INVITOP 3-in-1 Insect Collection Building Toy Set

MODEL: 11041

Instruction Manual

Introduction

Welcome to the world of INVITOP Insect Collection Building Toys! This set allows you to construct three lifelike models: a beautiful blue butterfly, an elegant mantis, and a detailed bug. Designed for enthusiasts aged 6 and up, these models serve as both an engaging building experience and a unique decorative display for your home or office. Follow these instructions carefully to ensure a successful and enjoyable assembly process.

Safety Information

- **Small Parts Warning:** This product contains small parts and is not suitable for children under 3 years old due to choking hazards.
- **Age Recommendation:** Recommended for ages 6 years and up. Adult supervision is advised for younger builders.
- **Material Safety:** The building blocks are made from high-quality, odorless, durable, safe, and harmless ABS material.
- **Handling:** Once assembled, handle the models with care to prevent accidental disassembly.

Package Contents

Your INVITOP 3-in-1 Insect Collection Building Toy Set includes:

- Approximately 1063 high-quality plastic building parts.
- Individual numbered bags for organized assembly.
- Detailed instruction manual with step-by-step visual guides for each insect model.
- Components for building one Blue Butterfly model.
- Components for building one Mantis model.
- Components for building one Bug (Beetle) model.

Setup and Assembly

The assembly process is designed to be straightforward with clear instructions. Each insect model is built independently.

1. **Unboxing:** Carefully open the product box. You will find several numbered bags containing the building blocks and the instruction manual.
2. **Organize Parts:** It is recommended to open one numbered bag at a time as you progress through the instructions for that specific section. This helps prevent mixing parts and simplifies the building process.
3. **Follow Instructions:** Refer to the included instruction manual. Each step is illustrated with clear pictures and indicates which parts are needed. Pay close attention to the color and shape of the blocks.
4. **Building the Models:** The set allows you to build three distinct insect models: the Blue Butterfly, the Mantis, and the Bug (Beetle). Each model has its own dedicated section in the manual.
5. **Display:** Once assembled, the models can be placed on their included display bases, designed to mimic natural habitats.

Care and Maintenance

To keep your INVITOP insect models in excellent condition:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For more stubborn dirt, a slightly damp cloth can be used, but ensure no water enters the small crevices.
- **Storage:** Store the models in a cool, dry place away from direct sunlight to prevent color fading and material degradation.
- **Handling:** Avoid dropping the models or applying excessive force, as this may cause parts to detach or break.

Troubleshooting

Issue	Possible Cause / Solution
-------	---------------------------

Issue	Possible Cause / Solution
Missing pieces	Double-check all bags and the building area. If pieces are genuinely missing, contact INVITOP customer support with details of the missing part (shape, color, and step number from the manual).
Difficulty connecting blocks	Ensure the blocks are correctly oriented and aligned. Apply firm, even pressure. If a block is too tight, try wiggling it gently.
Model falls apart easily	Review the assembly steps to ensure all connections are secure and no steps were missed. Some models may be more delicate than others and require careful handling.
Instructions are unclear	Examine the illustrations closely. Sometimes, rotating the manual or the model can provide a better perspective. Online video tutorials might also be available from the manufacturer or community.
