6. MAINTENANCE

To ensure the longevity and beauty of your IDEALHOUSE patio furniture set, follow these maintenance guidelines:

- **Cleaning Rattan and Glass:** Simply wipe down the PE rattan and glass surfaces with a damp cloth. For stubborn dirt, a mild soap solution can be used, followed by rinsing with clean water and drying thoroughly.
- **Cushion Care:** Store cushions in a dry place, such as a storage box or indoors, during harsh weather conditions (heavy rain, snow, strong winds) or when not in use for extended periods. This will help preserve their color and integrity.
- **Winter Storage:** In colder climates, it is recommended to cover the entire furniture set with a weather-resistant cover or store it indoors during winter months to prevent damage from freezing temperatures and snow.

7. TROUBLESHOOTING

While the IDEALHOUSE patio furniture set is designed for durability and ease of use, here are some common considerations:

- **Wobbly Sections:** Ensure all connecting hardware is securely tightened. Periodically check and re-tighten bolts as needed.
- **Cushion Flattening:** Rotate cushions regularly to ensure even wear. If cushions become excessively flat, allow them to air out and fluff up.
- **Fading:** While the materials are designed for outdoor use, prolonged exposure to direct sunlight can cause some fading over time. Consider using covers when the furniture is not in use to minimize sun exposure.
- **Missing Parts:** If any parts are missing upon unboxing, please refer to the customer support section for assistance.
