

USBERG B0F4QT6PQL

USBERG Wallet Tracker Card Instruction Manual

MODEL: B0F4QT6PQL

1. Introduction

Thank you for choosing the USBERG Wallet Tracker Card. This ultra-thin, rechargeable item locator is designed to help you keep track of your valuable belongings using the Apple Find My network. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance and a seamless user experience. Please read this manual thoroughly before using the product.

2. Safety Information

- Keep the device away from extreme temperatures and direct sunlight.
- Do not attempt to disassemble, repair, or modify the device. This will void the warranty.
- Use only the provided or recommended charging accessories.
- Keep out of reach of children and pets.
- Dispose of the device and its battery responsibly according to local regulations.

3. Package Contents

Please check the package for the following items:

- 2 x USBERG Wallet Tracker Cards
- 1 x Wireless Charging Pad (implied)
- 1 x User Manual

4. Product Overview

The USBERG Wallet Tracker Card is a compact, credit card-sized device designed for seamless integration with Apple's Find My network. It features a sleek black design with a power button, charging indicator lights, and a wireless charging symbol. Its ultra-slim form factor (0.11 inches thick) allows it to fit

easily into wallets, luggage tags, or bags.

Key Features:

- **Built-in Rechargeable Battery:** Lasts up to 6 months per charge.
- **Wireless Charging:** Conveniently recharges on a wireless charging pad.
- **Portable Design:** Fits easily into wallets, luggage, passports, and bags.
- **Lost Mode & Global Search:** Leverages Apple's Find My network for wide-area tracking.
- **Smart Left-Behind Alerts:** Notifies you when the tracker is out of range (approx. 150ft).
- **iOS 14.5 Share This Item:** Share location with up to 5 people.
- **IPX7 Water Resistance:** Protected against temporary immersion in water.

5. Setup

5.1 Powering On/Off

- **Power On:** Press and hold the power button (approximately 3 seconds) until you hear a single beep. The indicator lights will flash twice, indicating the device is powered on.
- **Power Off:** Press and hold the power button (approximately 3 seconds) until you hear two consecutive beeps. The indicator lights will flash three times, indicating the device is powering off.

5.2 Pairing with Apple Find My (iOS Only)

The USBERG Wallet Tracker Card is designed to work exclusively with Apple's Find My network. Ensure your iOS device (iPhone, iPad, or Mac) has Bluetooth enabled and the Find My app installed.

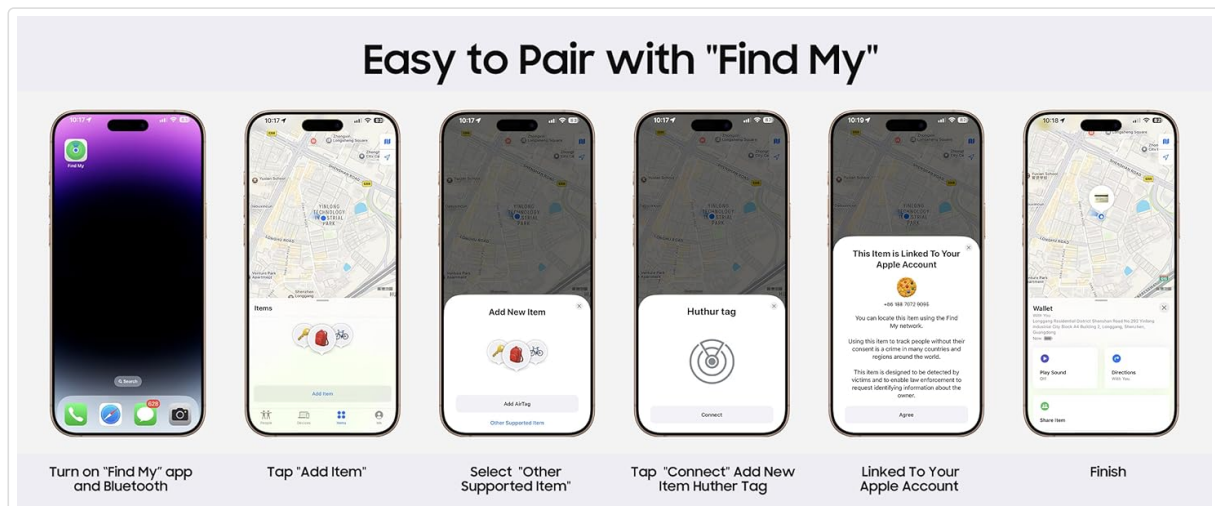

Image: A visual guide demonstrating the six steps to pair the tracker card with the Apple Find My application on an iPhone.

1. Ensure your iPhone's Bluetooth is turned on and the Find My app is open.
2. In the Find My app, navigate to the 'Items' tab.
3. Tap the '+' icon and select 'Add Other Item'.
4. Press and hold the power button on the tracker card to put it into pairing mode (indicator lights will flash).
5. Your iPhone will detect the tracker. Follow the on-screen prompts to name your item and link it to your Apple ID.
6. Once paired, the tracker will appear in your 'Items' list in the Find My app.

Note: This device is compatible with iOS devices only. Android devices are not supported.

6. Operating

6.1 Locating Your Item

To find your item, open the Find My app on your iOS device:

- **Play Sound:** Select your tracker from the 'Items' tab and tap 'Play Sound'. The tracker will emit a loud sound (up to 95dB) to help you locate it if it's nearby.
- **View on Map:** The Find My app will display the last known location of your tracker on a map. If it's within Bluetooth range, you may see its current location.

WORKS WITH APPLE FIND MY™

 Loud speaker
up to 95dB

6.2 Lost Mode & Global Search

If your item is lost, you can activate 'Lost Mode' in the Find My app. This leverages the vast Apple Find My network, allowing millions of Apple devices worldwide to anonymously detect your tracker and update its location. You can also add NFC contact information, so if someone finds your item, they can tap it with their smartphone to get your contact details.

6.3 Smart Left-Behind Alerts

Receive instant notifications on your iPhone if you leave your tracker card behind and it goes out of the 150-foot Bluetooth range. This feature helps prevent accidental loss by reminding you to retrieve your item.

6.4 Sharing Your Tracker (iOS 14.5 and above)

With iOS 14.5 or later, you can share your tracker's location with up to 5 other Apple users. This is useful for family members or colleagues who might also need to locate the shared item.

7. Charging

The USBERG Wallet Tracker Card features a built-in rechargeable lithium polymer battery. A full charge provides up to 6 months of battery life.

- **Wireless Charging:** Place the tracker card on a compatible wireless charging pad. The LED indicator lights on the card will change color to show charging status.
- **First Use:** Ensure the tracker card is fully charged before its initial use for optimal performance.

8. Maintenance

- **Cleaning:** Wipe the device with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Water Resistance:** The tracker card has an IPX7 rating, meaning it can withstand temporary immersion in water (up to 1 meter for 30 minutes). However, it is not recommended for prolonged submersion or use during water activities.
- **Storage:** Store the device in a cool, dry place when not in use for extended periods.

9. Troubleshooting

- **Tracker not recharging:** Ensure the tracker is correctly placed on the wireless charging pad. Verify the charging pad is powered on and functioning.
- **Tracker not found/connecting:** Make sure the tracker is powered on and within Bluetooth range of your iOS device. Check your iPhone's Bluetooth settings and the Find My app. Try restarting both the

tracker and your iPhone.

- **Sound not loud enough:** Ensure there are no obstructions covering the tracker's speaker. The sound level is fixed, but its audibility can be affected by surrounding noise and materials.
- **Left-behind alerts not working:** Check the alert settings in the Find My app for the specific item. Ensure location services and notifications are enabled for the Find My app on your iPhone.

10. Specifications

Brand	USBERG
Model Number	B0F4QT6PQL
