2. SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and injury to persons.

- Read all instructions before operating the appliances.
- Do not immerse the power cord, plug, or any part of the appliance in water or other liquids.
- Supervise children when appliances are in use.
- Unplug from the outlet when not in use and before cleaning.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Use only attachments recommended or sold by the manufacturer.
- Do not use outdoors.
- Ensure the appliance is placed on a stable, level surface.

3. PRODUCT OVERVIEW

3.1 GoveeLife Ice Maker (H7172)

The GoveeLife H7172 is a countertop ice maker designed for rapid ice production. It features app and voice control capabilities, allowing for remote operation and scheduling. The unit produces bullet-shaped ice cubes in various sizes and includes a self-cleaning function.

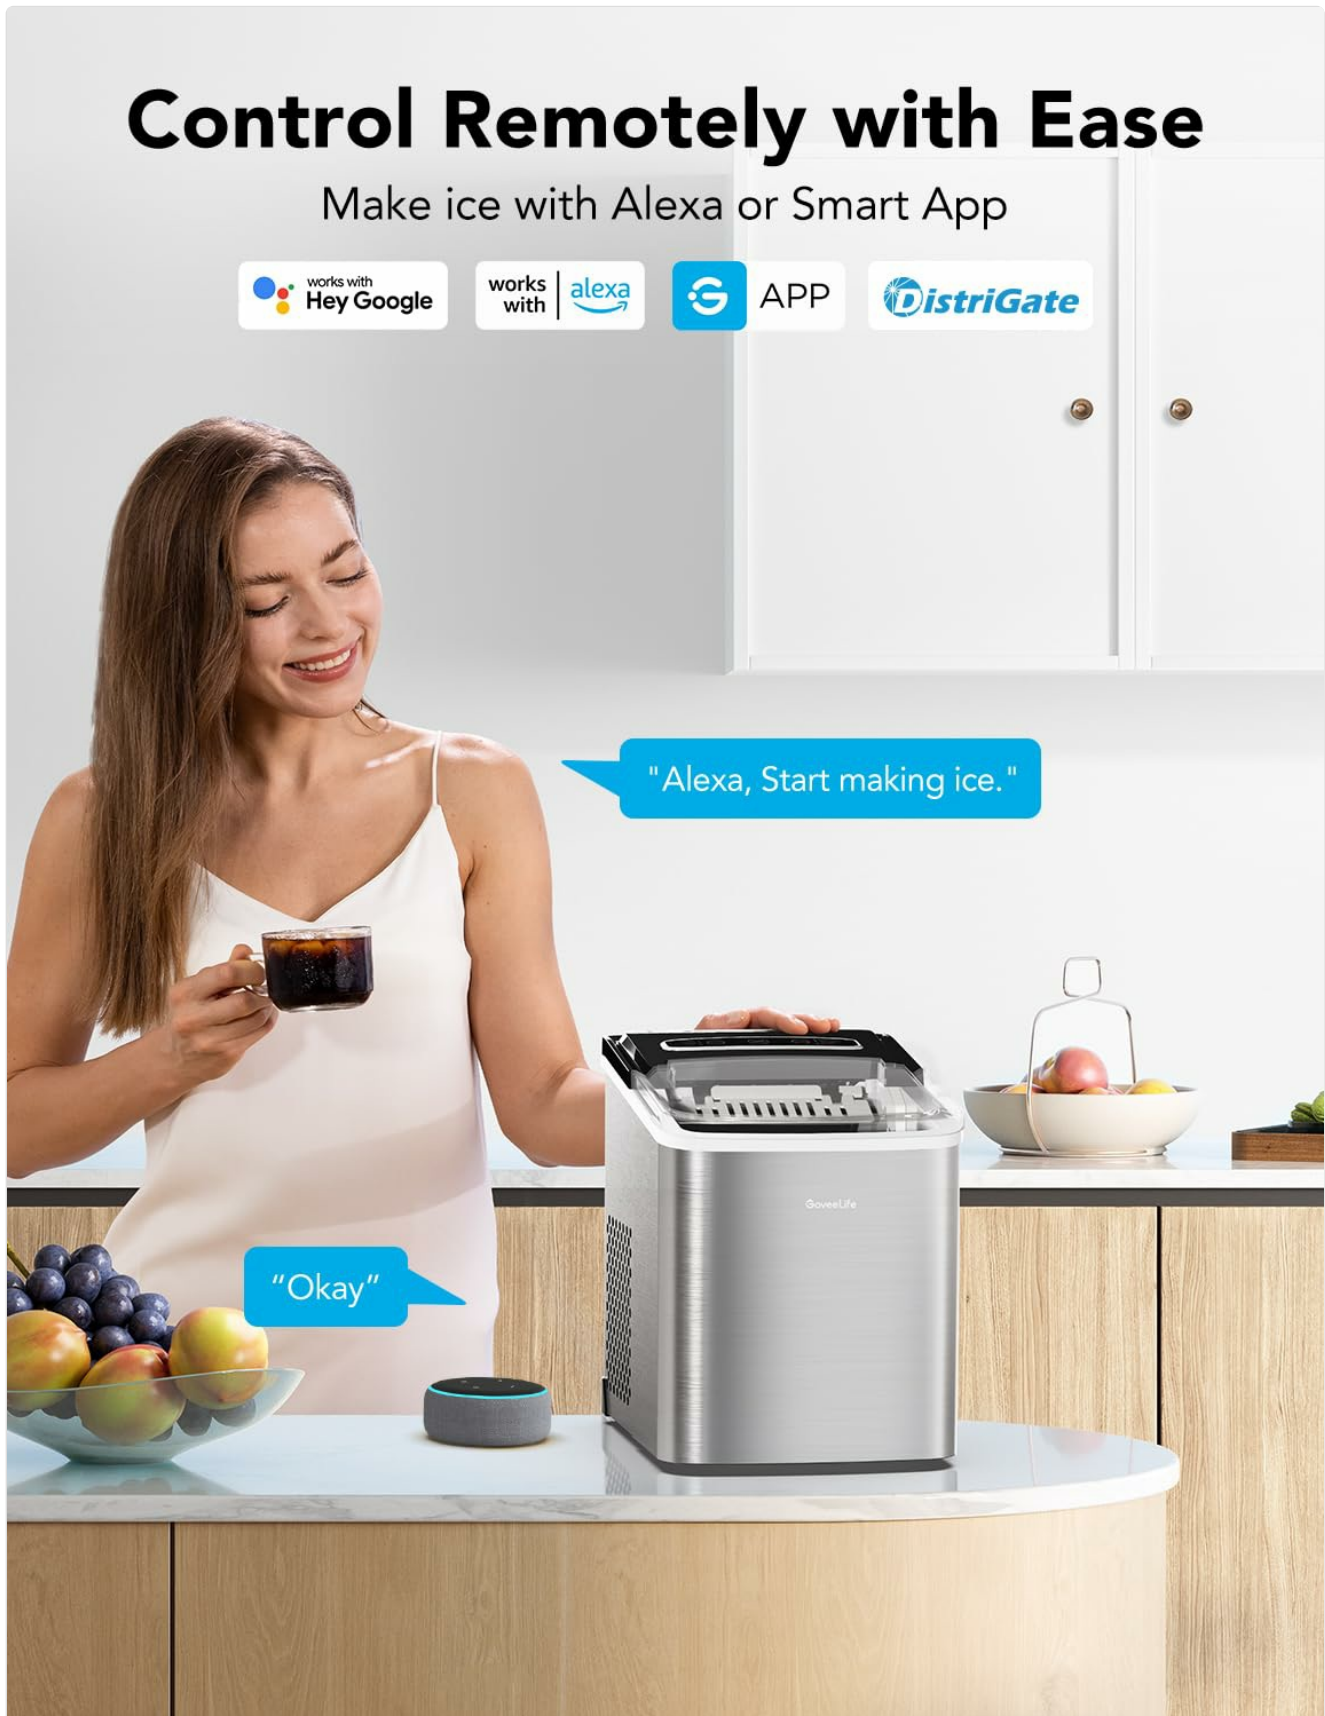

Image 3.1.1: The GoveeLife Ice Maker can be controlled remotely via app or voice commands like Alexa.

6 Minute Ice Making

Efficient and energy-saving

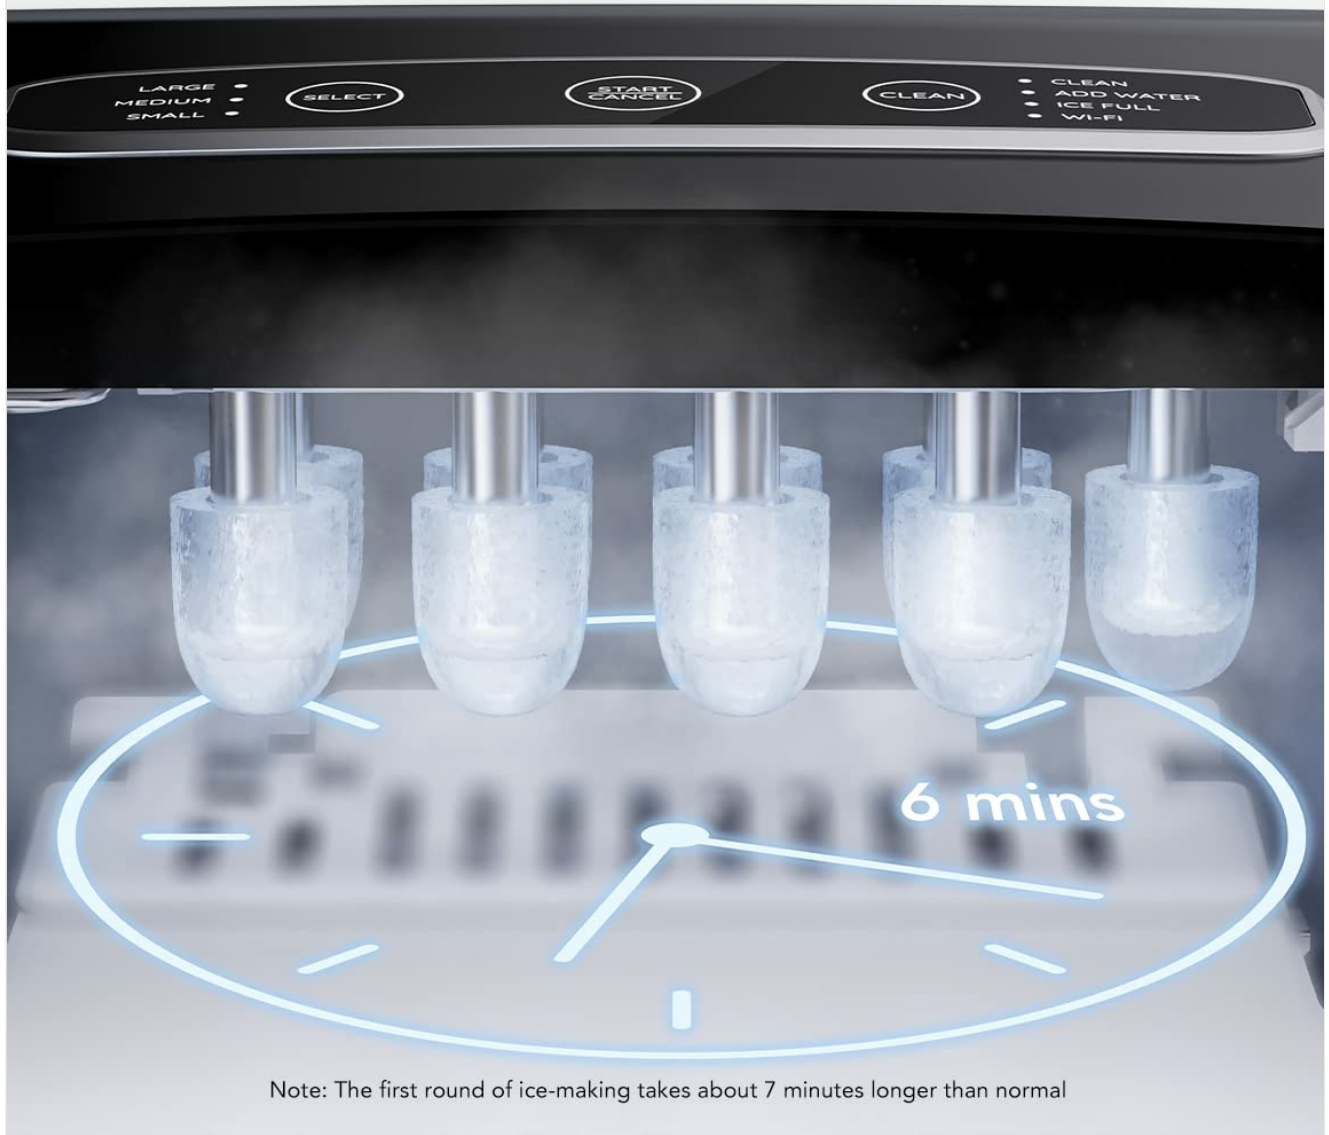

26 Lbs

2L Water Tank

Energy

Note: The first round of ice-making takes about 7 minutes longer than normal

Image 3.1.2: The ice maker produces 9 bullet-shaped ice cubes in approximately 6 minutes, with a daily capacity of 26 lbs.

3 Chewable Sizes

Melts slow and won't stick easily

Small

Medium

Large

Pair with Thermo-Hygrometer

Maintain comfortable humidity with automatic and precise adjustments based on temperature

Supports pairing with GoveeLife Thermo-Hygrometers Sensor transmits indoor humidity data to the humidifier to maintain target humidity.

Image 3.2.2: The humidifier can be paired with a GoveeLife Thermo-hygrometer (not included) for automatic humidity adjustments based on temperature and humidity data.

Hassle-Free Comfort with Auto Mode

$\pm 3\%$
High Precision
Humidistat

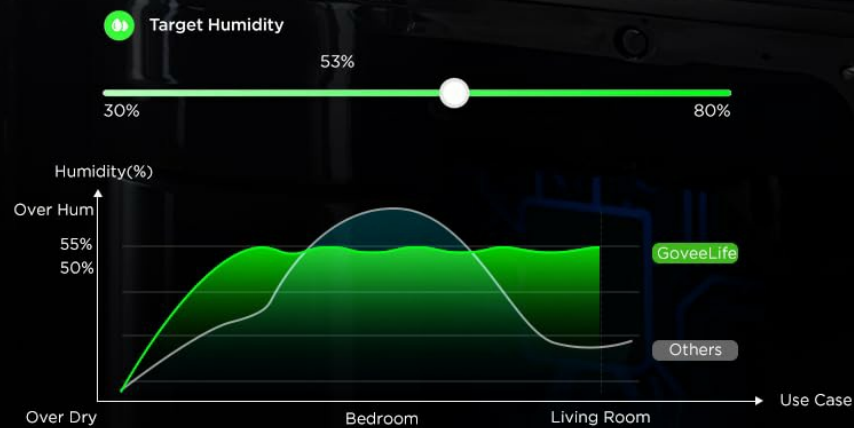

Image 3.2.3: The humidifier features a high-precision humidistat for accurate humidity control in auto mode.

Restful Sleep with Quiet Operation

Display Light Off

Image 3.2.4: The humidifier operates quietly, with noise levels as low as 28 dB, suitable for restful sleep.

4. SETUP

4.1 Ice Maker Setup (H7172)

1. **Unpacking:** Carefully remove the ice maker from its packaging. Ensure all packing materials are removed.
2. **Placement:** Place the ice maker on a flat, stable surface away from direct sunlight and heat sources. Ensure

adequate ventilation around the unit.

3. **Initial Cleaning:** Before first use, clean the interior of the ice maker. Refer to the 'Maintenance' section for detailed cleaning instructions.
4. **Fill Water Tank:** Open the water tank lid and fill with potable water up to the MAX fill line. Do not overfill.
5. **Power Connection:** Plug the power cord into a grounded electrical outlet.

4.2 Smart Humidifier Setup (H7149)

1. **Unpacking:** Remove the humidifier from its packaging and place it on a firm, level, water-resistant surface.
2. **Fill Water Tank:** Remove the water tank from the base. Unscrew the tank cap and fill the tank with clean, cool tap water. Do not use hot water. Securely replace the tank cap and place the tank back onto the base.
3. **Placement:** Position the humidifier in a suitable location, ensuring the mist outlet is not blocked. Keep it away from walls, furniture, and electronics.
4. **Power Connection:** Plug the power cord into a standard electrical outlet.

5. OPERATING INSTRUCTIONS

5.1 Ice Maker Operation (H7172)

1. **Power On:** Press the 'Power' button on the control panel or use the GoveeLife app to turn on the ice maker.
2. **Select Ice Size:** Use the 'SELECT' button on the control panel to choose your desired ice cube size (Small, Medium, Large).
3. **Start Ice Making:** Press the 'START/PAUSE' button to begin the ice-making cycle. The first batch may take slightly longer.
4. **App Control:** Download the GoveeLife app from your smartphone's app store. Follow the in-app instructions to pair your ice maker. The app allows for remote control, scheduling, and provides alerts for full ice basket or low water levels.
5. **Voice Control (Alexa):** Once paired with the GoveeLife app, enable the GoveeLife skill in your Alexa app. You can then use voice commands such as "Alexa, start making ice" to control the device.
6. **Ice Basket Full/Water Shortage Alerts:** The ice maker will alert you via voice, panel indicators, and app notifications when the ice basket is full or the water tank is low.

5.2 Smart Humidifier Operation (H7149)

1. **Power On:** Press the power button on the humidifier or use the GoveeLife app. The LED display will show the current humidity level.
2. **Adjust Mist Level:** Use the control panel buttons or the GoveeLife app to adjust the mist output level.
3. **Auto Mode:** Activate Auto Mode via the GoveeLife app. The humidifier will automatically adjust its output to maintain a preset target humidity level based on its built-in sensor.
4. **App Control:** Download the GoveeLife app and follow the pairing instructions. The app provides access to timer functions, water-lack reminders, customized schedules, and real-time humidity monitoring.
5. **Voice Control (Alexa/Google Home):** Enable the GoveeLife skill/action in your Alexa or Google Home app. Use commands like "Alexa, turn on the humidifier in auto-mode" or "Hey Google, set humidifier to 50% humidity."
6. **Pairing with Thermo-hygrometer:** For enhanced accuracy, pair the humidifier with a GoveeLife Thermo-hygrometer (sold separately) through the GoveeLife app. This allows the humidifier to receive external humidity data for more precise adjustments.

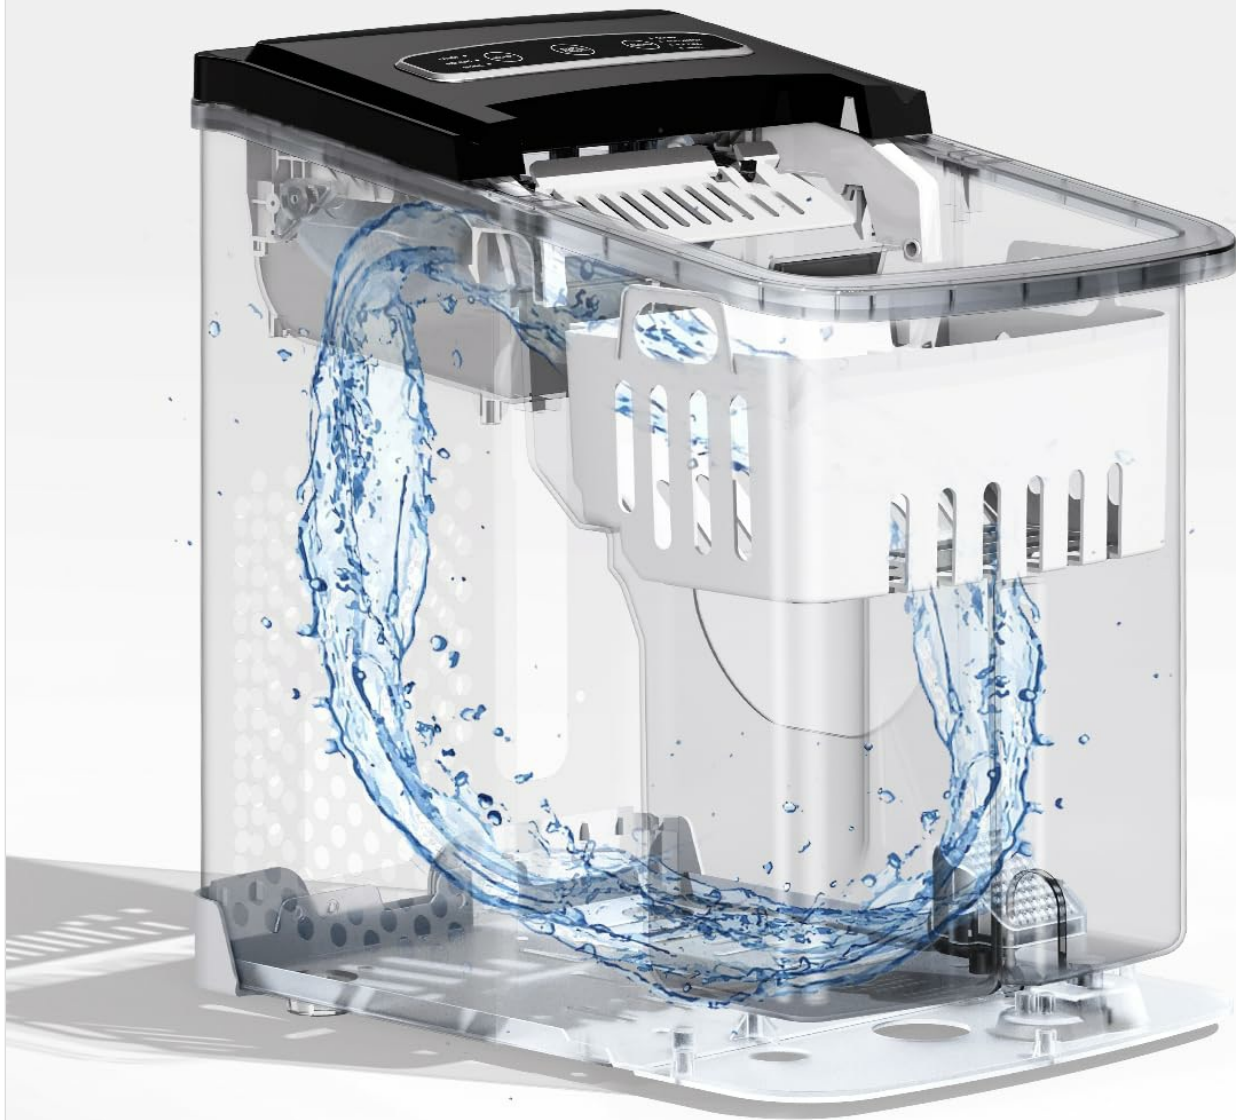

6. MAINTENANCE

6.1 Ice Maker Maintenance (H7172)

1. **Self-Cleaning Function:** The ice maker features an efficient self-cleaning function that cleans automatically in 10 minutes. Refer to the product's specific instructions for activating this mode.
2. **Regular Cleaning:** For thorough cleaning, unplug the unit. Drain any remaining water from the reservoir. Clean the interior with a soft cloth and mild detergent. Rinse thoroughly.
3. **Descaling:** To remove mineral buildup, clean with distilled vinegar or a citric acid descaler. Follow the descaler product's instructions for use.

Efficient Self-Cleaning

Clean automatically in 10 minutes

Tip: Clean with distilled vinegar and citric acid descaler

Image 6.1.1: The ice maker's self-cleaning function circulates water to clean the internal components.

6.2 Smart Humidifier Maintenance (H7149)

1. **Daily Maintenance:** Empty and rinse the water tank and base daily to prevent mineral buildup and bacterial growth.
2. **Weekly Cleaning:** Unplug the humidifier. Remove the water tank. Clean the water tank and base with a soft brush and mild detergent. For mineral deposits, use a solution of white vinegar and water (1:1 ratio) and let it soak for 20 minutes before rinsing.

3. **Air Filter (if applicable):** Check and clean or replace the air filter as per the product's specific instructions.
4. **Storage:** When not in use for extended periods, clean and dry all parts thoroughly before storing in a cool, dry place.

7. TROUBLESHOOTING

7.1 Ice Maker Troubleshooting

Problem	Possible Cause	Solution
Ice maker not producing ice.	No water in reservoir; water pump malfunction; ambient temperature too high.	Fill water reservoir; contact support; ensure proper ventilation.
Ice cubes are too small or clumpy.	Insufficient water; water temperature too high.	Ensure water level is adequate; use cooler water.
"Ice Full" indicator is on, but basket is not full.	Ice sensor is blocked or dirty.	Clean the ice sensor.

7.2 Smart Humidifier Troubleshooting

Problem	Possible Cause	Solution
No mist or low mist output.	Water tank empty; mineral buildup on transducer; mist outlet blocked.	Refill water tank; clean transducer; clear mist outlet.
Unpleasant odor from humidifier.	Stagnant water; dirty water tank/base.	Empty and clean water tank and base regularly. Use fresh water.
Humidifier not connecting to app/Wi-Fi.	Incorrect Wi-Fi password; 5GHz Wi-Fi network; device too far from router.	Verify password; ensure 2.4GHz Wi-Fi; move closer to router.

8. SPECIFICATIONS

8.1 GoveeLife Ice Maker (H7172)

- **Model Name:** H7172
- **Capacity:** 26 Pounds (ice production per 24 hours)
- **Wattage:** 99 watts
- **Ice Making Time:** Approx. 6 minutes per batch (9 cubes)
- **Control:** App Control, Alexa Voice Control

8.2 GoveeLife Smart Humidifier (H7149)

- **Model Name:** H7149
- **Control:** Smart APP & Voice Control (Alexa, Google Home)
- **Connectivity:** 2.4GHz Wi-Fi networks only
- **Features:** Auto Mode, Timer, Water-lack reminders, Customized schedules, LED display

- **Noise Level:** Approximately 28 dB

9. WARRANTY AND SUPPORT

GoveeLife products come with a standard manufacturer's warranty. Please refer to the warranty card included with your purchase or visit the official GoveeLife website for detailed warranty terms and conditions.

For technical support, troubleshooting assistance, or warranty claims, please contact GoveeLife Customer Service through their official website or the GoveeLife app. Provide your model number (H7172 or H7149) and purchase information when contacting support.
