› ATOTOZONE A5L Android Car Stereo User Manual - 10-inch Floating Display with Wireless CarPlay & Android Auto (Model A5LG110T)

ATOTOZONE A5LG110T

ATOTOZONE A5L Android Car Stereo User Manual

Model: **A5LG110T** | Brand: **ATOTOZONE**

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your ATOTOZONE A5L Android Car Stereo. The A5L features a 10-inch adaptive floating QLED display, running on an Android operating system, and offers advanced functionalities such as wireless CarPlay, Android Auto, and a customizable Digital Sound Processor (DSP). Please read this manual thoroughly before using the product to ensure proper functionality and safety.

Figure 1: ATOTOZONE A5L Android Car Stereo with its 10-inch floating display.

2. KEY FEATURES

- **FlexView Pro Display:** Experience a vivid 10-inch QLED display with 1280x800 resolution and a wide 178° viewing angle. The floating screen design provides a larger, clearer view while minimizing dashboard clutter.
- **Flexible Adjustable Support:** The screen can be adjusted with 9 movements, including lateral sliding, up/down, horizontal/vertical rotation, and forward extension. This helps prevent obstruction of essential controls like A/C buttons or air vents.
- **Wireless CarPlay & Android Auto:** Enjoy seamless wireless connectivity for Apple CarPlay and Android Auto, allowing easy access to maps, calls, and music while keeping your dashboard tidy and your focus on the road.
- **Smart AI & Custom Apps:** Enhance your journey with the integrated AI assistant DriveChat, GPS tracking (TrackHU), ClotHub, and Live Rear View (LRV) camera support for a smarter, more interactive in-car experience. Install apps from Google Play or download APKs via FindApps to expand navigation and customization options.
- **BLE Connectivity & Control:** Connect OBD scanners, LED lights, and ambient lighting via Bluetooth Low Energy. Control these devices from the display and protect your data with automatic Bluetooth lock/unlock.
- **Advanced Audio with Customizable DSP:** Personalize your sound with crossover, HPF/LPF, time alignment, 8 EQ presets, a 24-band equalizer, and 4x45W peak power output. Ideal for clear and powerful audio.
- **Continuous Quality & Support:** Benefit from 10 years of experience, tested components, and regular software updates. The EPC platform offers self-service assistance and quick support from dedicated specialists.

3. SETUP AND INSTALLATION

3.1 Package Contents

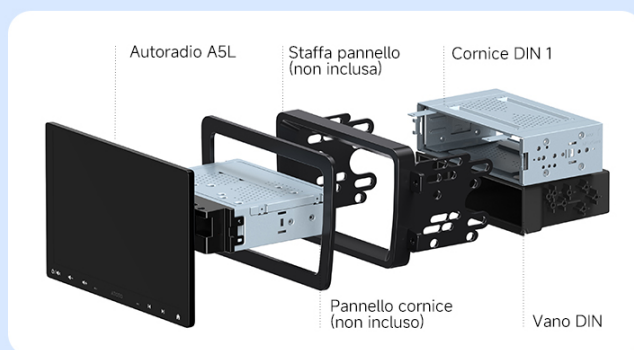

Verify that all components are present in the package:

- ATOTOZONE A5L Main Unit
- 20-pin Power Wiring Harness
- ISO Connectors (A/B)
- GPS Antenna
- 8-pin USB Cable
- 24-pin RCA Combined Cable
- Mounting Staff and Brackets
- Mounting Screws
- 1DIN Storage Compartment
- Quick Start Guide (online resources)
- Online Support and Product Care Information

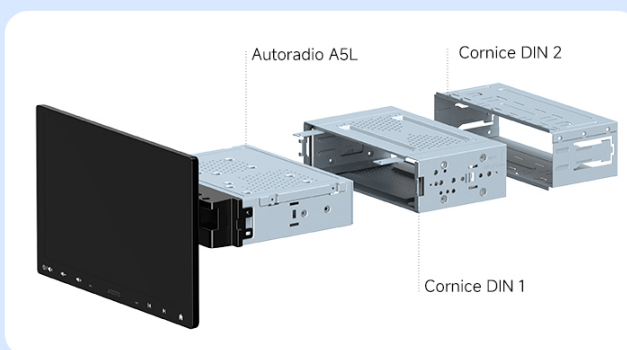

3.2 Installation Considerations

Before installation, ensure the floating screen will not block essential vehicle controls such as A/C buttons or air vents. The adjustable screen allows for optimal positioning. This unit is compatible with both 1DIN and 2DIN installation slots.

Installazione su apertura Double-DIN standard

Installazione su apertura Single-DIN standard

Rimuovere i supporti DIN 1 e 2 dall'autoradio prima dell'installazione.

① Possono essere necessari componenti aggiuntivi come un kit cruscotto, un'interfaccia dati o un cablaggio. Si consiglia l'installazione da parte di un tecnico.

② Stile di montaggio SAH10DT1 dell'A5LG110T: Unità adattiva Single-DIN con display da 10,1" e tasti touch.

Figure 3: Installation examples for Double-DIN and Single-DIN openings. Additional accessories like a dash kit or wiring harness may be required.

3.3 Wiring Diagram

Refer to the following diagram for proper wiring connections. Ensure all connections are secure before powering on the unit. Accessories marked with an asterisk (*) are not included.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

The unit performs an initial startup (approx. 30 seconds). Subsequent restarts are nearly instantaneous, allowing quick access to functions.

4.2 Wireless CarPlay & Android Auto

Connect your compatible smartphone wirelessly to access navigation, communication, and entertainment apps directly on the car stereo display.

4.3 App Installation & Internet Access

Install applications from the Google Play Store or download APKs via FindApps. The unit supports internet access via Wi-Fi hotspot, Bluetooth tethering, and USB tethering. USB tethering can keep apps active during wireless CarPlay/Android Auto

use.

Figure 5: Various internet connectivity options including Wi-Fi hotspot, Bluetooth tethering, and USB tethering.

4.4 Audio Customization (DSP)

Access the Digital Sound Processor (DSP) settings to fine-tune your audio experience. Adjust crossover points, High-Pass Filter (HPF) and Low-Pass Filter (LPF) settings, time alignment, and the 24-band equalizer. Utilize the 8 preset EQ options for quick sound adjustments.

Figure 6: DSP settings interface for Crossover, HPF/LPF, and Time Alignment.

4.5 BLE Connectivity & AI Features

Connect various Bluetooth Low Energy (BLE) devices such as OBD scanners for vehicle diagnostics, interactive LED signs, and ambient lighting. The unit also features an AI assistant, DriveChat, for voice-controlled interactions and smart functions like GPS tracking (TrackHU) and Live Rear View (LRV) camera support.

Figure 7: BLE connectivity for various accessories and automatic screen lock/unlock.

4.6 Mirrorlink & Split Screen

Use Mirrorlink to display your smartphone screen on the car stereo. The split-screen function allows you to run two applications simultaneously on the 10-inch display.

5. MAINTENANCE

5.1 Software Updates

Regular Over-The-Air (OTA) firmware updates are provided to fix bugs, introduce new functionalities, and improve overall performance and stability. Ensure your device is connected to the internet to receive these updates.

Correzioni di bug

Eliminiamo i problemi e miglioriamo le prestazioni ad ogni aggiornamento. Sempre più fluidità, sempre più stabilità.

Nuove funzionalità

Sblocca nuove funzioni nel tempo – il nostro team lavora costantemente per migliorare la tua esperienza di guida.

Espansione delle funzioni

Aggiorniamo per rendere ogni viaggio migliore. Ogni aggiornamento OTA è la prova del nostro impegno verso di te.

Figure 9: Firmware update screen indicating ongoing system improvements.

5.2 Product Care

Clean the display with a soft, lint-free cloth. Avoid using abrasive cleaners or solvents. Keep the unit free from dust and moisture. Ensure proper ventilation around the unit to prevent overheating.

6. TROUBLESHOOTING

If you encounter issues with your ATOTOZONE A5L, refer to the following common problems and solutions:

- **Unit Does Not Power On:** Check all power connections, including the 20-pin power harness and vehicle's fuse box. Ensure the car's ignition is on.
- **Unit Does Not Turn Off:** Verify the wiring for the accessory (ACC) power. Incorrect wiring can cause the unit to remain on. Consult a professional installer if unsure.
- **No Audio Output or Distorted Sound:** Check speaker connections and ensure they are correctly wired. Verify DSP and equalizer settings. Test with different audio sources.
- **CarPlay/Android Auto Connection Issues:** Ensure your phone's Bluetooth and Wi-Fi are enabled. Restart both the car stereo and your phone. Check for any software updates for the car stereo.
- **GPS Signal Loss or Inaccuracy:** Ensure the GPS antenna is mounted in a clear location, away from metal obstructions.
- **Touch Screen Unresponsive:** Restart the unit. If the issue persists, perform a factory reset (refer to the online manual for instructions).

For more detailed troubleshooting steps or persistent issues, please refer to the comprehensive online manual or contact ATOTOZONE customer support.

7. SPECIFICATIONS

Brand	ATOTOZONE
Model Number	A5LG110T

Display	10-inch QLED, 1280x800 Resolution
