sodastream ART MARBLE Sparkling Water Maker User Manual

Model: ART MARBLE (4088930228)

1. INTRODUCTION

This manual provides essential instructions for the safe and efficient operation, maintenance, and troubleshooting of your sodastream ART MARBLE Sparkling Water Maker. Please read this manual thoroughly before using the device and retain it for future reference.

2. IMPORTANT SAFETY INFORMATION

Always adhere to the following safety guidelines to prevent injury or damage to the product:

- Use only sodastream approved carbonating bottles and CO2 cylinders.
- Do not carbonate anything other than plain water.
- Never remove the carbonating bottle during carbonation.
- Keep the device away from heat sources and direct sunlight.
- Ensure the device is placed on a flat, stable surface.
- Keep out of reach of children.

3. PACKAGE CONTENTS

Verify that all items are present in the package:

- sodastream ART MARBLE Sparkling Water Maker
- sodastream Carbonating Bottle (reusable)
- sodastream CO2 Quick Connect Cylinder (may be sold separately in some regions)
- User Manual (this document)

4. SETUP

4.1 Unpacking and Placement

Carefully remove all components from the packaging. Place the sparkling water maker on a flat, stable, and dry surface.

4.2 Installing the CO2 Cylinder

1. Remove the back cover of the sparkling water maker by pulling it away from the main unit.
2. Insert the CO2 Quick Connect Cylinder into the cylinder holder. Ensure the pink lever is in the up position.
3. Push the lever down to lock the cylinder in place.
4. Replace the back cover.

5. OPERATING INSTRUCTIONS

5.1 Carbonating Water

1. Fill the SodaStream carbonating bottle with cold tap water up to the fill line.
2. Twist the carbonating bottle into the sparkling water maker until it is securely in place.
3. Press the carbonating button firmly for 1-2 seconds, release, and repeat 3-5 times for desired carbonation level.
4. Once carbonation is complete, gently twist the bottle counter-clockwise to release it from the machine.

6. MAINTENANCE

6.1 Cleaning the Sparkling Water Maker

Wipe the device with a damp cloth. Do not immerse the device in water or use abrasive cleaners. Ensure the device is dry before storage or next use.

6.2 Cleaning the Carbonating Bottle

Wash the carbonating bottle with lukewarm water and a mild dish soap. Do not wash in a dishwasher or use hot water above 50°C (120°F), as this can damage the bottle. Allow to air dry.

6.3 CO2 Cylinder Replacement

When the CO2 cylinder is empty (no fizzing sound when pressing the button), replace it by following the steps in Section 4.2 in reverse, then installing a new cylinder.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No fizzing sound / Water not carbonating	CO2 cylinder is empty or not properly installed.	Replace CO2 cylinder or ensure it is securely locked in place.
Water leaking during carbonation	Carbonating bottle not securely attached or filled above the line.	Ensure bottle is twisted on tightly and filled only to the fill line.

Problem	Possible Cause	Solution
Difficulty attaching/removing bottle	Bottle not aligned correctly.	Ensure bottle is straight before twisting. Do not force.
