### 4. SETUP

---

#### 4.1 App Installation

To unlock the full potential of your smartwatch, download and install the **FitCloudPro** app on your smartphone. The app is compatible with iOS 9.0 and above, and Android 9.0 and above.

1. Ensure your phone's Bluetooth function is enabled.
2. Open the Google Play Store (for Android) or the App Store (for iOS).
3. Search for "FitCloudPro" and download it.

## 4.2 Device Pairing

Follow these steps to pair your smartwatch with the FitCloudPro app:

1. Open the FitCloudPro app on your smartphone.
2. Navigate to the "Device" section and click "Add Device" or "Connect Device".
3. The app will scan for available devices. Select "S86" from the list.
4. A pairing request will appear on your phone. Confirm the pairing.
5. Once connected, ensure the Bluetooth Call function is enabled on the watch (if desired) and grant necessary permissions in your phone's Bluetooth settings for calls and media audio.

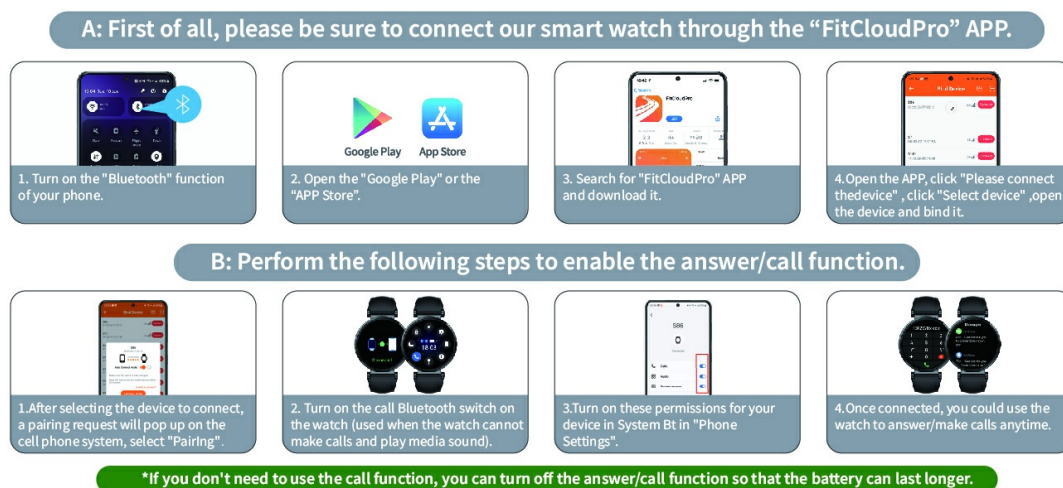

Image: Visual guide demonstrating the process of connecting the smartwatch via the FitCloudPro app and activating the Bluetooth call feature.

## 5. OPERATING INSTRUCTIONS

### 5.1 Basic Navigation

- **Touch Screen:** Swipe left/right to access different functions, swipe up/down for notifications/quick settings. Tap to select.
- **Side Button:** Press to wake up the screen, return to the home screen, or access the main menu.

### 5.2 Bluetooth Calling & Notifications

Once paired, your smartwatch can handle calls and display notifications directly on your wrist.

- **Make/Answer Calls:** Use the built-in microphone and HD speaker to make, answer, or reject calls directly from the watch. You can sync contacts and view call history via the app.
- **Smart Notifications:** Receive instant alerts from various apps like WhatsApp, Facebook, Instagram, SMS, and more.
- **AI Voice Assistant:** Utilize the integrated AI assistant for quick tasks and commands.

# Bluetooth 5.2 Call & Message Notification

Experience the freedom of faster, more stable connectivity.

### 5.3 Health Monitoring

The S86 Smart Watch provides comprehensive health data to help you understand your physical well-being.

- **Heart Rate Monitoring:** Continuously tracks your heart rate using high-precision sensors.
- **SpO2 Monitoring:** Measures your blood oxygen saturation levels.
- **Sleep Monitoring:** Analyzes your sleep patterns (deep sleep, light sleep, awake time) to help improve sleep quality.
- **Women's Health:** Offers menstrual cycle recording and predictions.
- **Breathing Training:** Guided breathing exercises for relaxation.
- **Sedentary Reminder:** Alerts you to move after periods of inactivity.

## 5.5 Other Useful Functions

The S86 Smart Watch includes a variety of practical features for daily convenience:

- **Alarm Clock:** Set multiple alarms.
- **Flashlight:** Quick access to a bright screen for illumination.
- **Calculator:** Perform basic calculations on your wrist.
- **Stopwatch & Timer:** For precise timekeeping.
- **Music Control:** Control music playback on your phone (play, pause, skip tracks).
- **Weather Forecast:** Get real-time weather updates.
- **Smartphone Finder:** Locate your paired phone.
- **Photo Control:** Remotely trigger your phone's camera.
- **Brightness Adjustment:** Adjust screen brightness for optimal visibility.

Image: A comprehensive overview of additional features such as IP68 water resistance, music control, extended battery life, and more.

## 5.6 Battery Life & Charging

The Matast S86 is designed for extended use:

- **Charging Time:** Approximately 2.5 hours for a full charge.
- **Daily Use:** Up to 5 days on a single charge with typical usage.
- **Standby Time:** Up to 20 days in standby mode.

To charge, connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB end into a compatible power source (e.g., computer USB port, 5V/1A USB adapter).

# Long Battery Life

**2.5** Hours  
Charging Time

**5** Days  
Daily Use

**20** Days  
Standby Time

## 6. MAINTENANCE

Proper care will extend the life of your smartwatch:

- **Cleaning:** Wipe the watch and strap regularly with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and dry thoroughly.
- **Water Resistance:** The watch is IP68 waterproof, meaning it can withstand sweat, rain, and hand washing. It is suitable for swimming in shallow water but not for diving or high-pressure water activities. Avoid hot water, steam, and chemical detergents.
- **Storage:** Store the watch in a cool, dry place when not in use. Avoid extreme temperatures.
- **Charging:** Use only the provided magnetic charging cable. Ensure charging contacts are clean and dry before charging.

## 7. TROUBLESHOOTING

If you encounter issues with your smartwatch, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Watch does not turn on	Low battery; Power button not pressed long enough	Charge the watch for at least 30 minutes; Press and hold the side button for 3-5 seconds.
Cannot pair with phone	Bluetooth off; App not open; Watch not discoverable; Interference	Ensure phone Bluetooth is on; Open FitCloudPro app; Restart watch and phone; Move away from other Bluetooth devices.
Notifications not received	App permissions; Notification settings in app/phone	Check FitCloudPro app notification settings; Ensure phone's notification access is granted to the app; Disable phone's Do Not Disturb mode.
Inaccurate health data	Watch fit; Sensor obstruction	Ensure watch is snug but comfortable on wrist; Clean sensors on the back of the watch.
Bluetooth call function not working	Call audio not enabled; Permissions not granted	In phone's Bluetooth settings, ensure the watch is connected for calls/audio; Enable call function in FitCloudPro app.
