VASAGLE HSC301W02

VASAGLE LIRY Collection Shoe Cabinet HSC301W02 Instruction Manual

Model: HSC301W02

1. Introduction

Thank you for choosing the VASAGLE LIRY Collection Shoe Cabinet, model HSC301W02. This freestanding shoe cabinet is designed to provide efficient and stylish storage for your footwear in entryways or other living spaces. Featuring three tilting flaps, it offers a space-saving solution with a country house aesthetic. This manual provides essential information for safe assembly, proper use, and maintenance of your new shoe cabinet.

2. Safety Information

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Tilt Protection:** For your safety, it is mandatory to attach the shoe cabinet to the wall using the included tilt protection device. This prevents the cabinet from tipping over, especially in households with children or pets.
- **Weight Capacity:** Do not exceed the maximum static load capacity of the tabletop (46 kg) or each internal shelf (10 kg). Overloading can cause instability or damage.
- **Assembly:** Assemble the product on a soft, clean surface to prevent scratches. Ensure all parts are correctly aligned and fasteners are securely tightened before use.
- **Children:** Keep small parts and packaging materials away from children during assembly to prevent choking hazards.
- **Placement:** Place the cabinet on a level, stable surface. Avoid placing it in areas with high humidity or direct sunlight to prevent material degradation.

3. Setup and Assembly

Follow these steps to assemble your VASAGLE LIRY Collection Shoe Cabinet. It is recommended to have two people for assembly.

3.1 Unpacking and Part Identification

1. Carefully unpack all components from the packaging.
2. Lay out all parts on a soft, clean surface (e.g., a carpet or blanket) to prevent scratches.
3. Compare the received parts with the parts list provided in your accessory pack to ensure all components are present and undamaged.

3.2 Assembly Steps

While specific step-by-step diagrams are in the included instruction manual, the general assembly sequence involves:

1. Assemble the main frame of the cabinet using the provided screws and dowels.
2. Attach the back panel to the assembled frame.
3. Assemble the three tilting flap mechanisms, including the internal dividers.
4. Install the assembled flaps into the main cabinet frame.
5. Attach the handles to each flap.
6. Secure the top panel to the cabinet.
7. Install the tilt protection device to the top rear of the cabinet and secure it to a solid wall stud or appropriate wall anchor.

Ensure all connections are tight but do not overtighten screws to avoid damaging the material.

4. Operating Instructions

The VASAGLE LIRY Collection Shoe Cabinet is designed for convenient and organized shoe storage.

4.1 Storing Shoes

- Gently pull the handle of a flap to open it. The flap will tilt forward, revealing two internal compartments.
- Place shoes into the compartments. The cabinet can accommodate 18-24 pairs of shoes, depending on their size (up to US men's size 13 / EU size 48.5).
- Push the flap back into the closed position until it clicks securely.

Image: An open flap of the shoe cabinet showing multiple pairs of shoes neatly stored in the compartments.

4.2 Adjustable Dividers

- Each tilting compartment features adjustable dividers. These can be set at three different levels or removed entirely to accommodate various shoe types, such as ankle boots or sandals.
- To adjust, gently slide the divider out of its current slot and reinsert it into the desired position.

Image: A visual guide demonstrating the three adjustable positions for the internal dividers within a shoe cabinet flap, allowing for storage of various shoe heights.

4.3 Top Surface and Under-Cabinet Space

- The top surface of the cabinet can be used to place small items such as keys, bags, or decorative elements. Ensure items do not exceed the tabletop's weight capacity of 46 kg.
- The open space underneath the cabinet is suitable for storing slippers or for easier cleaning access.

Image: A close-up view of the 8.9 cm clearance beneath the shoe cabinet, indicating space for slippers or easy vacuuming.

5. Maintenance

Proper care will extend the life and appearance of your shoe cabinet.

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.

- **Spills:** Immediately wipe up any spills to prevent moisture damage or staining.
- **Inspection:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- **Environment:** Keep the cabinet away from direct heat sources, extreme temperature changes, and prolonged exposure to direct sunlight to prevent warping or fading.

6. Troubleshooting

If you encounter any issues with your shoe cabinet, refer to the following common solutions:

- **Cabinet is Wobbly:**
  - Ensure the cabinet is placed on a level surface.
  - Check all assembly screws and tighten them securely.
  - Verify that the tilt protection is properly installed and secured to the wall.
- **Flaps Do Not Close Properly:**
  - Check for any obstructions inside the compartments (e.g., shoes too large or misplaced).
  - Ensure the flap mechanisms are correctly installed and not damaged.
  - Verify that the cabinet frame is square and not twisted from uneven assembly.
- **Scratches or Dents:**
  - Minor scratches can sometimes be touched up with furniture repair pens or wax crayons matching the cabinet's vintage white finish.
  - For significant damage, contact customer support.

7. Specifications

Detailed specifications for the VASAGLE LIRY Collection Shoe Cabinet HSC301W02:

Feature	Specification
Brand	VASAGLE
Model Number	HSC301W02
Color	Vintage White
Material	Engineered Wood (MDF, Chipboard)
