## MISTBUY 1452PCS

# MISTBUY WW2 Army Tank Building Set (1452 Pieces) Instruction Manual

Model: 1452PCS

## 1. Introduction

This manual provides detailed instructions for assembling and operating your MISTBUY WW2 Army Tank Building Set. This set allows you to construct a comprehensive World War II battlefield scene, featuring two US army tanks (Sherman and Stuart), a military base, a towed M114 155mm howitzer, a motorcycle, and various military accessories. Please read these instructions carefully before beginning assembly.

## 2. Safety Information

**WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.**

This product contains small parts which may pose a choking hazard. Adult supervision is recommended during assembly and play, especially for younger children. Keep all packaging materials away from children.

## 3. Package Contents

Before beginning assembly, please verify that all components are present and undamaged. Refer to the image below for a visual overview of the contents.

- Instruction Manual
- 1452 building blocks (various shapes and sizes)
- Components for US Sherman Tank
- Components for US Stuart Tank
- Components for Military Base
- Components for M114 155mm Towed Howitzer
- Components for Motorcycle
- Various weapons and accessories (e.g., sandbags, shovels, rifles)

*Image 3.1: An overview of the MISTBUY WW2 Army Tank Building Set's 1452 pieces, including two green tanks, a grey and brown military base, a green motorcycle, a green towed howitzer, and a wide array of black and grey miniature weapons and tools.*

## 4. Assembly Instructions

Follow the step-by-step diagrams provided in the included physical instruction manual for detailed assembly. The general process involves building the main structures first, then adding details and accessories. Ensure all connections are firm.

### 4.1. Prepare Your Workspace

Clear a flat, well-lit surface. Open all bags containing building blocks and sort them by color or type to facilitate assembly. This will help in quickly locating the necessary pieces for each step.

### 4.2. Assemble the US Sherman Tank

Begin by constructing the chassis and tracks of the Sherman tank. Proceed to build the main body, turret, and gun. Ensure all parts are securely connected. The turret is designed to rotate for dynamic play.

*Image 4.2.1: The assembled US M4 Sherman Tank (left) and M3A1 Stuart Tank (right). Both tanks are green with white star markings, featuring detailed tracks and turrets.*

*Image 4.2.2: Detail of a tank turret, highlighting its rotating capability. The turret can be manually turned to aim the main gun.*

### 4.3. Assemble the US Stuart Tank

Follow similar steps to assemble the Stuart tank, focusing on its distinct chassis, tracks, and turret design. This tank also features an opening hatch for enhanced realism.

*Image 4.3.1: Detail of a tank's opening hatch, demonstrating its functional design for interactive play.*

### 4.4. Construct the Military Base

Assemble the military base structure, paying attention to details like crumbling walls and interior elements. The base includes a lamp post and various architectural features to create an authentic WWII setting.

*Image 4.4.1: The assembled military base, featuring a damaged building structure, a green motorcycle with sidecar, and a green towed howitzer.*

*Image 4.4.2: Detailed interior of the military base, showcasing a small storage area with miniature weapons, adding to the realism.*

### 4.5. Assemble the Howitzer and Motorcycle

Build the M114 155mm towed howitzer, ensuring its wheels and firing mechanism are correctly assembled. Construct the motorcycle, including its sidecar, as per the instructions.

### 4.6. Organize Weapons and Accessories

Assemble the various miniature weapons and accessories, such as rifles, shovels, and sandbags. These can be strategically placed to enhance the battlefield scene and provide additional play options.

*Image 4.6.1: A comprehensive collection of miniature combat gear, featuring over 40 pieces including firearms, melee weapons, tools, and defensive barriers like sandbags.*

## 5. Operating Instructions

Once assembled, the building set is ready for interactive play. The following features are designed for engagement:

- **Tank Movement**: The tracks on the Sherman and Stuart tanks are designed to roll, allowing for manual movement across surfaces.
- **Turret Rotation**: The turrets on both tanks can be manually rotated 360 degrees to aim at targets, simulating combat scenarios.
- **Hatch Operation**: The Stuart tank features an opening hatch, allowing for placement of miniature figures (not included) or for inspection.
- **Howitzer Positioning**: The towed howitzer can be positioned and aimed, with its wheels allowing for movement.
- **Scenario Creation**: Use the military base, motorcycle, and various weapons to create diverse World War II battle scenarios, encouraging imaginative play.

## 6. Maintenance

Proper care and maintenance will ensure the longevity of your building set.

- **Cleaning**: To clean the building blocks, wipe them gently with a dry or slightly damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive water, as these may damage the plastic or paint.
- **Storage**: Store the assembled models or disassembled blocks in a cool, dry place away from direct sunlight. Prolonged exposure to sunlight can cause discoloration or warping of plastic components.
- **Disassembly**: If disassembling the set for storage, keep small parts organized in separate containers to prevent loss and facilitate future reassembly.

## 7. Troubleshooting

If you encounter any issues during assembly or play, please refer to the following common solutions:

- **Missing Pieces**: If you find any missing pieces upon opening the package, please contact MISTBUY customer support with details of the missing parts and your purchase information.
- **Difficulty Assembling**: Refer to the detailed diagrams in the physical instruction manual. Ensure all pieces are oriented correctly and pressed firmly into place. Sometimes, a small amount of force is required for a secure connection.
- **Parts Not Staying Together**: Check for correct piece placement. If a piece appears damaged or does not fit properly, it may be defective. Contact customer support for a replacement if necessary.

## 8. Specifications

| Feature | Detail |
|---|---|
| Brand | MISTBUY |
| Model | 1452PCS |
| Product Dimensions | 11 x 8 x 3.3 inches |
