wooden Top Panel
- Side Panels (Metal and Engineered Wood)
- Front Door Panels (3 doors)
- Bottom Panel
- Assembly Hardware (screws, bolts, etc.)
- Assembly Tools (if included)
- Instruction Manual

SETUP AND ASSEMBLY

Assembly is required for this product. Please follow the detailed instructions provided in the included assembly manual. The modular design allows for various configurations.

Assembly Overview

1. Unpack all components and verify against the package contents list.
2. Assemble the side and back panels using the provided hardware.
3. Attach the bottom panel.
4. Install the three door panels, ensuring latches operate smoothly.
5. Secure the top wooden panel.

Flexible Combination Options

This dog crate features a modular design, allowing for various configurations to suit your space and needs:

- **Single Independent Use:** Use as a standalone crate.
- **TV Large Dog Crate:** Combine two units side-by-side to create a wider surface, suitable for larger dogs or as a TV stand.
- **Corner Dog Crate:** Arrange units in an L-shape to utilize corner spaces efficiently.
- **Stackable Dog Crate:** Multiple units can be stacked to save floor space, ideal for multiple dogs (ensure stability when stacking).

Various Combination Choice

The middle partition can be removed after connection

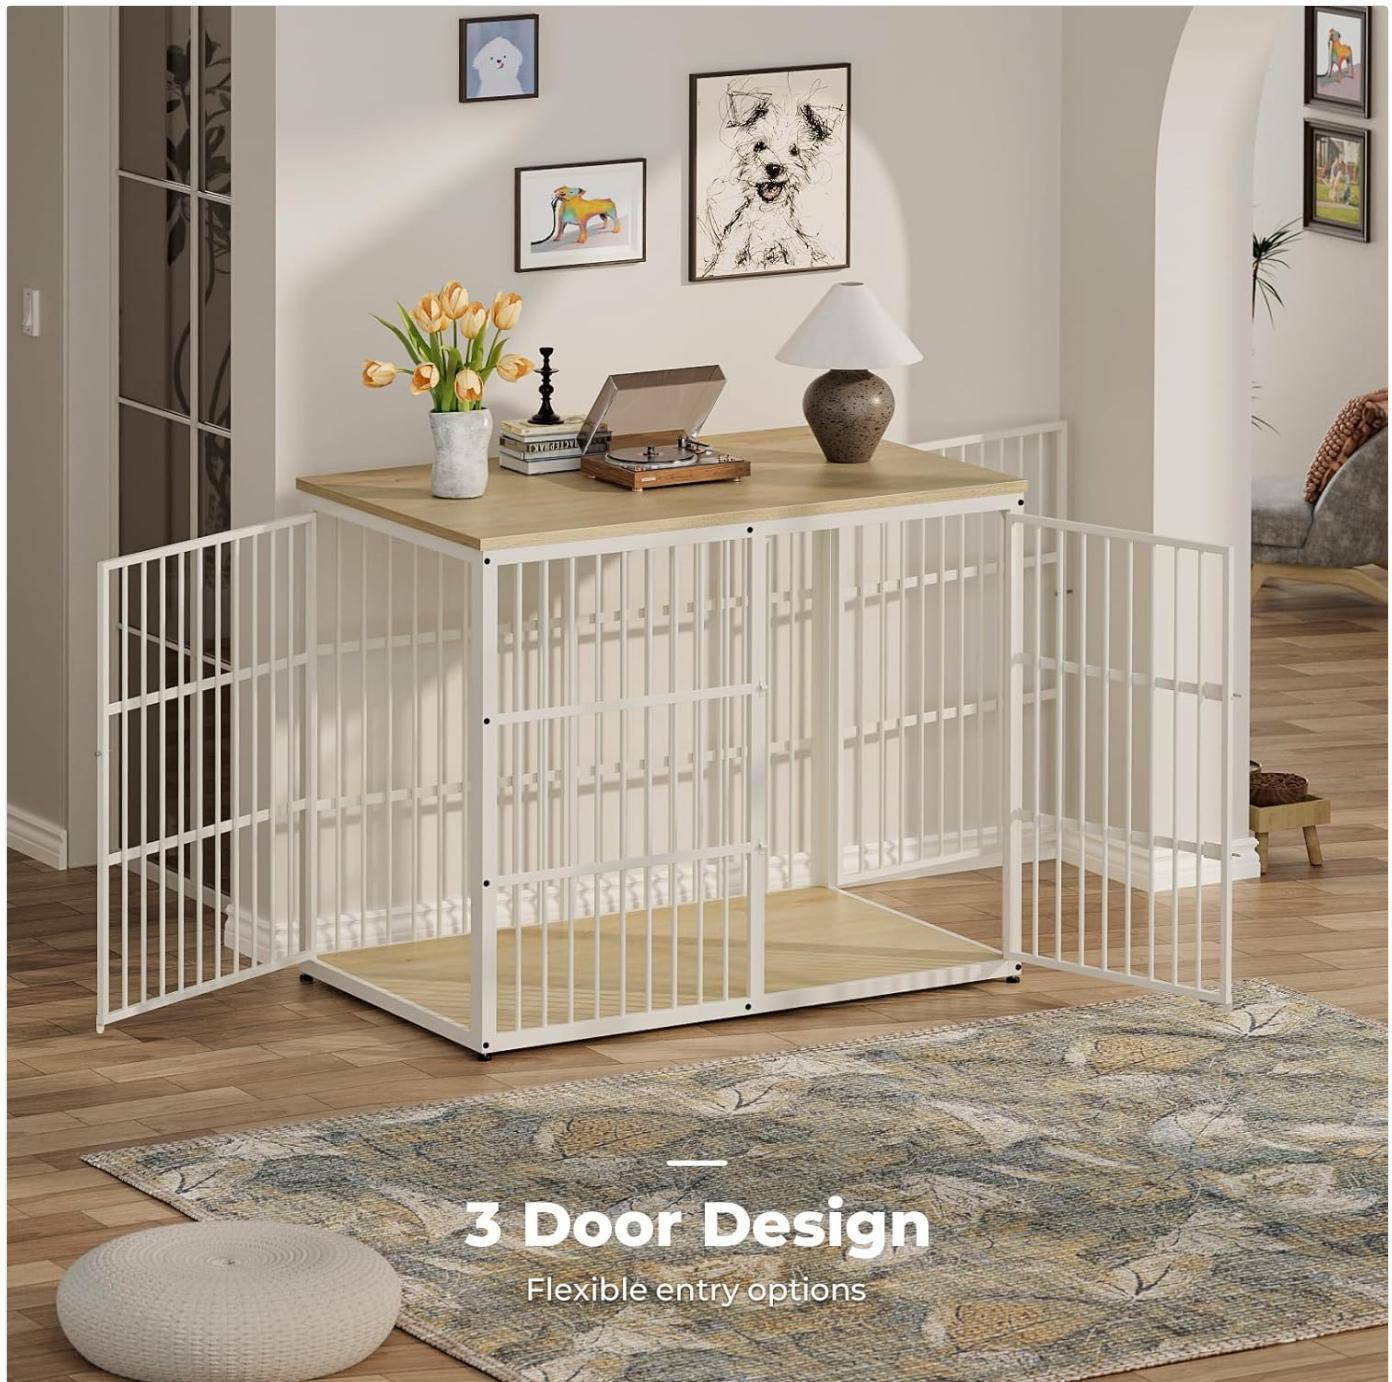

Figure 2: Two Lyromix dog crates configured as a large TV stand, showcasing a practical combined use.

OPERATING INSTRUCTIONS

Accessing the Crate

The Lyromix dog crate features three doors for convenient access and multi-angle visibility:

- **Front Doors:** Two front doors provide primary access. Each door is secured with a slide lock.
- **Side Door:** An additional side door offers alternative entry and exit points, useful for placement in various room layouts or when furniture obstructs front access. This door also features a slide lock.

3 Door Design

Flexible entry options

Figure 3: The crate with its three doors open, illustrating the flexible access points for your pet.

Using as Furniture

The sturdy wooden top panel allows the crate to function as an end table or side table. You can place decorative items, lamps, or other household objects on top, integrating the crate seamlessly into your home decor.

3 in 1 Dog Crate

Not just your dog crate, but your storage table

Figure 5: The crate integrated into a bedroom setting, highlighting its use as a versatile piece of furniture.

MAINTENANCE

Proper maintenance will ensure the longevity and appearance of your Lyromix dog crate.

- **Cleaning:** Wipe down wooden surfaces with a damp cloth and mild cleaner. Avoid abrasive cleaners that may damage the finish. Metal bars can be cleaned with a damp cloth. Ensure all surfaces are dry after cleaning.
- **Inspection:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary. Inspect the metal bars for any signs of bending or damage, especially if your dog is prone to chewing.
- **Placement:** Avoid placing the crate in direct sunlight or near heat sources to prevent warping or fading of the wooden components.

TROUBLESHOOTING

If you encounter any issues with your Lyromix dog crate, consider the following common solutions:

- **Difficulty with Assembly:** Refer to the detailed assembly manual. Ensure all parts are correctly oriented and that you are using the appropriate hardware for each step. Do not force parts together.
- **Doors Not Latching Properly:** Check if the crate is assembled squarely. Ensure the door hinges are not bent and the slide locks are aligned correctly.
- **Crate Appears Unstable:** Verify that all screws and bolts are fully tightened. Ensure the crate is placed on a flat, level surface.
- **Dog Chewing on Crate:** While the crate is designed to be chew-resistant with reinforced iron tubes, persistent chewing may occur. Provide your dog with appropriate chew toys and consider training methods to discourage chewing on the crate.

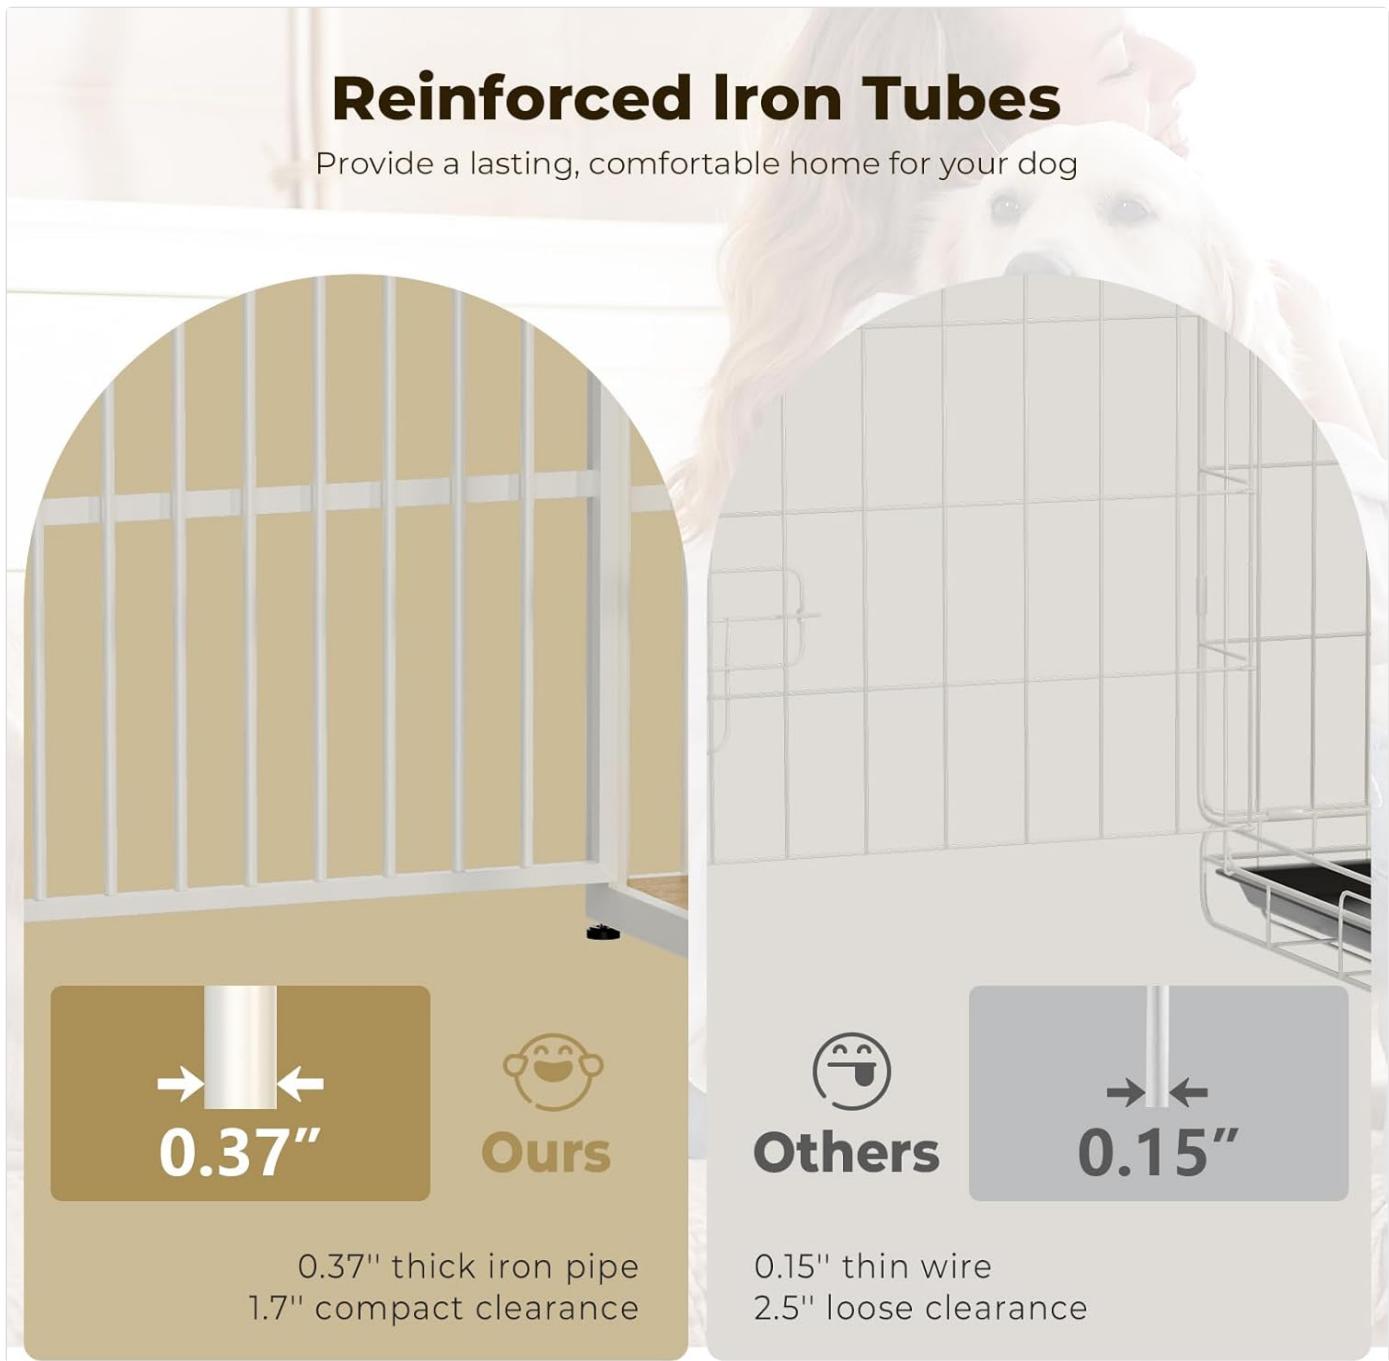

Figure 6: Comparison of reinforced iron tubes, highlighting the robust construction designed to resist chewing.

SPECIFICATIONS

Feature	Detail
---------	--------

Model Name	Lyromix Combination Dog Crate
Dimensions (L x W x H)	47.24" x 29.13" x 37.6"
