1. SETUP

1.1 Unboxing and Initial Charge

Upon unboxing your new SAMSUNG Galaxy A56 5G, ensure all components are present. The package includes the

smartphone and a 25W Samsung Super Fast Charger. Before first use, it is recommended to fully charge the device.

- Connect the 25W Samsung Super Fast Charger to a power outlet.
- Connect the charger cable to the USB-C port on your Galaxy A56 5G.
- The charging indicator will appear on the screen.

1.2 SIM Card and eSIM Installation

The Galaxy A56 5G supports Dual SIM functionality, allowing you to use two physical SIM cards or one physical SIM and one eSIM simultaneously (maximum two active at a time).

Physical SIM Card Installation:

1. Locate the SIM card tray on the side of your device.
2. Insert the SIM ejection tool into the small hole next to the tray to open it.
3. Place your Nano-SIM card(s) into the tray with the gold contacts facing down.
4. Gently push the tray back into the slot until it clicks into place.

eSIM Activation:

eSIM activation typically involves scanning a QR code provided by your mobile carrier or entering activation details manually through the device settings. Refer to your carrier's instructions for specific eSIM activation steps.

1.3 Initial Power On and Setup Wizard

Press and hold the Power button until the SAMSUNG logo appears. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, Google account setup, and security settings (fingerprint, PIN, pattern).

2. OPERATING YOUR DEVICE

2.1 Basic Navigation and User Interface

Your Galaxy A56 5G runs on Android 15 with Samsung's One UI 7, offering an intuitive and customizable user experience. Navigate using gestures or on-screen buttons. Swipe down from the top for quick settings and notifications.

2.2 Camera Features

The Galaxy A56 5G features an advanced camera system designed to capture high-quality photos and videos.

- **Rear Camera System:** 50MP Main (f/1.8), 12MP Ultra-wide (f/2.2), 5MP Macro (f/2.4).
- **Front Camera:** 12MP (f/2.2) for high-resolution selfies and video calls.
- **Image Enhancement:** The camera automatically identifies elements like sky, skin, face, hair, and grass to enhance image quality.
- **Super HDR:** Capture amazing videos with optimal colors and contrast.

Captura recuerdos con gran detalle

Consigue fotos y vídeos excelentes con la cámara mejorada de 50 MP. Identifica el cielo, la piel, el rostro, el pelo y la hierba y mejora la calidad de la imagen al instante.

**Imágenes utilizadas con fines ilustrativos. *La resolución de 50 MP solo está disponible en la cámara trasera gran angular del Galaxy A56 5G. *Los resultados pueden variar según las condiciones de la fotografía, como la presencia de varios sujetos, el desenfoque o sujetos en movimiento.*

2.4 Performance and Display

The Galaxy A56 5G is powered by an upgraded Octa-core Exynos 1580 (4nm) processor with Xclipse 540 GPU, ensuring powerful performance for multitasking, streaming, and gaming. A boosted cooling system helps maintain optimal performance.

The device features a large 6.7-inch FHD+ Super AMOLED display with a 120Hz refresh rate and HDR10+. The 1,200-nit Vision Booster enhances clarity for an optimal viewing experience in various lighting conditions.

2.5 Connectivity

The Galaxy A56 5G supports extensive network bands for global connectivity:

- **4G LTE:** 1/2/3/4/5/7/8/12/13/17/20/25/26/28/38/40/41/66
- **5G:** N1/3/5/7/8/20/28/38/40/41/66/77/78
- **Bluetooth:** 5.3
- **GPS:** True

This international model is designed for global connectivity and is compatible with AT&T, Verizon, T-Mobile, and most U.S. carriers. New activations are supported on T-Mobile and its MVNOs in the U.S.

3. MAINTENANCE

3.1 Device Durability and Protection

The Galaxy A56 5G is built with a solid metal frame and Corning Gorilla Glass Victus+ for enhanced durability. It also features an IP67 rating for dust and water resistance, protecting it from splashes and dust ingress.

Fuerte durabilidad

El sólido marco de metal y el cristal Corning® Gorilla® Glass Victus®+ mantienen el diseño de Galaxy A56 5G impecable. Además, con protección IP67, la nueva serie Galaxy A está protegida de la suciedad y las salpicaduras.

Figure 4: Illustration of the Galaxy A56 5G's solid metal frame, Corning Gorilla Glass Victus+, and IP67 water and dust resistance.

3.2 Cleaning Your Device

To clean your device, gently wipe it with a soft, lint-free cloth. Avoid using harsh chemicals or abrasive materials. For stubborn smudges, slightly dampen the cloth with water. Ensure all ports are dry before charging.

3.3 Software Updates

Your device will receive up to 6 major Android upgrades. Regularly check for and install software updates to ensure optimal performance, security, and access to new features. You can check for updates in Settings > Software update.

4. TROUBLESHOOTING

This section provides solutions to common issues you might encounter with your Galaxy A56 5G.

Problem	Possible Cause	Solution
Device does not turn on	Low battery; software crash	Charge the device for at least 30 minutes. Press and hold the Power button and Volume Down button simultaneously for 7-10 seconds to force restart.
Apps are crashing or freezing	Insufficient RAM; app conflict; outdated app	Close background apps. Clear app cache (Settings > Apps > [App Name] > Storage > Clear cache). Update the app from the Google Play Store. Restart the device.
Poor network signal or no service	Out of network coverage; incorrect SIM installation; network settings issue	Move to an area with better coverage. Reinsert the SIM card. Go to Settings > Connections > Mobile networks > Network operators and select your network manually. Toggle Airplane mode on/off.
Battery drains quickly	High screen brightness; many background apps; frequent use of power-intensive features	Reduce screen brightness. Close unused apps. Disable Wi-Fi, Bluetooth, GPS when not in use. Check battery usage in Settings > Battery and device care to identify power-hungry apps.

5. SPECIFICATIONS
