JOYROOM JR-ZS501

JOYROOM JR-ZS501 Vacuum Magnetic Phone Holder Instruction Manual

Model: JR-ZS501

PRODUCT OVERVIEW

The JOYROOM JR-ZS501 is a versatile vacuum magnetic phone holder designed for secure device mounting in various scenarios, including vehicles and home environments. It features a strong suction cup base, a flexible and adjustable arm, and powerful magnets for reliable phone attachment.

Key Features:

- **360° Adjustable & Folding Metal Arms:** Allows for multi-angle adjustment and 360° rotation for optimal viewing. The foldable design reduces size for compact storage.
- **Ultra-Strong Gel Suction Cup:** Features an innovative 3-layer high-strength nano gel suction base for superior adhesion on dashboards, windshields, and other smooth surfaces. It is washable and reusable.
- **Powerful Magnetic Hold:** Equipped with 24 high-performance N55 magnets, providing 260% stronger magnetic force than standard magnets for secure device holding.
- **Universal Compatibility:** Compatible with all smartphones, including iPhone 12 series and later (MagSafe compatible), and Android devices using the provided metal ring.
- **Multi-Scenario Use:** Suitable for use in cars, on desks, nightstands, kitchens, or gym lockers.

SETUP AND INSTALLATION

Follow these steps to properly install your JOYROOM Vacuum Magnetic Phone Holder:

1. **Prepare the Surface:** Clean the desired mounting surface (dashboard, windshield, etc.) thoroughly with the provided wet and dry wipes to ensure it is free of dust and debris. Allow the surface to dry completely.
2. **Attach the Suction Cup:** Remove the protective film from the suction cup base. Place the suction cup firmly onto the cleaned, flat surface.

3. **Secure the Mount:** Press down on the suction cup to expel air. While pressing, rotate the bearing on the base towards the "Tight" direction until it is securely locked. This activates the powerful air-pressure valve for maximum suction.

4. **Attach Your Phone:**

- For MagSafe compatible iPhones (12 series or later) or MagSafe cases, simply align your phone with the magnetic ring on the holder.
- For non-magnetic phones or cases, attach the provided metal ring to the back of your phone or case. Ensure it is centered for optimal magnetic connection. Then, attach your phone to the magnetic holder.

OPERATING INSTRUCTIONS

The JOYROOM JR-ZS501 is designed for flexible and secure phone positioning.

- **Adjusting Viewing Angle:** The holder features a 360° rotatable magnetic head and multi-angle adjustable metal arms. Gently pivot the magnetic head or adjust the arm to achieve your desired viewing angle.
- **Folding for Storage:** The metal arms can be folded to reduce the mount's size by 70%, making it compact for storage when not in use.

MAINTENANCE

To maintain optimal performance and extend the life of your phone holder:

- **Cleaning the Suction Cup:** If the suction power decreases, wash the nano gel suction cup with water and let it air dry. It will regain up to 99% of its original suction power.
- **Removing the Holder:** To remove the holder, rotate the bearing in the "Open" direction and gently lift

the side with the "lock" icon. Avoid forcefully pulling the holder off the surface.

TROUBLESHOOTING

- **Suction Cup Not Sticking:** Ensure the mounting surface is clean, dry, and flat. Textured or porous surfaces may reduce suction effectiveness. Wash the suction cup and reapply.
- **Phone Not Holding Securely:** Verify that your phone or case is MagSafe compatible. If not, ensure the provided metal ring is correctly attached to your phone or case and is centered for optimal magnetic connection.
- **Holder Wobbles:** Ensure the suction cup is fully tightened by rotating the bearing to the "Tight" position.

SPECIFICATIONS

Model Number	JR-ZS501
Package Dimensions	6.34 x 3.31 x 1.57 inches
Item Weight	5.9 ounces
Special Features	360° Metal Strut, Super Strong Magnetic Strength, Vacuum Suction Base
Mounting Type	Dashboard

COMPATIBILITY

The JOYROOM JR-ZS501 is compatible with a wide range of devices:

- **Compatible Devices:** iPhone 17/17 Pro/17 Pro Max/17 Air, iPhone 16/16 Plus/16 Pro/16 Pro Max, iPhone 15 Pro/15 Pro Max/15 Plus/15, iPhone 14/14 Plus/14 Pro/14 Pro Max, iPhone 13/13 Pro/13 Pro Max/13 mini, iPhone 12 Pro Max/12 Pro/12, Apple iPhone, Samsung Galaxy Ultra, Google Pixel, OnePlus, LG, Motorola, Sony, and more.
- **Compatible Phone Models:** All MagSafe cases. For non-MagSafe cases, a metal ring is provided for magnetic compatibility.

✓ iPhones with MagSafe
(12 series or later)

✓ MagSafe Case
✓ Regular Cases require the magnetic ring included in our package
