Viconor B0F4CYRCL6

Viconor Neck and Chest Red Light Therapy Device Instruction Manual

Model: B0F4CYRCL6

1. Introduction and Overview

The Viconor Neck and Chest Red Light Therapy Device is designed to provide comprehensive skin care and relief through innovative red light and infrared light therapy. This manual provides essential information for safe and effective operation.

Key Features:

- **Innovative Red Light Therapy:** Features 56 LEDs, each with 1pc 660nm red light (visible) and 2pcs 850nm infrared light (invisible) for comprehensive skin care. The 660nm and 850nm wavelengths are optimal for therapy, promoting blood circulation, cell vitality, and collagen stimulation.
- **Safe & Effective Relief:** Red infrared light penetrates skin to accelerate blood circulation and reduce discomfort. The 850nm infrared light can penetrate up to 4 inches into fascia, aiding in neck pain reduction. The 660nm wavelength stimulates fibroblast activity, increasing Type I/III collagen density.
- **User-Friendly Design:** Flexible and hands-free design allows comfortable use while sitting, lying down, or moving (with a mobile power source). Portable and lightweight, suitable for home or travel.
- **Smart Timer & Intensity Control:** Includes a controller for adjusting therapy duration (up to 30 minutes) and choosing from 5 brightness levels. Flexible neck wrap adapts to body contours for full coverage of neck, throat, and chest.
- **Thoughtful Design:** Offers an easy way to incorporate healthy light into daily life, suitable for various users.

2. Safety Information

- Keep out of reach of children.
- Do not use while sleeping or lying down.
- Avoid direct eye contact with the light.
- If you experience any discomfort or adverse effects, discontinue use immediately and consult a healthcare professional.
- Always follow the instructions provided with the device.

- Do not use over 30 minutes per treatment.
- Not for use by people with heart disease or pacemakers, pregnant women, or people with bleeding skin.
- Be sure to remove any metal jewelry and accessories from the area to be treated, including rings and bracelets, before using.
- Discontinue use and contact Customer Service if device overheats or becomes uncomfortably hot to your skin.

3. Package Contents

Your Viconor Red Light Therapy Device package includes the following items:

- Red Light Therapy Wrap x 1
- Battery Controller x 1
- USB Cable x 1
- 5V Charger x 1
- Elastic Strap x 1
- User Manual x 1

4. Setup

1. **Charge the Battery Controller:** Connect the USB cable to the 5V charger and plug it into the battery controller. Plug the charger into a power outlet. The charging indicator will show red while charging and green when fully charged.
2. **Connect the Therapy Wrap:** Plug the 12V output cable from the battery controller into the designated port on the Red Light Therapy Wrap.
3. **Attach Elastic Strap (Optional):** If needed, use the elastic strap to secure the therapy wrap to the desired body area. The Velcro on the strap allows for adjustable fit.

Image: Diagram illustrating how to connect the battery controller to the therapy wrap for battery-powered use and how to connect for AC-powered use while charging.

5. Operating Instructions

1. **Power On/Off:** Long press the power button on the controller for 2-3 seconds to turn the device on or off.
2. **Select Mode:** Use the "Select Mode" button on the controller to cycle through the available modes. The device offers 5 brightness level modes, including a pulse mode.
3. **Set Timer:** Use the "Set The Time" buttons on the controller to adjust the therapy duration. The timer can be set for up to 30 minutes.
4. **Application:** Place the therapy wrap directly on clean, bare skin in the desired area (neck, chest, wrist, etc.). Ensure good contact for optimal light penetration.
5. **Recommended Usage:** Use 3-5 times per week. Do not exceed 30 minutes per session.

6. Maintenance

To ensure the longevity and hygiene of your Viconor Red Light Therapy Device, follow these maintenance guidelines:

- **Cleaning:** Wipe the surface of the therapy wrap with a soft, damp cloth after each use. Do not immerse the device in water.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Handle the device with care. Avoid dropping it or subjecting it to strong impacts.

7. Troubleshooting

If you encounter any issues with your Viconor Red Light Therapy Device, please refer to the following common troubleshooting tips:

- **Device Not Turning On:**
  - Ensure the battery controller is fully charged.
  - Check that all cables are securely connected.
  - Long press the power button for 2-3 seconds.
- **Device Overheating:**
  - Discontinue use immediately.
  - Contact customer service if the issue persists.
- **Lights Not Emitting:**
  - Verify the device is powered on and the battery is charged.
  - Ensure the therapy wrap is correctly connected to the controller.
