DWVO Dressing Table with Cushioned Stool User Manual

Model: MADWVG08y4

1. PRODUCT OVERVIEW

The DWVO Dressing Table with Cushioned Stool is a versatile furniture piece designed for beauty and organization. It features a large mirror with adjustable LED lighting, multiple storage drawers, an integrated charging station with USB ports and power outlets, and a convenient hair dryer rack. The set includes a comfortable cushioned stool and an anti-tip device for enhanced safety.

2. SAFETY INFORMATION

- **Anti-Tip Device:** It is crucial to install the included anti-tip device to secure the dressing table to the wall. This prevents accidental tipping, which can cause serious injury. Follow the installation instructions carefully.
- **Material Handling:** The product is made of engineered wood. Handle components with care during assembly to prevent chipping or damage.
- **Electrical Safety:** When using the built-in charging station, ensure that connected devices are compatible with the provided power outlets and USB ports. Do not overload the outlets. Keep liquids away from electrical components.
- **Weight Capacity:** Do not place excessively heavy items on the vanity top or in the drawers. Distribute weight evenly.
- **Stool Use:** The cushioned stool is designed for seating during makeup application. Avoid standing on the stool or using it for purposes other than its intended use.

3. SETUP AND ASSEMBLY

This section provides detailed instructions for assembling your DWVO Dressing Table. It is recommended to have at least

two people for assembly. Ensure all parts are present before beginning. Refer to the included hardware and component lists.

3.1 Assembly Video Guide

Your browser does not support the video tag.

Video 3.1: Official assembly guide for the DWVO Dressing Table. This video demonstrates the step-by-step process of constructing the vanity and stool, including attaching drawer slides, assembling the mirror unit, and installing the charging station.

3.2 Step-by-Step Assembly Instructions

- 1. Prepare Components:** Unpack all components and identify them using the provided parts list. Lay out the main side panels (parts 6, 7, 10, 11) and attach the drawer slides (J1) as shown in the video (0:02-0:07).
- 2. Assemble Main Frame:** Connect the side panels and the bottom panel to form the primary structure of the vanity (0:07-0:10).
- 3. Install Internal Shelves/Supports:** Insert the internal shelves and supports (parts 8, 9) into the main frame, ensuring they are securely fastened (0:10-0:17).
- 4. Attach Mirror Unit:** Carefully place the mirror unit (part 1) onto the top of the vanity frame and secure it. Connect any necessary wiring for the LED light (0:23-0:27).
- 5. Install Charging Station and Hair Dryer Rack:** Attach the built-in charging station (N) and the hair dryer rack (H) to the side of the vanity as indicated (0:28-0:29).
- 6. Assemble Drawers:** For each drawer, assemble the front, back, and side panels (parts 17, 18, 19, 20). Attach the drawer handle (H) and the remaining drawer slides (J2) to the sides of the assembled drawer box (0:30-0:43). Repeat for all four drawers.
- 7. Insert Drawers:** Carefully slide the assembled drawers into their respective slots on the vanity frame (0:44-0:46).
- 8. Assemble Stool:** Assemble the stool components (parts 23, 24, 25) to form the stool frame. Attach the cushioned seat (part 22) to the top of the stool (0:47-0:53).
- 9. Install Anti-Tip Device:** Securely attach the anti-tip device to the back of the vanity and to a wall stud using appropriate hardware. This step is critical for safety.

4. OPERATING INSTRUCTIONS

- **LED Mirror Light:** The mirror features an integrated LED strip with 3 color modes. To operate, touch the circular switch on the mirror surface. Tap to cycle through color modes (e.g., cool white, warm white, natural light). Press and hold the switch to adjust brightness levels within the selected mode.
- **Charging Station:** The built-in charging station includes 2 standard power outlets and 2 USB ports. Plug in your electronic devices as needed. Ensure the vanity is connected to a power source for the charging station to function.
- **Drawers:** The four large drawers operate on smooth slides. Pull gently to open and push to close. Avoid forcing drawers if they feel stiff; check for obstructions.
- **Hair Dryer Rack:** Use the side-mounted rack to conveniently store your hair dryer or other styling tools when not in use.

5. MAINTENANCE AND CARE

- **Cleaning:**
 - For the engineered wood surfaces, wipe with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that can damage the finish.
 - For the mirror, use a glass cleaner and a lint-free cloth. Do not spray cleaner directly onto the mirror; spray onto the cloth first.

- For the cushioned stool, spot clean with a mild fabric cleaner as needed.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood finish.
- **Heat and Moisture:** Avoid placing hot items directly on the surface. Protect the vanity from excessive moisture and direct sunlight to prevent warping or discoloration.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary to maintain stability.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED mirror light not working or flickering.	Loose connection, power issue, damaged switch.	Ensure the vanity is properly plugged into a working outlet. Check all electrical connections to the mirror. If the issue persists, contact customer support.
Drawers are difficult to open/close or misaligned.	Improperly installed drawer slides, obstructions, loose screws.	Verify that drawer slides are correctly installed and aligned on both the drawer and the vanity frame. Check for any items obstructing the drawer path. Tighten all screws on the drawer and slides.
Vanity feels unstable or wobbly.	Loose assembly hardware, uneven floor, anti-tip device not installed.	Retighten all assembly screws. Ensure the vanity is on a level surface; use shims if necessary. <i>Crucially, install the anti-tip device as per instructions.</i>
Stool feels unstable or breaks easily.	Improper assembly, material stress, exceeding weight limit.	Review stool assembly steps to ensure all connections are secure. Avoid standing on the stool or applying excessive force. Ensure weight limits are not exceeded.

7. SPECIFICATIONS

- **Brand:** DWVO
- **Model Number:** MADWVG08y4
- **Color:** Ivory White
- **Material:** Engineered Wood
- **Product Dimensions (L x W x H):** 35.43" x 15.74" x 53.54" (15.74"D x 35.43"W x 53.54"H)
- **Item Weight:** 84.5 pounds
- **Assembly Required:** Yes
- **Mirror Features:** Large mirror with adjustable LED light (3 color modes, dimmable)
- **Storage:** 4 large drawers
- **Power Features:** Built-in charging station with 2 outlets and 2 USB ports
- **Additional Features:** Hair dryer rack, cushioned stool, anti-tip device included
- **UPC:** 197839734395
