Moihosso 1

Moihosso AI Voice Recorder User Manual

Model: 1 | Brand: **Moihosso**

INTRODUCTION

This manual provides detailed instructions for the Moihosso AI Voice Recorder, an advanced device designed for high-quality audio recording, transcription, and summarization. Equipped with 64GB of internal memory and app control, it supports 50 languages and is ideal for lectures, meetings, and interviews. This guide will help you understand its features, set up the device, operate it effectively, and maintain its performance.

WHAT'S IN THE BOX

Upon unboxing your Moihosso AI Voice Recorder, please verify that all the following components are included:

- Voice Recorder
- Magnetic Case
- Charging Cable
- User Manual (this document)

SETUP

1. Initial Charge

Before first use, fully charge the device using the provided charging cable. Connect the cable to the recorder's charging port and a standard USB power adapter (not included). The device features a powerful built-in battery supporting up to 2,100 minutes (approximately 35 hours) of continuous recording on a single charge.

2. App Download and Installation

The Moihosso AI Voice Recorder operates primarily through its companion application, DOWAY. To download the app:

1. Scan the QR code provided in the quick start guide (if available) or search for "DOWAY" in your device's app store (iOS App Store or Google Play Store).
2. Download and install the DOWAY application.
3. Open the app and follow the on-screen instructions to create an account and register your device. This step is crucial for activating your 1-year premium membership for unlimited transcription.

3. Device Pairing

Once the app is installed and your account is set up, pair your Moihosso AI Voice Recorder with your smartphone via Bluetooth. Ensure Bluetooth is enabled on your phone and follow the pairing instructions within the DOWAY app.

OPERATING INSTRUCTIONS

1. Basic Recording

The device can be controlled directly or via the DOWAY app.

- **Via Device:** Use the physical buttons on the recorder to start and stop recordings. Refer to the device's small screen for status indicators.
- **Via DOWAY App:** Open the DOWAY app on your smartphone. You can remotely start, stop, pause, and manage recordings directly from the app interface.

2. Dual-Mode Recording (Call/Note)

The Moihosso AI Voice Recorder supports two distinct recording modes:

- **Call Recording:** Optimized for capturing phone conversations.
- **Note Recording:** Ideal for capturing lectures, meetings, interviews, or personal notes in various environments.

Double-tap the designated button on the device to switch between Call and Note modes. The app also provides controls for mode selection.

3. AI Transcription and Summarization

Leveraging advanced AI and GPT-4o technology, the DOWAY app provides real-time voice-to-text transcription and

context-aware summarization.

- After recording, upload your audio to the DOWAY app.
- Select the transcription option to convert audio to text.
- Utilize the summarization feature to generate concise summaries of your recordings. The app also offers over 15 professional summary templates.
- The device supports transcription and translation in over 50 languages.

4. Cloud Backup and Storage

Your recordings can be securely backed up to encrypted cloud storage via the DOWAY app, providing remote access anytime, anywhere. The device also has 64GB of internal storage for local saving.

5. Premium Membership

Your purchase includes a 1-year premium membership to the DOWAY app, offering unlimited audio transcription and access to GPT-powered professional templates. Ensure you activate this membership during the initial app setup.

- To ensure the longevity and optimal performance of your Moihosso AI Voice Recorder, follow these maintenance guidelines:
- **Cleaning:** Use a soft, dry, lint-free cloth to clean the device. Avoid using harsh chemicals, cleaning solvents, or strong detergents.
 - **Storage:** Store the device in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity.
 - **Battery Care:** For long-term storage, ensure the battery is charged to about 50%. Avoid completely draining the battery frequently.
 - **Software Updates:** Regularly check the DOWAY app for software and firmware updates to ensure you have the latest features and performance improvements.

TROUBLESHOOTING

- If you encounter issues with your Moihosso AI Voice Recorder, refer to the following common problems and solutions:
- **Device not turning on:** Ensure the device is fully charged. If the issue persists, try connecting it to a different power source or cable.
 - **Cannot connect to DOWAY app:**
 - Ensure Bluetooth is enabled on your smartphone.
 - Make sure the device is within Bluetooth range.
 - Restart both the recorder and your smartphone.
 - Check if the DOWAY app is updated to the latest version.
 - **Poor recording quality:**
 - Ensure the microphone is not obstructed.
 - Record in a quieter environment if possible.
 - Check the recording mode (Call vs. Note) to ensure it matches your environment.
 - **Transcription inaccuracies:**
 - Ensure clear audio input.
 - Verify that the correct language is selected in the DOWAY app for transcription.
 - Update the DOWAY app to the latest version, as AI models are continuously improved.

If these steps do not resolve your issue, please contact Moihosso customer support for further assistance.
