Using Connect Zone

The Connect Zone feature allows you to combine two vertical cooking zones to create a larger heating area. This is perfect for oversized cookware like griddle pans or large roasting dishes. Activate it with a simple touch on the control panel.

Zona Connect

Unisce più zone per maggiore superficie di cottura

Grazie alla funzione Bridge, le due zone di sinistra del piano a induzione possono essere collegate verticalmente per aumentare la superficie di cottura. Questo permette di utilizzare pentole di grandi dimensioni come pesciere o bistecchiere, e si attiva con un semplice tocco.

Power Boost Function

For rapid heating, activate the Power Boost function. This delivers maximum power to a selected zone, bringing liquids to a boil or searing food quickly. After 5 minutes, the zone automatically returns to a normal power level.

Rapid Boil

Veloce e Potente

Perfetto per ricette che chiedono cotture veloci ad alte temperature. Dopo 5 minuti, il piano ritorna a una potenza normale.
