## VECELO KHD-CC06-DBN

# VECELO KHD-CC06-DBN Modern Executive Office Chair User Manual

Model: KHD-CC06-DBN

## 1. INTRODUCTION

---

Thank you for choosing the VECELO Modern Executive Office Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new chair. Please read it thoroughly before use and retain it for future reference.

Image 1.1: The VECELO Modern Executive Office Chair in Deep Brown, showcasing its design and upholstery.

## Key Features:

- **Ergonomic Design:** Features a zone-support system and 3D adjustable armrests with high-density foam for a natural sitting posture.
- **Robust Stability:** Constructed with a reinforced metal frame and a 5-star base, supporting up to 300 lbs.
- **Adjustable Comfort:** Backrest reclines from 90° to 135°, and armrests are height-adjustable for personalized comfort.
- **Premium Material:** Made from microfiber PU leather, offering breathability, softness, and easy maintenance.
- **Quiet Mobility:** Equipped with 360° silent casters for smooth and quiet movement.

## 2. SAFETY INFORMATION

---

Adhere to the following safety guidelines to ensure safe operation and longevity of your chair:

- **Maximum Load Capacity:** This chair is designed to support a maximum weight of **300 lb (140 kg)**. Do not exceed this limit to prevent damage or injury.
- **Regular Inspection:** Periodically check all bolts, screws, and moving parts (e.g., casters, gas lift) to ensure they are securely fastened and functioning correctly. Tighten any loose components immediately.
- **Stable Surface:** Always use the chair on a flat, stable surface to prevent tipping.
- **Proper Use:** Avoid standing on the chair, using it as a step stool, or engaging in activities that could compromise its stability.
- **Children and Pets:** Keep children and pets away from the chair during assembly and ensure they do not play with the chair unsupervised.

## 3. PACKAGE CONTENTS

---

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x VECELO Modern Executive Office Chair (disassembled)
- 1 x Assembly Kit (includes necessary tools and hardware)
- 1 x User Manual (this document)

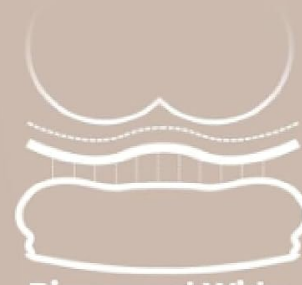

# Product Dimension

Installation tools included

Weight capacity

Bigger and Wider

## 4. SETUP AND ASSEMBLY

The VECELO Modern Executive Office Chair requires assembly. An assembly kit with all necessary tools and hardware is included. For detailed, step-by-step assembly instructions, please refer to the separate assembly manual provided in the package.

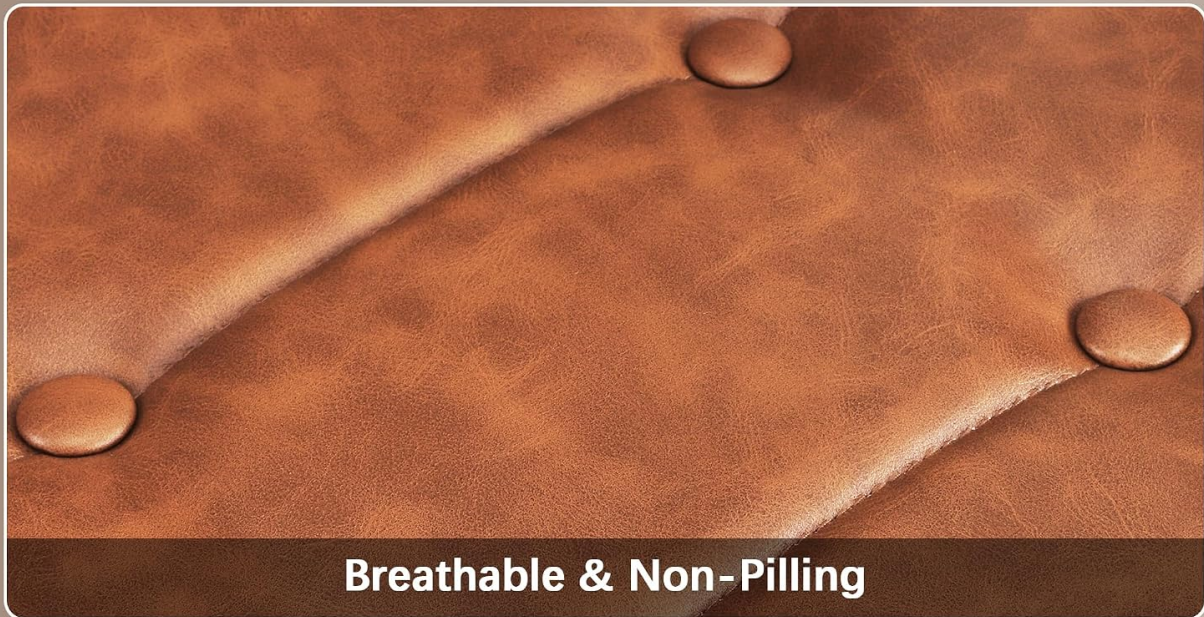

### General Assembly Tips:

- Unpack all components and lay them out on a clean, soft surface to prevent scratches.
- Identify all parts against the parts list in the assembly manual.
- Do not fully tighten all screws until the entire chair is assembled, unless specified. This allows for easier alignment of parts.
- Ensure all connections are secure before using the chair.

## 5. OPERATING INSTRUCTIONS

Your VECELO office chair offers several adjustments to customize your seating experience:

# Soft Touch Suede Leather

**Breathable & Non-Pilling**

**Scratch-Resistant**

**Easy to Clean**

Image 5.1: Visual guide to the chair's adjustable features, including tilt, swivel, and height.

- **Height Adjustment:** Locate the lever under the seat on the right side. Pull the lever up while seated to lower the chair, or pull it up while standing to raise the chair. Release the lever at your desired height. The chair offers approximately 3.15 inches of height adjustment.
- **Backrest Recline (90°-135°):** The same lever used for height adjustment often controls the recline lock. Push the lever inwards to lock the backrest in an upright position (90° for working). Pull the lever outwards to unlock the recline function, allowing the backrest to tilt back up to 135° (for relaxing). Recline angles are suitable for working (90°), reading (110°), watching (130°), and relaxing (150°).
- **Tilt Tension Adjustment:** The round knob located under the front-center of the seat controls the tilt tension. Turn it clockwise to increase tension (making it harder to recline) or counter-clockwise to decrease tension (making it easier to recline).
- **Armrest Adjustment:** The 3D armrests can be adjusted in height. Locate the button or lever on the side of the armrest and press it to raise or lower the armrest to your preferred position.
- **360° Swivel:** The chair base allows for a full 360° rotation, providing flexibility and ease of movement.
- **Caster Movement:** The 360° silent casters allow for smooth and quiet movement across various floor surfaces.

## 6. MAINTENANCE

Proper care will extend the life and appearance of your VECELO office chair:

Image 6.1: Details of the microfiber PU leather, highlighting its breathable, non-pilling, scratch-resistant, and easy-to-clean properties.

- **Cleaning:** The microfiber PU leather is designed to be easy to clean. Wipe the chair surfaces with a soft, damp cloth. For stubborn stains, use a mild soap solution and immediately wipe dry. Avoid harsh chemicals or abrasive cleaners.
- **Spills:** Blot spills immediately with a clean, dry cloth to prevent absorption.
- **Inspection:** Regularly check all screws and bolts and tighten them as needed to maintain stability.
- **Casters:** Keep casters free of hair and debris to ensure smooth movement.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the material to fade or crack.

## 7. TROUBLESHOOTING

If you encounter any issues with your VECELO office chair, please refer to the following common solutions:

- **Chair Wobbles:** Ensure all assembly screws are fully tightened. Check that the base is properly seated on the gas lift.
- **Chair Does Not Adjust Height:** Verify that the gas lift lever is functioning correctly and not obstructed. Ensure the gas lift cylinder is properly installed.
- **Backrest Does Not Recline/Lock:** Check the recline lock lever. Ensure it is fully engaged or disengaged as desired. Adjust the tilt tension knob if the recline is too stiff or too loose.
- **Casters Not Rolling Smoothly:** Inspect casters for trapped debris (hair, lint, etc.) and clean them thoroughly. Ensure casters are securely inserted into the chair base.
- **Unusual Noises:** Tighten all screws and bolts. Apply a small amount of silicone lubricant to moving parts if squeaking persists, avoiding contact with upholstery.

If the problem persists after attempting these solutions, please contact VECELO customer support for further assistance.

## 8. SPECIFICATIONS

Feature	Detail
Brand	VECELO
Model Number	KHD-CC06-DBN
Color	Deep Brown
Product Dimensions (D x W x H)	25.6" x 27.6" x 39.8" (65 cm x 70 cm x 101 cm)
