2. IMPORTANT SAFETY INFORMATION

To reduce the risk of serious injury, read all instructions and warnings before using this treadmill. The manufacturer is not responsible for personal injury or property damage sustained by or through the use of this product.

- Always choose a treadmill that can support at least 20 kg more than your current weight. The SmartStrideElite supports a maximum user weight of **150 kg**.
- Always unplug the treadmill from the electrical outlet before moving, cleaning, servicing, or adjusting any part of the machine.
- Keep children and pets away from the treadmill during operation.
- Place the treadmill on a level, stable surface with adequate clearance around it.
- Wear appropriate athletic footwear during use.

- If you experience pain, dizziness, or shortness of breath, stop exercising immediately.
- Use the safety key at all times. Attach the clip to your clothing before starting your workout.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Cult SmartStrideElite Treadmill Unit
- User Manual (this document)
- Tool Kit for Assembly
- Lubricant for Maintenance
- Safety Key

4. SETUP AND ASSEMBLY

Assembly of the Cult SmartStrideElite treadmill is required. Please follow the instructions provided in the included tool kit and user manual. For visual guidance, refer to the installation video below or consider technician-assisted installation.

SELF- INSTALLATION

You can easily install yourself

5. OPERATING INSTRUCTIONS

5.1 Powering On and Initial Use

Connect the treadmill to a grounded electrical outlet. Insert the safety key into its designated slot on the console. The display will illuminate, indicating the treadmill is ready for use. Press the START button to begin your workout.

5.2 Motor and Performance

The SmartStrideElite is equipped with a **4 HP continuous (8 HP peak) brushless AC motor**, designed for consistent and powerful performance. It supports speeds ranging from **1 to 20 km/hr**. The brushless AC motor offers high energy efficiency, low noise operation, and a long lifespan of over 8,000 hours, ensuring durability and reduced maintenance.

Brushless AC Motor

Ideal for long, intense workouts and heavy-duty use

Up to **95% Energy** Efficient

5.3 Smart LED Display and Controls

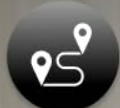

The treadmill features a large **399 x 548 mm LED display** with a smartknob control. This display provides real-time feedback on your workout metrics, including speed, time, distance, calories burned, incline level, and heart rate. Use the smartknob to easily navigate through settings and adjust parameters during your exercise.

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your treadmill.

- **Lubrication:** The treadmill requires manual lubrication to maintain smooth and consistent belt performance. Refer to the specific instructions in your user manual for the correct lubrication procedure and frequency. Use only the lubricant provided or recommended by CULT.
- **Cleaning:** Regularly wipe down the treadmill with a damp cloth to remove dust and sweat. Avoid using abrasive cleaners or solvents.
- **Belt Adjustment:** Periodically check the running belt for proper tension and alignment. Adjust as needed according to the detailed instructions in the full user manual.
- **Power Cord Inspection:** Inspect the power cord for any damage before each use. Do not use the treadmill if the cord is damaged.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your treadmill. For more detailed troubleshooting or issues not listed here, please contact customer support.

- **Treadmill does not power on:** Ensure the power cord is securely plugged into a functional outlet and the safety key is correctly inserted into the console. Check the circuit breaker.
- **Running belt slips or hesitates:** The running belt may require tension adjustment or lubrication. Refer to the maintenance section for guidance.

- **Unusual noises during operation:** Stop the treadmill immediately. Inspect for any loose parts or foreign objects. If the noise persists, contact customer support.
- **Inaccurate display readings:** Ensure all connections to the display console are secure. If the issue persists, a sensor calibration or replacement might be needed by a qualified technician.

8. SPECIFICATIONS

Feature	Detail
Brand	CULT
Model	SmartStrideElite
Motor Type	Brushless AC Motor
Motor Horsepower	4 HP Continuous (8 HP Peak)
Maximum Speed	20 Kilometers per Hour
Maximum Weight Recommendation	150 Kilograms
Auto Incline Levels	20 Levels
