Blackview W50Pro

Blackview W50Pro Military Smart Watch Instruction Manual

Model: W50Pro | Brand: Blackview

INTRODUCTION

The Blackview W50Pro Military Smart Watch is designed for durability and comprehensive functionality, suitable for various environments and activities. This manual provides essential information for setting up, operating, and maintaining your device to ensure optimal performance.

WHAT'S IN THE BOX

- Smart Watch x1
- Silicone Strap x1
- Nylon Braided Strap x1
- Magnetic Charging Cable x1
- User Manual x1

Outdoor Compass

Whether you are hiking or camping, you don't need to worry about getting lost.

Powerful Flashlight

Turn on/Switch Light Mode with One Click

SETUP

1. Charging the Smart Watch

Before initial use, fully charge your Blackview W50Pro Smart Watch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a compatible power source (e.g., computer USB port, USB wall adapter). The watch features a 960mAh battery, offering over 100 days of standby time and over 30 days of daily use.

2. App Download and Pairing

To unlock the full potential of your smartwatch, download the "Da Fit" app on your smartphone. Scan the QR code provided in the user manual or search for "Da Fit" in your phone's app store (compatible with Android 6.0+ and iOS 9.0+).

Once the app is installed:

1. Enable Bluetooth on your smartphone.
2. Open the "Da Fit" app and follow the on-screen instructions to add a new device.
3. Select your Blackview W50Pro (model W50Pro) from the list of available devices.
4. Confirm pairing on both your phone and the smartwatch.
5. Grant necessary permissions for notifications and health data tracking.

Video: A demonstration of connecting the KPEP K67A Military Smart Watch (similar model) to a smartphone via Bluetooth and the Da Fit app, showing the pairing process and initial setup steps.

3. Strap Installation

The watch comes with two straps: a silicone strap and a nylon braided strap. To attach a strap, align the pins on the strap with the holes on the watch casing and slide the pin into place. Ensure both sides are securely fastened.

OPERATING INSTRUCTIONS

Navigation

- **Touchscreen:** Swipe left, right, up, or down to navigate through menus and features. Tap to select.
- **Function Key:** Typically used to return to the previous screen or activate specific features.
- **Power Key:** Long press to power on/off. Short press to wake/sleep the screen.

Customizable Watch Faces

Personalize your watch face by long-pressing the screen or selecting from the "Da Fit" app. Choose from a vast online library or set personal photos as backgrounds.

Answering/Making Calls

Once paired via Bluetooth, you can answer and make calls directly from your watch. The "Da Fit" app allows you to store contacts for quick dialing. The watch also displays real-time notifications for calls and messages from various apps.

Stay Connected & Workout

Receive real-time message notifications, make and receive calls easily, and enjoy smart life.

HEALTH MONITORING

The Blackview W50Pro offers comprehensive health monitoring features:

- **Heart Rate Monitoring:** 24/7 real-time heart rate tracking.
- **Blood Oxygen (SpO2) Monitoring:** Real-time blood oxygen level checks.
- **Stress Monitoring:** Track your stress levels throughout the day.
- **Sleep Monitoring:** Records sleep time and identifies deep sleep, light sleep, and REM sleep patterns.

Note: This product is not a medical device. Test data is for reference only and should not be used to diagnose or monitor any medical conditions.

Monitor Your Health in Real Time

SPORTS MODES AND GPS

The smartwatch supports over 100 sports modes, including cycling, running, basketball, rugby, skiing, and more. Connect to the "Da Fit" app via Bluetooth to track daily stats like steps, time, distance, and calories. Utilize your phone's GPS through the app to record all your training routes and fitness data.

100+ Sports Modes

2 Straps, Silicone strap + Braided strap

MORE USEFUL TOOLS

The Blackview W50Pro includes additional practical functions:

- Music Control
- Camera Control
- Weather Forecast
- Alarm Clock
- Stopwatch
- Timer
- Calculator
- Find Phone
- Do Not Disturb (DND) Mode

Product Size

Memory Storage Capacity	1 GB
RAM Memory Installed Size	128 MB
Operating System	Android & iOS
Battery Capacity	960 Milliamp Hours
Connectivity Technology	Bluetooth
Wireless Communication Standard	Bluetooth
GPS	GPS Via Smartphone
Shape	Round

MAINTENANCE

To ensure the longevity and optimal performance of your Blackview W50Pro Smart Watch, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the watch screen and straps with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and mild soap, then rinse and dry thoroughly.
- **Avoid Harsh Chemicals:** Do not expose the watch to strong chemicals, solvents, or detergents, as these can damage the materials.
- **Charging:** Use only the provided magnetic charging cable. Avoid exposing the charging contacts to water or corrosive substances.
- **Storage:** Store the watch in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Exposure:** While IP68 waterproof, avoid prolonged submersion or exposure to high-pressure water jets. Dry the watch completely after contact with water.

TROUBLESHOOTING

If you encounter issues with your Blackview W50Pro Smart Watch, try the following solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range. Restart both devices and try pairing again. Ensure the "Da Fit" app has necessary permissions.
- **Notifications not received:** Check app permissions on your phone and ensure notifications are enabled within the "Da Fit" app settings for specific applications.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor on the back of the watch.

- **Screen unresponsive:** Restart the watch by long-pressing the power key. If unresponsive, allow the battery to drain completely and then recharge.

WARRANTY AND SUPPORT

For warranty information or further support, please refer to the documentation included in your product packaging or contact Blackview customer service. Protection plans are available for purchase separately.
