VENTION FHW

VENTION Powerhive Fuel Rod Mini Power Bank User Manual

Model: FHW

PRODUCT OVERVIEW

The VENTION Powerhive Fuel Rod is a compact and portable 5000 mAh mini power bank designed for quick charging of various mobile devices. It features integrated USB-C and Lightning cables, bi-directional fast charging, and an LED display for battery status. Its unique design includes a lanyard for easy portability and a gradient color finish.

SETUP AND INITIAL USE

Before first use, it is recommended to fully charge your Powerhive Fuel Rod. The power bank supports 18W fast charging for itself.

- Charging the Power Bank:** Connect a compatible USB-C power adapter (not included) to the USB-C input port on the power bank. The LED indicators will illuminate to show the charging progress.
- Identifying Ports:** The power bank features built-in Lightning and USB-C cables for output, and a USB-C port for

input/output.

Built-in Fast Charging Cable

Compatible with Apple/Android/Self-charging.

20W_{Max}
Lightning Output

Compatible with
iPhone 8-14 Series

20W_{Max}
USB-C Output

Compatible with
iPhone 15/16 Series/
Android Phones

18W_{Max}
USB-C Input

Suitable for
Self-charging

Note: This product may not be compatible with some fast chargers (e.g., Xiaomi 120W original charger, Apple 20W original charger). Please use our charger first to avoid any charging issues.

OPERATING INSTRUCTIONS

The Powerhive Fuel Rod is designed for convenient and efficient charging of your devices.

• Charging Devices:

- For Apple devices (iPhone 8-14 series): Use the integrated Lightning cable. It provides up to 20W output.
- For iPhone 15 series and Android phones: Use the integrated USB-C cable. It provides up to 20W output.
- Simply plug the appropriate cable into your device, and charging will begin automatically.

• **Checking Battery Level:** The integrated LED display indicates the remaining battery capacity of the power bank. Observe the LED lights to monitor the charging status and remaining power.

• **Bi-directional Fast Charging:** Both charging your mobile phone and recharging the power bank itself can be done

quickly using the same cable type (USB-C).

Wide Compatibility

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your VENTION Powerhive Fuel Rod, follow these maintenance guidelines:

- **Cleaning:** Wipe the power bank with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Portability:** The integrated lanyard allows for easy carrying. Avoid excessive pulling or twisting of the lanyard to prevent damage.
- **Safety Features:** The power bank is equipped with multiple safety mechanisms including short circuit protection, overvoltage protection, over-current protection, deep discharge protection, reverse polarity protection, and overload protection. These features help prevent damage to both the power bank and your connected devices.

Lanyard Design

The charging port is securely connected, making it easy to carry by hand or attach to a bag.

TROUBLESHOOTING

If you encounter issues with your VENTION Powerhive Fuel Rod, refer to the following common troubleshooting steps:

- **Power Bank Not Charging:**

- Ensure the charging cable and power adapter are securely connected and functional.
- Verify the power adapter meets the 18W input requirement for fast charging.
- Check if the LED indicators are showing any activity.

- **Device Not Charging from Power Bank:**

- Confirm the correct built-in cable (Lightning or USB-C) is used for your device.
- Ensure your device's charging port is clean and free of debris.
- Check if the power bank has sufficient charge indicated by the LED display.

- If the power bank's safety protections are triggered (e.g., due to short circuit), it may temporarily stop outputting power. Disconnect and reconnect the device.
- **Slow Charging:**
 - Ensure both the power bank and the device support fast charging protocols.
 - Using non-original or low-quality cables can affect charging speed.

SPECIFICATIONS

Feature	Detail
Brand	VENTION
Model Number	FHW
Battery Capacity	5000 mAh
