Setup and Assembly

The QNZK King Size Bed Frame is designed for straightforward assembly. All necessary installation accessories and clear instructions are included. Assembly typically takes approximately 30 minutes with two people.

- **Packaging:** The bed frame is shipped in two separate packages, which may arrive at different times. Please ensure

you have received both packages before starting assembly.

- **Tools:** All required tools are provided.
- **Preparation:** Clear an adequate space for assembly. It is recommended to assemble the bed frame on a soft, clean surface to prevent scratches.

Operating Instructions

Storage Drawers

The bed frame features four spacious storage drawers, designed for convenient organization. Each drawer is equipped with five smooth-rolling wheels for effortless access.

Mattress Placement

The bed frame incorporates an embedded design to prevent mattress displacement, ensuring your mattress remains securely in place throughout the night. No box spring is needed for this platform bed frame.

Wingback Headboard

The 7.48-inch wide wingback headboard provides optimal comfort and support, enhancing the room's elegance and offering a cozy spot for relaxation.

Maintenance

The corduroy upholstery is known for its durability, resisting wear and pilling. To maintain the appearance and longevity of your bed frame, follow these guidelines:

- **Cleaning:** The corduroy fabric is easy to clean. For general cleaning, gently vacuum the upholstery to remove dust and debris. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals.
- **Fabric Care:** Corduroy is skin-friendly and soft. Regular light cleaning will help preserve its texture and appearance.

Troubleshooting

Noise Reduction

The bed frame is designed to be noise-free. Wooden slats are secured with magic tape to prevent movement, and EVA soundproof pads are included to reduce friction and eliminate squeaking. If you experience noise, ensure all connections are tightened and slats are properly seated.

Mattress Slippage

The embedded design of the bed frame helps prevent mattress slippage. If your mattress is moving, verify it is correctly positioned within the frame's edges.

Weight Capacity

Important: Do not exceed a total weight of 1000 pounds on the bed frame.
