HABA Robbi Gelato Ice Cream Stacking Game

Model: 2012195002

Brand: HABA

INTRODUCTION

The HABA Robbi Gelato Ice Cream Stacking Game is a delightful balance game designed to stimulate motor skills, concentration, and dexterity in children. Players take turns stacking ice cream scoops onto Robbi Gelato's tray, aiming to maintain balance and prevent the tower from toppling. This compact game is suitable for children aged 3 and up, offering engaging fun for the whole family.

COMPONENTS

Carefully unpack the game box and ensure all components are present:

- **1 Robbi Gelato Figure:** The seal character with a balancing tray.
- **1 Balancing Tray:** The circular platform that rests on Robbi Gelato's nose.
- **20 Vanilla Ice Cream Scoops:** Yellow, cylindrical pieces.
- **8 Melon Ice Cream Scoops:** Pink, triangular pieces.

SETUP

1. **Prepare the Playing Surface:** Choose a flat, stable surface for playing the game.
2. **Place Robbi Gelato:** Position the Robbi Gelato figure upright in the center of the playing area.
3. **Attach the Tray:** Carefully place the balancing tray onto Robbi Gelato's nose, ensuring it is stable and level.
4. **Arrange Ice Cream Scoops:** Place all vanilla (yellow) and melon (pink) ice cream scoops within easy reach of all players.

OPERATING (HOW TO PLAY)

The objective of the game is to stack ice cream scoops onto Robbi Gelato's tray without causing the tower to collapse. Players take turns adding scoops, testing their dexterity and strategic placement.

1. **Starting the Game:** The youngest player typically goes first, or players can decide on a starting player.
2. **Taking a Turn:** On your turn, select one ice cream scoop (either vanilla or melon) from the available pieces.
3. **Stacking:** Carefully place the chosen ice cream scoop onto the balancing tray, or on top of previously stacked scoops. You may use only one hand to place the scoop.
4. **Maintaining Balance:** The goal is to place the scoop without any other scoops falling off the tray or the entire structure collapsing.
5. **End of Turn:** Once the scoop is placed and the structure remains stable, your turn ends, and play passes to the next player.
6. **Game End:** The game continues until a player causes any ice cream scoops or the entire structure to fall. That player is typically out of the round, or the game ends, and the player who successfully placed the last scoop wins the round. Specific rules for winning or losing can be adapted by players.

MAINTENANCE

- **Cleaning:** Wipe game pieces with a dry or slightly damp cloth. Do not immerse in water.
- **Storage:** Store all game components in their original box in a dry place, away from direct sunlight and extreme temperatures, to prevent warping or damage to the wood and cardboard materials.
- **Inspection:** Periodically check all pieces for wear and tear. Discard any broken or damaged pieces to prevent injury.

TROUBLESHOOTING

This game is designed for simplicity. Most issues relate to gameplay rather than product malfunction.

- **Game Too Difficult:** For younger children, start with fewer ice cream scoops or allow them to use two hands for stacking.
- **Game Too Easy:** For older children or more experienced players, introduce house rules such as stacking only specific colors, or requiring players to close their eyes briefly before placing a scoop.
- **Pieces Not Balancing:** Ensure the playing surface is completely flat and stable. Check that the balancing tray is

correctly seated on Robbi Gelato's nose.
