

## Divoom Dipow-35

# Divoom Dipow 35W GaN Fast Charger with Pixel Screen Instruction Manual

Model: Dipow-35 | Brand: Divoom

## 1. INTRODUCTION

---

The Divoom Dipow 35W GaN Fast Charger is a compact and efficient power adapter designed for a wide range of USB-C compatible devices. It features advanced Gallium Nitride (GaN) technology for fast and cool charging, along with a unique pixel screen that can be customized via the Divoom application. This manual provides essential information for the safe and effective use of your Dipow 35W charger.

- **Fast & Efficient GaN Charging:** Equipped with 35W GaN technology, allowing for rapid charging of compatible devices. For example, an iPhone 15 Pro Max can charge to 56% in approximately 30 minutes. GaN technology ensures the charger remains compact and operates at a cooler temperature.

Over 50% Charge in Just 30 Minutes  
— 35W Ultra-Fast

Image: A visual comparison demonstrating the Divoom Dipow charger's 35W ultra-fast charging capability, achieving 56% charge in 30 minutes versus 20% with a typical charger.

- **Compact & Travel-Friendly:** Designed to be pocket-sized with a 90° foldable plug, making it convenient for travel and use in tight outlets without obstructing adjacent sockets.

# Pocket-sized Charger

- **Universal Compatibility:** Supports various fast charging protocols including PD 3.0, QC, and PPS through its single USB-C port, ensuring compatibility with a wide range of devices such as iPhones (15/16 series), Samsung Galaxy, Xiaomi, iPads, MacBooks, and Nintendo Switch.
- **Smart Safety Protection:** Incorporates multiple protection features against overcurrent, overheating, overvoltage, and short circuits to ensure safe charging for your devices.

## 3. SETUP

### 3.1 Initial Connection

1. **Unfold the Plug:** Gently unfold the 90° foldable plug from the charger body.
2. **Plug into Power Outlet:** Insert the charger into a standard wall outlet. The pixel screen will light up upon connection.
3. **Connect Your Device:** Use a compatible USB-C charging cable (not included) to connect your device to the USB-C port on the charger. Ensure the connection is secure.

### 3.2 Divoom App Setup (for Pixel Screen Customization)

1. **Download the App:** Search for "Divoom" in your device's app store (iOS or Android) and download the official Divoom application.
2. **Pair via Bluetooth:** Open the Divoom app and follow the on-screen instructions to pair your smartphone with the Dipow 35W charger via Bluetooth. Ensure Bluetooth is enabled on your device.
3. **Access Customization:** Once paired, you can access various customization options for the pixel screen, including pixel art, animations, and clock faces.

## 4. OPERATING INSTRUCTIONS

---

### 4.1 Charging Your Devices

Once the charger is plugged into a power outlet and your device is connected via a USB-C cable, charging will begin automatically. The pixel screen may display charging status or a customized animation/clock face.

### 4.2 Customizing the Pixel Screen

The Divoom app provides extensive options for personalizing the pixel screen:

- **Pixel Art Gallery:** Browse a vast community gallery of pixel art designs. Select a design to instantly display it on your charger's screen.
- **Create Your Own:** Use the app's design tools to create custom pixel art or animations. These can be uploaded to your charger in real-time.
- **Clock Faces:** Choose from a variety of dynamic clock faces to display time, date, and other information.
- **Brightness Adjustment:** Adjust the screen brightness through the app to suit your environment.

Your browser does not support the video tag.

## 5. MAINTENANCE

---

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a soft, dry cloth to wipe the surface. Avoid using liquid cleaners or abrasive materials.
- **Storage:** When not in use, fold the plug and store the charger in a cool, dry place away from direct sunlight and moisture.
- **Handling:** Avoid dropping the charger or subjecting it to strong impacts, as this may damage internal components or the pixel screen.

## 6. TROUBLESHOOTING

---

## 6.1 Charger Not Powering On / Screen Not Lighting Up

- Ensure the charger is securely plugged into a functional power outlet.
- Try plugging another device into the same outlet to confirm the outlet is working.

## 6.2 Device Not Charging

- Verify that the USB-C cable is properly connected to both the charger and your device.
- Try using a different USB-C cable to rule out a faulty cable.
- Ensure your device is compatible with USB-C charging and the charger's output specifications.

## 6.3 Divoom App Connectivity Issues

- Make sure Bluetooth is enabled on your smartphone and the charger is powered on.
- Restart the Divoom app and attempt to reconnect.
- If issues persist, try unpairing and re-pairing the charger through your phone's Bluetooth settings and the Divoom app.

## 7. SPECIFICATIONS

<b>Model Number</b>	Dipow-35
<b>Brand</b>	Divoom
